## TITLE AND TERM OF THE PRESIDENT.

The address of the President is simply "The President of the United States." In the First Congress, there was debate over a title and it was proposed by some members that he be addressed as "His Excellency" and by others as "His Highness," but a committee reported that "it is not proper to annex any style or title other than that expressed in the Constitution." In the Constitutional Convention the first report fixed the term of office at seven years without eligibility to re-election. In debate various periods from "during good behavior" to twenty years were favored. The limit to four years was finally adopted in grand committee and ratified by the convention.

## THE PRESIDENTIAL SUCCESSION.

The Presidential succession is fixed by chapter 4 of the acts of the Forty-ninth Congress, first session. In case of the removal, death, resignation, or inability of both the President and Vice-President, then the Secretary of State shall act as President until the disability of the President or Vice-President is removed or a President is elected. If there be no Secretary of State, then the Secretary of the Treasury will act; and the remainder of the order of succession is as follows: The Secretary of War, Attorney-General, Postmaster-General, Secretary of the Navy, and Secretary of the Interior. The acting President must, upon taking office, convene Congress, if not at the time in session, in extraordinary session, giving twenty days' notice. This act applies only to such Cabinet officers as shall have been confirmed by the Senate and are eligible under the Constitution to the Presidency.

## POPULAR AND ELECTORAL VOTE FOR PRESIDENT IN 1912.

\*Unofficial reports in newspapers gave the following figures for certain of the questions and amendments: Question No. 1, ayes, 9,757; nays, 14,711; Amendment No. 1, ayes, 9,120; nays, 15,274; Proposition No. 1, ayes, 10,035; nays, 10,404. Official count delayed on account of court proceedings.

### THE INTERCOLLEGIATE PROHIBITION ASSOCIATION.

This association was incorporated in 1901, is organized in 230 colleges and universities, and has an enrolled membership of 6,500. It conducts journalistic contests among colleges, preparing students to collect and write news related to the reform, to get into touch with the news organs, and to learn the value of publicity to this and other movements for social betterment. *President*—D. Leigh Colvin, New York City. *Secretary*—Harry S. Warner, 156 W. Washington Street, Chicago, Ill. *Treasurer*—Dr. Samuel Dickie, President of Albion College, Albion, Mich. The official organ is *The Intercollegiate Statesman*.

## PORTO RICO.

Governor, Arthur Yager; Secretary, Martin Travieso, Jr.; Treasurer, .....; Auditor, J. W. Bonner; Attorney-General, Howard L. Kern; Commissioner of Education, Paul G. Miller; Commissioner of the Interior, Manuel V. Domenech; Resident Commissioner of Territory at Washington, Louis Muñoz Rivera.

Judiciary—Chief Justice, José C. Hernandez; Justices, Emilio del Toro, Adolph G. Wolf, Pedro de Aldrey, and Harvey M. Hutchison; U. S. District Judge, Peter J. Hamilton; U. S. District-Attorney, Miles M. Martin.

The Insular Legislature consists of an upper and a lower house. The lower house is the elective branch and has 35 members, five from each of seven districts. Nineteen belong to the Unionist party and 16 to the Republican party. The Legislature sits for sixty days each year, the sessions beginning on the second Monday in February.

## FIRE DEPARTMENT NEW YORK CITY.

Fire Commissioner Adamson in his annual report of 1914 gives some interesting figures on the size of New York City, the location of fires, and the causes of them. The total value of property protected by the department is stated as \$10,264,050,715 and the number of buildings in the city as 375,037, divided as follows:

|                              |         |                                                        |        |                              |        |
|------------------------------|---------|--------------------------------------------------------|--------|------------------------------|--------|
| Tenements.....               | 100,504 | Office buildings.....                                  | 1,169  | Theatres.....                | 229    |
| One-family houses.....       | 150,723 | Factory buildings.....                                 | 5,290  | Number of fires last year... | 14,425 |
| Two-family houses.....       | 75,195  | Stables and garages.....                               | 14,283 | Number in dwelling places... | 9,243  |
| Hotels and elevator aparts.. | 2,747   | Special structures, moving pictures, taxpayers, etc... | 15,115 | Number in other buildings... | 2,768  |
| Warehouses.....              | 9,782   |                                                        |        | Number outside of buildings  | 2,414  |

## Some causes of fires given by Fire Marshals:

|                                                              |             |                                              |             |                                               |             |
|--------------------------------------------------------------|-------------|----------------------------------------------|-------------|-----------------------------------------------|-------------|
| Carelessness with cigars, cigarettes, and smoking pipes..... | 1,342 fires | Children playing with matches or fire.....   | 755 fires   | Defective insulation.....                     | 472 fires   |
| Careless use of candles and tapers.....                      | 523 fires   | Careless use of matches.....                 | 1,248 fires | Hot ashes igniting wood-work.....             | 90 fires    |
|                                                              |             | Overheated stoves, boilers, ranges, etc..... | 958 fires   | Bonfires, brush fires, and rubbish fires..... | 1,491 fires |

## National Platforms of Political Parties in 1912.

## NATIONAL PLATFORM OF THE DEMOCRATIC PARTY ADOPTED AT BALTIMORE, MD., JULY 2, 1912.

We, the representatives of the Democratic party of the United States, in national convention assembled, reaffirm our devotion to the principles of Democratic government formulated by Thomas Jefferson and enforced by a long and illustrious line of Democratic Presidents.

**Tariff Reform.**—We declare it to be a fundamental principle of the Democratic party that the Federal Government, under the Constitution, has no right or power to impose or collect tariff duties except for the purpose of revenue, and we demand that the collection of such taxes shall be limited to the necessities of government, honestly and economically administered.

The high Republican tariff is the principal cause of the unequal distribution of wealth; it is a system of taxation which makes the rich richer and the poor poorer; under its operations the American farmer and the laboring man are the chief sufferers; it raises the cost of the necessities of life to them, but does not protect their product or wages. The farmer sells largely in free markets and buys almost entirely in the protected markets. In the most highly protected industries, such as cotton and wool, steel and iron, the wages of the laborers are the lowest paid in any of our industries. We denounce the Republican pretence on that subject and assert that American wages are established by competitive conditions and not by the tariff.

We favor the immediate downward revision of the existing high and, in many cases, prohibitive tariff duties, insisting that material reductions be speedily made upon the necessities of life. Articles entering into competition with trust-controlled products and articles of American manufacture which are sold abroad more cheaply than at home, should be put upon the free list.

We recognize that our system of tariff taxation is intimately connected with the business of the country, and we favor the ultimate attainment of the principles we advocate by legislation that will not injure or destroy legitimate industry.

We denounce the action of President Taft in vetoing the bills to reduce the tariff in the cotton, woolen, metals and chemical schedules and the farmers' free list bill, all of which were designed to give immediate relief to the masses from the exactions of the trusts.

The Republican party, while promising tariff revision, has shown by its tariff legislation that such revision is not to be in the people's interest, and, having been faithless to its pledges of 1908, it should no longer enjoy the confidence of the Nation. We appeal to the American people to support us in our demand for a tariff for revenue only.

**High Cost of Living.**—The high cost of living is a serious problem in every American home. The Republican party in its platform attempts to escape from responsibility for present conditions by denying that they are due to a protective tariff. We take issue with them on this subject and charge that excessive prices result in a large measure from the high tariff laws enacted and maintained by the Republican party and from trusts and commercial conspiracies fostered and encouraged by such laws, and we assert that no substantial relief can be secured for the people until import duties on the necessities of life are materially reduced and these criminal conspiracies broken up.

**Anti-Trust Law.**—A private monopoly is indefensible and intolerable. We therefore favor the vigorous enforcement of the criminal as well as the civil law against trusts and trust officials, and demand the enactment of such additional legislation as may be necessary to make it impossible for a private monopoly to exist in the United States.

We favor the declaration by law of the conditions upon which corporations shall be permitted to engage in interstate trade, including, among others, the prevention of holding companies, of interlocking directors, of stock watering, of discrimination in price, and the control by any one corporation of so large a proportion of any industry as to make it a menace to competitive conditions.

We condemn the action of the Republican Administration in compromising with the Standard Oil Company and the Tobacco Trust and its failure to invoke the criminal provisions of the anti-trust law against the officers of those corporations after the court had declared that, from the undisputed facts in the record, they had violated the criminal provisions of the law.

We regret that the Sherman Anti-Trust law has received a judicial construction depriving it of much of its efficacy, and we favor the enactment of legislation which will restore to the statute the strength of which it has been deprived by such interpretation.

**Rights of the States.**—We believe in the preservation and maintenance in their full strength and integrity of the three co-ordinate branches of the Federal Government—the executive, the legislative, and the judicial—each keeping within its own bounds, and not encroaching upon the just powers of either of the others.

Believing that the most efficient results under our system of government are to be attained by the full exercise by the States of their reserved sovereign powers, we denounce as usurpation the efforts of our opponents to deprive the States of any of the rights reserved to them, and to enlarge and magnify by indirection the powers of the Federal Government.

We insist upon the full exercise of all the powers of the Government, both State and National, to protect the people from injustice at the hands of those who seek to make the Government a private asset in business. There is no twilight zone between the Nation and the State in which exploiting interests can take refuge from both. It is as necessary that the Federal Government shall extend the powers reserved to them, but we insist that Federal remedies for the regulation of interstate commerce and for the prevention of private monopoly shall be added to, and not substituted for, State remedies.

**Income Tax and Popular Election of Senators.**—We congratulate the country upon the triumph of two important reforms demanded in the last National platform, namely, the amendment of the Federal Constitution authorizing an income tax and the amendment providing for the popular election of Senators, and we call upon the people of all the States to rally to the support of the pending propositions and secure their ratification.

**Publicity of Campaign Contributions.**—We note with gratification the unanimous sentiment in favor of publicity before the election of campaign contributions—a measure demanded in our National platform of 1908, and at that time opposed by the Republican party, and we commend the Democratic House of Representatives for extending the doctrine of publicity to recommendations, verbal and written, upon which Presidential appointments are made, to the ownership and control of newspapers and to the expenditures made by and in behalf of those who aspire to Presidential nominations, and we point for additional justification for this legislation to the enormous expenditures of money in behalf of the President and his predecessor in the recent Presidential contest for the Republican nomination for President.

**Presidential Primaries.**—The movement toward more popular government should be promoted, through legislation in each State which will permit the expression of the preference of the electors for National candidates at Presidential primaries.

We direct that the National Committee incorporate in the call for the next nominating convention a requirement that all expressions of preference for Presidential candidates shall be given and the selection of delegates and alternates made through a primary election conducted by the

party organization in each State where such expression and election are not provided for by State law. Committeemen who are hereafter to constitute the membership of the Democratic National Committee, and whose election is not provided for by law, shall be chosen in each State at such primary elections, and the service and authority of committeemen, however chosen, shall begin immediately upon the receipt of their credentials, respectively.

**Campaign Contributions**—We pledge the Democratic party to the enactment of a law prohibiting any corporation from contributing to a campaign fund and any individual from contributing any amount above a reasonable maximum.

**Term of President**—We favor a single Presidential term, and to that end urge the adoption of an amendment to the Constitution making the President of the United States ineligible for re-election, and we pledge the candidate of this convention to this principle.

**Record of the Democratic Congress**—At this time, when the Republican party after a generation of unlimited power in its control of the Federal Government, is rent into factions, it is opportune to point to the record of accomplishment of the Democratic House of Representatives in the Sixty-second Congress. We indorse its action and we challenge comparison of its record with that of any Congress which has been controlled by our opponents.

We call the attention of the patriotic citizens of our country to its record of efficiency, economy and constructive legislation.

It has, among other achievements, revised the rules of the House of Representatives so as to give to the representatives of the American people freedom of speech and of action in advocating, proposing, and perfecting remedial legislation. It has passed bills for the relief of the people and the development of our country; it has endeavored to revise the tariff taxes downward in the interest of the consuming masses and thus to reduce the high cost of living; it has proposed an amendment to the Federal Constitution providing for the election of United States Senators by the direct vote of the people; it has secured the admission of Arizona and New Mexico as two sovereign States; it has required the publicity of campaign expenses, both before and after election, and fixed a limit upon the election expenses of United States Senators and Representatives.

It has also passed a bill to prevent the abuse of the writ of injunction; it has passed a law establishing an eight-hour day for workmen on all National public works; it has passed a resolution which forced the President to take immediate steps to abrogate the Russian treaty, and it has passed the great supply bills which lessen waste and extravagance and which reduce the annual expenses of the Government by many millions of dollars.

We approve the measure reported by the Democratic leaders in the House of Representatives for the creation of Council of a National Defence which will determine a definite naval programme with a view to increasing efficiency and economy. The party that proclaimed and has always enforced the Monroe Doctrine and was sponsor for the new navy will continue faithfully to observe the constitutional requirements to provide and maintain an adequate and well-proportioned navy sufficient to defend American policies, protect our citizens, and uphold the honor and dignity of the Nation.

**Republican Extravagance**—We denounce the profligate waste of money wrung from the people by oppressive taxation through the lavish appropriations of recent Republican Congresses, which have kept taxes high and reduced the purchasing power of the people's toil. We demand a return to that simplicity and economy which befits a democratic government and a reduction in the number of useless offices, the salaries of which drain the substance of the people.

**Railroad, Express Companies, Telegraph and Telephone Lines**—We favor the efficient supervision and rate regulation of railroads, express companies, telegraph and telephone lines engaged in interstate commerce. To this end we recommend the valuation of railroads, express companies, telegraph and telephone lines by the Interstate Commerce Commission, such valuation to take into consideration the physical value of the property, the original cost, the cost or reproduction, and any element of value that will render the valuation fair and just.

We favor such legislation as will effectually prohibit the railroads, express, telegraph and telephone companies from engaging in business which brings them into competition with the shippers or patrons, also legislation preventing the overissue of stocks and bonds by interstate railroads, express companies, telegraph and telephone lines, and legislation which will assure such reduction in transportation rates as conditions will permit, care being taken to avoid reduction that would compel a reduction of wages, prevent adequate service, or do injustice to legitimate investments.

**Banking Legislation**—We oppose the so-called Aldrich bill, or the establishment of a Central bank, and we believe the people of the country will be largely freed from panics and consequent unemployment and business depression by such a systematic revision of our banking laws as will render temporary relief in localities where such relief is needed, with protection from control or domination by what is known as the Money Trust.

Banks exist for the accommodation of the public and not for the control of business. All legislation on the subject of banking and currency should have for its purpose the securing of these accommodations on terms of absolute security to the public and of complete protection from the misuse of the power that wealth gives to those who possess it.

We condemn the present methods of depositing Government funds in a few favored banks, largely situated in or controlled by Wall Street, in return for political favors, and we pledge our party to provide by law for their deposit by competitive bidding in the banking institutions of the country, National and State, without discrimination as to locality upon approved securities, and subject to call by the Government.

**Rural Credits**—Of equal importance with the question of currency reform is the question of rural credits or agricultural finance. Therefore we recommend that an investigation of agricultural credit societies in foreign countries be made, so that it may be ascertained whether a system of rural credits may be devised suitable to conditions in the United States, and we also favor legislation permitting National banks to loan a reasonable proportion of their funds on real estate security.

We recognize the value of vocational education, and urge Federal appropriations for such training and extension teaching in agricultural co-operation with the several States.

**Waterways**—We renew the declaration in our last platform relating to the conservation of our natural resources, and the development of our waterways. The present devastation of the lower Mississippi Valley accentuates the movement for the regulation of river flow by additional bank and levee protection below, and the diversion, storage, and control of the flood waters above, and their utilization for beneficial purposes in the reclamation of arid and swamp lands, and development of waterpower, instead of permitting the floods to continue as heretofore, agents of destruction.

We hold that the control of the Mississippi River is a National problem; the preservation of the depth of its waters for the purpose of navigation, the building of levees to maintain the integrity of its channel, and the prevention of the overflow of the land and its consequent devastation, resulting in the interruption of interstate commerce, the disorganization of the mail service and the enormous loss of life and property, impose an obligation which alone can be discharged by the general government.

To maintain an adequate depth of water the entire year, and thereby encourage water transportation, is a consummation worthy of legislative attention and presents an issue National in its

character. It calls for prompt action on the part of Congress, and the Democratic party pledges itself to the enactment of legislation leading to that end.

We favor the co-operation of the United States and the respective States in plans for the comprehensive treatment of all waterways, with a view of co-ordinating plans for channel improvement with plans for drainage of swamps and overflowed lands, and to this end we favor the appropriation by the Federal Government of sufficient funds to make surveys of such lands, to develop plans for drainage of such lands, and to supervise the work of construction.

We favor the adoption of a liberal and comprehensive plan for the development and improvement of our inland waterways, with economy and efficiency, so as to permit their navigation by vessels of standard draught.

**Post Roads.**—We favor National aid to State and local authorities in the construction and maintenance of post roads.

**Rights of Labor.**—We repeat our declarations of the platform of 1908, as follows:

"The courts of justice are the bulwarks of our liberties, and we yield to none in our purpose to maintain their dignity. Our party has given to the bench a long line of distinguished justices who have added to the respect and confidence in which this department must be jealously maintained. We resent the attempt of the Republican party to raise a false issue respecting the judiciary. It is an unjust reflection upon a great body of our citizens to assume that they lack respect for the courts.

"It is the function of the courts to interpret the laws which the people enact, and if the laws appear to work economical, social or political injustice, it is our duty to change them. The only basis upon which the integrity of our courts can stand is that of unswerving justice and protection of life, personal liberty and property. If judicial processes may be abused, we should guard them against abuse.

"Experience has proved the necessity of a modification of the present law relating to injunction, and we reiterate the pledges of our platforms of 1896 and 1904 in favor of a measure which passed the United States Senate in 1896, relating to contempt in Federal Courts and providing for trial by jury in cases of indirect contempt.

"Questions of judicial practice have arisen, especially in connection with industrial disputes. We believe that the parties to all judicial proceedings should be treated with rigid impartiality and that injunctions should not be issued in any case in which an injunction would not issue if no industrial dispute were involved.

"The expanding organization of industry makes it essential that there should be no abridgment of the right of the wage-earners and the producers to organize for the protection of wages and the improvement of labor conditions, to the end that such labor organizations and their members should not be regarded as illegal combinations in restraint of trade."

We pledge the Democratic party to the enactment of a law creating a Department of Labor, represented separately in the President's Cabinet, in which department shall be included the subject of mines and mining.

We pledge the Democratic party, so far as the Federal jurisdiction extends, to an employees' compensation law providing adequate indemnity for injury to body or loss of life.

**Conservation of National Resources.**—We believe in the conservation and the development, for the use of all the people, of the natural resources of the country. Our forests, our sources of water supply, our arable and our mineral lands, our navigable streams, and all the other material resources with which our country has been so lavishly endowed, constitute the foundation of our National wealth. Such additional legislation as may be necessary to prevent their being wasted or absorbed by special or privileged interests should be enacted and the policy of their conservation should be rigidly adhered to.

The public domain should be administered and disposed of with due regard to the general welfare. Reservations should be limited to the purposes which they purport to serve and not extended to include land wholly unsuited therefor. The unnecessary withdrawal from sale and settlement of enormous tracts of public land, upon which tree growth never existed and cannot be promoted, tends only to retard development, create discontent, and bring reproach upon the policy of conservation.

**The Public Lands.**—The public land laws should be administered in a spirit of the broadest liberality toward the settler exhibiting a bona fide purpose to comply therewith, to the end that the invitation of this Government to the landless should be as attractive as possible; and the plain provisions of the forest reserve act permitting homestead entries to be made within the National forests should not be nullified by administrative regulations which amount to a withdrawal of great areas of the same from settlement.

Immediate action should be taken by Congress to make available the vast and valuable coal deposits of Alaska under conditions that will be a perfect guaranty against their falling into the hands of monopoly, mining corporations, associations, or interests.

**Our Mineral Resources.**—We rejoice in the inheritance of mineral resources unequalled in extent, variety or value, and in the development of a mining industry unequalled in its magnitude and importance. We honor the men who, in their hazardous toil underground, daily risk their lives in extracting and preparing for our use the products of the mines, so essential to the industries, the commerce, and the comfort of the people of this country. And we pledge ourselves to the extension of the work of the Bureau of Mines in every way appropriate for National legislation, with a view of safeguarding the lives of the miners, lessening the waste of essential resources, and promoting the economic development of mining, which, along with agriculture, must in the future even more than in the past, serve as the very foundation of our National prosperity and welfare and our international commerce.

**Agriculture.**—We believe in encouraging the development of a modern system of agriculture and a systematic effort to improve the conditions of trade in farm products so as to benefit both the consumers and the producers. And as an efficient means to this end we favor the enactment by Congress of legislation that will suppress the pernicious practice of gambling in agricultural products by organized exchanges or others.

**Merchant Marine.**—We believe in fostering by constitutional regulation of commerce the growth of a merchant marine, which shall develop and strengthen the commercial ties which bind us to our sister republics to the South, but without imposing additional burdens upon the people and without bounties or subsidies from the public treasury.

We urge upon Congress the speedy enactment of laws for the greater security of life and property at sea, and favor the repeal of all laws and the abrogation of so much of our treaties with other nations as provide for the arrest and imprisonment of seamen charged with desertion or with violation of their contract of service. Such laws and treaties are un-American, and violate the spirit, if not the letter, of the Constitution of the United States.

**Panama Canal.**—We favor the exemption from tolls of American ships engaged in coastwise trade passing through the Panama Canal.

We also favor legislation forbidding the use of the Panama Canal by ships owned or controlled by railroad carriers engaged in transportation competitive with the canal.

**Pure Food and Public Health.**—We reaffirm our previous declarations advocating the

union and strengthening of the various governmental agencies relating to pure foods, quarantine, statistics and human health. Thus united and administered without partiality to or discrimination against any school of medicine or system of healing, they would constitute a single health service, not subordinated to any commercial or financial interest, but devoted exclusively to the conservation of human life and efficiency. Moreover, this health service should co-operate with the health agencies of our various States and cities without interference with their prerogatives, or with the freedom of individuals to employ such medical or hygienic aid as they may see fit.

**Civil Service Law.**—The law pertaining to the civil service should be honestly and rigidly enforced to the end that merit and ability should be the standard of appointment and promotion rather than service rendered to a political party; and we favor a reorganization of the civil service with adequate compensation commensurate with the class of work performed for all officers and employés; we also favor the extension to all classes of civil service employés of the benefits of the provisions of the Employers' Liability act; we also recognize the right of direct petition to Congress by employés for the redress of grievances.

**Law Reform.**—We recognize the urgent need of reform in the administration of civil and criminal law in the United States, and we recommend the enactment of such legislation and the promotion of such measures as will rid the present legal system of the delays, expense and uncertainties incident to the system as now administered.

**The Philippines.**—We reaffirm the position thrice announced by the Democracy in national convention assembled against a policy of imperialism and colonial exploitation in the Philippines or elsewhere. We condemn the experiment in imperialism as an inexcusable blunder which has involved us in enormous expense, brought us weakness instead of strength, and laid our Nation open to the charge of abandonment of the fundamental doctrine of self-government.

We favor an immediate declaration of the Nation's purpose to recognize the independence of the Philippine Islands as soon as a stable government can be established, such independence to be guaranteed by us until the neutralization of the islands can be secured by treaty with other powers. In recognizing the independence of the Philippines, our Government should retain such land as may be necessary for coaling stations and naval bases.

**Arizona and New Mexico.**—We welcome Arizona and New Mexico to the sisterhood of States, and heartily congratulate them upon their auspicious beginning of great and glorious careers.

**Alaska.**—We demand for the people of Alaska the full enjoyment of the rights and privileges of a territorial form of government, and we believe that the officials appointed to administer the Government of all our Territories and the District of Columbia should be qualified by previous bona fide residence.

**The Russian Treaty.**—We commend the patriotism of the Democratic members of the Senate and House of Representatives which compelled the termination of the Russian Treaty of 1832, and we pledge ourselves anew to preserve the sacred rights of American citizenship at home and abroad. No treaty should receive the sanction of our Government which does not recognize that equality of all of our citizens, irrespective of race or creed, and which does not expressly guarantee the fundamental right of expatriation.

The constitutional rights of American citizens should protect them on our borders and go with them throughout the world, and every American citizen residing or having property in any foreign country is entitled to and must be given the full protection of the United States Government, both for himself and his property.

**Parcel Post and Rural Delivery.**—We favor the establishment of a parcel post or postal express, and also the extension of the rural delivery system as rapidly as practicable.

**Panama Canal Exposition.**—We hereby express our deep interest in the great Panama Canal Exposition to be held in San Francisco in 1915, and favor such encouragement as can be properly given.

**Protection of National Uniform.**—We commend to the several States the adoption of a law making it an offence for the proprietors of places of public amusement and entertainment to discriminate against the uniform of the United States similar to the law passed by Congress applicable to the District of Columbia and the Territories in 1911.

**Pensions.**—We renew the declaration of our last platform relating to a generous pension policy.

**Rule of the People.**—We call attention to the fact that the Democratic party's demand for a return to the rule of the people, expressed in the National platform four years ago, has now become the accepted doctrine of a large majority of the electors. We again remind the country that only by the larger exercise of the reserved power of the people can they protect themselves from the misuse of delegated power and the usurpation of governmental instrumentalities by special interests. For this reason the National convention insisted on the overthrow of Cannonism and the inauguration of a system by which United States Senators could be elected by direct vote. The Democratic party offers itself to the country as an agency through which the complete overthrow and extirpation of corruption, fraud and machine rule in American politics can be effected.

Our platform is one of principles which we believe to be essential to our National welfare. Our pledges are made to be kept when in office as well as relied upon during the campaign, and we invite the co-operation of all citizens, regardless of party, who believe in maintaining unimpaired the institutions and traditions of our country.

## NATIONAL PLATFORM OF THE REPUBLICAN PARTY ADOPTED AT CHICAGO, ILL., JUNE 22, 1912.

The Republican party assembled by its representatives in National convention, declares its unchanging faith in government of the people, by the people, for the people. We renew our allegiance to the principles of the Republican party and our devotion to the cause of Republican institutions established by the fathers.

It is appropriate that we should now recall with a sense of veneration and gratitude the name of our first great leader, who was nominated in this city, and whose lofty principles and superb devotion to his country are an inspiration to the party he honored.—Abraham Lincoln. In the present state of public affairs we should be inspired by his broad statesmanship and by his tolerant spirit toward men.

The Republican party looks back on its record with pride and satisfaction, and forward to its new responsibilities with hope and confidence. Its achievements in government constitute the most luminous pages in our history. Our greatest National advance has been made during the years of its ascendancy in public affairs. It has been genuinely and always a party of progress; it has never been either stationary or reactionary. It has gone from the fulfilment of one great pledge to the fulfilment of another in response to the public need and to the popular will.

**Government of Laws, Not of Men.**—We believe in our self-controlled representative democracy, which is a government of laws, not of men, and in which order is the prerequisite of progress.

The principles of constitutional government, which make provision for orderly and effective expression of the popular will for the protection of civil liberty and the rights of men, and for the

interpretation of the law by an untrammelled and independent judiciary, have proved themselves capable of sustaining the structure of a Government which, after more than a century of development, embraces 100,000,000 of people, scattered over a wide and diverse territory, but bound by common purpose, common ideals, and common affection to the Constitution of the United States.

Under the Constitution and the principles asserted and vitalized by it, the United States has grown to be one of the great civilized and civilizing powers of the earth. It offers a home and an opportunity to the ambitious and the industrious from other lands. Resting upon the broad basis of a people's confidence and a people's support, and managed by the people themselves, the Government of the United States will meet the problems of the future as satisfactorily as it has solved those of the past.

**The Party's Programme.**—The Republican party is now, as always, a party of advanced and constructive statesmanship. It is prepared to go forward with the solution of those new questions which social, economic, and political development have brought into the forefront of the Nation's interest. It will strive, not only in the Nation but in the several States, to enact the necessary legislation to safeguard the public health; to limit effectively the labor of women and children; to protect wage-earners engaged in dangerous occupations; to enact comprehensive and generous workman's compensation laws in place of the present wasteful and unjust system of employers' liability; and in all possible ways to satisfy the just demand of the people for the study and solution of the complex and constantly changing problems of social welfare.

In dealing with these questions it is important that the rights of every individual to the freest possible development of his own powers and resources and to the control of his own justly acquired property, so far as those are compatible with the rights of others, shall not be interfered with or destroyed. The social and political structure of the United States rests upon the civil liberty of the individual; and for the protection of that liberty the people have wisely, in the National and State institutions, put definite limitations upon themselves and upon their governmental officers and agencies. To enforce these limitations, to secure the orderly and coherent exercise of governmental powers, and to protect the rights of even the humblest and least favored individual are the function of independent courts of justice.

**To Upheld Courts.**—The Republican party reaffirms its intention to uphold at all times the authority and integrity of the courts, both State and Federal, and it will ever insist that their powers to enforce their process and to protect life, liberty and property shall be preserved inviolate. An orderly method is provided under our system of government by which the people may, when they choose, alter or amend the constitutional provisions which underlie that government. Until these constitutional provisions are so altered or amended, in orderly fashion, it is the duty of the courts to see to it that when challenged they are enforced.

That the courts, both Federal and State, may bear the heavy burden laid upon them to the complete satisfaction of public opinion, we favor legislation to prevent long delays and the tedious and costly appeals which have so often amounted to a denial of justice in civil cases and to a failure to protect the public at large in criminal cases.

Since the responsibility of the judiciary is so great the standards of judicial action must be always and everywhere above suspicion and reproach. While we regard the recall of judges as unnecessary and unwise, we favor such action as may be necessary to simplify the process by which any Judge who is found to be derelict in his duty may be removed from office.

Together with peaceful and orderly development at home, the Republican party earnestly favors all measures for the establishment and protection of the peace of the world and for the development of closer relations between the various nations of the earth. It believes most earnestly in the peaceful settlement of international disputes and in the reference of all justiciable controversies between nations to an international court of justice.

**Monopoly and Privilege.**—The Republican party is opposed to special privilege and to monopoly. It placed upon the statute book the Interstate Commerce act of 1887, and the important amendments thereto, and the Anti-Trust act of 1890, and it has consistently and successfully enforced the provisions of these laws. It will take no backward step to permit the re-establishment in any degree of conditions which were intolerable.

Experience makes it plain that the business of the country may be carried on without fear or without disturbance and at the same time without resort to practices which are abhorrent to the common sense of justice. The Republican party favors the enactment of legislation supplementary to the existing Anti-Trust act, which will define as criminal offences those specific acts that uniformly mark attempts to restrain and to monopolize trade, to the end that those who honestly intend to obey the law may have a guide for their action and that those who aim to violate the law may the more surely be punished.

The same certainty should be given to the law prohibiting combinations and monopolies that characterizes other provisions of commercial law, in order that no part of the field of business opportunity may be restricted by monopoly or combination, that business success honorably achieved may not be converted into crime, and that the right of every man to acquire commodities, and particularly the necessities of life, in an open market, uninfluenced by the manipulation of trust or combination, may be preserved.

**Federal Trade Commission.**—In the enforcement and administration of Federal laws governing interstate commerce and enterprises impressed with a public use engaged therein, there is much that may be committed to a Federal Trade Commission, thus placing in the hands of an administrative board many of the functions now necessarily exercised by the courts. This will promote promptness in the administration of the law and avoid delays and technicalities incident to court procedure.

**The Tariff.**—We reaffirm our belief in a protective tariff. The Republican tariff policy has been of the greatest benefit to the country, developing our resources, diversifying our industries, and protecting our workmen against competition with cheaper labor abroad, thus establishing for our wage-earners the American standard of living. The protective tariff is so woven into the fabric of our industrial and agricultural life that to substitute for it a tariff for revenue only would destroy many industries and throw millions of our people out of employment. The products of the farm and of the mine should receive the same measure of protection as other products of American labor.

We hold that the import duties should be high enough, while yielding a sufficient revenue, to protect adequately American industries and wages. Some of the existing import duties are too high and should be reduced. Readjustment should be made from time to time to conform to changing conditions and to reduce excessive rates, but without injury to any American industry. To accomplish this correct information is indispensable. This information can best be obtained by an expert commission, as the large volume of useful facts contained in the recent reports of the Tariff Board has demonstrated. The pronounced feature of modern industrial life is its enormous diversification. To apply tariff rates justly to these changing conditions requires closer study and more scientific methods than ever before. The Republican party has shown by its creation of a Tariff Board its recognition of this situation and its determination to be equal to it. We condemn the Democratic party for its failure either to provide funds for the continuance of this board or to make some other provision for securing the information requisite for intelligent tariff legislation.

We protest against the Democratic method of legislating on these vitally important subjects without careful investigation.

We condemn the Democratic tariff bills passed by the House of Representatives of the Sixty-second Congress as sectional, as injurious to the public credit, and as destructive of business enterprise.

**Cost of Living**—The steadily increasing cost of living has become a matter not only of National but of world-wide concern. The fact that it is not due to the protective tariff system is evidenced by the existence of similar conditions in countries which have a tariff policy different from our own, as well as by the fact that the cost of living has increased while rates of duty have remained stationary or been reduced. The Republican party will support a prompt scientific inquiry into the causes which are operative, both in the United States and elsewhere, to increase the cost of living. When the exact facts are known, it will take the necessary steps to remove any abuses that may be found to exist in order that the cost of the food, clothing, and shelter of the people may in no way be unduly or artificially increased.

**Banking and Currency**—The Republican party has always stood for a sound currency and for safe banking methods. It is responsible for the resumption of specie payments, and for the establishment of the gold standard. It is committed to the progressive development of our banking and currency systems. Our banking arrangements to-day need further revision to meet the requirements of current conditions. We need measures which will prevent the recurrence of money panics and financial disturbances and which will promote the prosperity of business and the welfare of labor by producing constant employment. We need better currency facilities for the movement of crops in the West and South. We need banking arrangements under American auspices for the encouragement and better conduct of our foreign trade. In attaining these ends the independence of individual banks, whether organized under National or State charters, must be carefully protected and our banking and currency system must be safeguarded from any possibility of domination by sectional, financial or political interests.

It is of great importance to the social and economic welfare of this country that its farmers have facilities for borrowing easily and cheaply the money they need to increase the productivity of their land. It is as important that financial machinery be provided to supply the demand of farmers for credit as it is that the banking and currency systems be reformed in the interests of general business. Therefore, we recommend and urge an authoritative investigation of agricultural credit societies and corporations in other countries, and the passage of State and Federal laws for the establishment and capable supervision of organizations having for their purpose the loaning of funds to farmers.

**The Civil Service**—We reaffirm our adherence to the principle of appointment to public office based on proved fitness, and tenure during good behavior and efficiency. The Republican party stands committed to the maintenance, extension, and enforcement of the Civil Service law, and it favors the passage of legislation empowering the President to extend the competitive service as far as possible, the equitable retirement of disabled and superannuated members of the civil service, in order that a higher order of efficiency may be maintained.

**Employers' Liability**—We favor the amendment of the Federal Employers' Liability law so as to extend its provisions to all Government employes, as well as to provide a more liberal scale of compensation for injury and death.

**Campaign Contributions**—We favor such additional legislation as may be necessary more effectually to prohibit corporations from contributing funds, directly or indirectly, to campaigns for the nomination or election of the President, the Vice-President, Senators and Representatives in Congress. We heartily approve the recent act of Congress requiring the fullest publicity in regard to all campaign contributions, whether made in connection with primaries, conventions or elections.

**Conservation of Natural Resources**—We rejoice in the success of the distinctive Republican policy of the conservation of our natural resources, for their use by the people without waste and without monopoly. We pledge ourselves to a continuance of such a policy.

**Acquisition of Public Lands**—We favor such fair and reasonable rules and regulations as will not discourage or interfere with actual bona fide homeseekers, prospectors, and miners in the acquisition of public lands under existing laws.

**Parcel Post**—In the interest of the general public, and particularly of the agricultural or rural communities, we favor legislation looking to the establishment, under proper regulations, of a parcel post, the postal rates to be graduated under a zone system in proportion to the length of carriage.

**Protection of American Citizens**—We approve the action taken by the President and the Congress to secure with Russia, as with other countries, a treaty that will recognize the absolute right of expatriation, and that will prevent all discrimination of whatever kind between American citizens, whether native born or alien, and regardless of race, religion, or previous political allegiance. The right of asylum is a precious possession of the people of the United States, and it is to be neither surrendered nor restricted.

**The Navy**—We believe in the maintenance of an adequate navy for the National defence, and we condemn the action of the Democratic House of Representatives in refusing to authorize the construction of new battleships.

**Merchant Marine**—We believe that one of the country's most urgent needs is a revived merchant marine. There should be American ships, and plenty of them, to make use of the great American interoceanic canal now nearing completion.

**Flood Prevention in the Mississippi Valley**—The Mississippi River is the Nation's drainage ditch. Its flood-waters, gathered from thirty-one States and the Dominion of Canada, constitute an overpowering force which breaks the levees and pours its torrents over many million acres of the richest land in the Union, stopping mails, impeding commerce, and causing great loss of life and property. These floods are National in scope, and the disasters they produce seriously affect the general welfare. The States unaided cannot cope with this giant problem; hence, we believe the Federal Government should assume a fair proportion of the burden of its control so as to prevent the disasters from recurring floods.

**Reclamation of Arid Lands**—We favor the continuance of the policy of the Government with regard to the reclamation of arid lands, and for the encouragement of the speedy settlement and improvement of such lands; we favor an amendment to the law that will reasonably extend the time within which the cost of any reclamation project may be repaid by the landowners under it.

**Rivers and Harbors**—We favor a liberal and systematic policy for the improvement of our rivers and harbors. Such improvements should be made upon expert information and after a careful comparison of cost and prospective benefits.

**Alaska**—We favor a liberal policy toward Alaska, to promote the development of the great resources of that district, with such safeguards as will prevent waste and monopoly. We favor the opening of the coal lands to development through a law leasing the lands on such terms as will invite development and provide fuel for the navy and the commerce of the Pacific Ocean, while retaining title in the United States to prevent monopoly.

**Porto Rico**—We ratify in all its particulars the platform of 1908 respecting citizenship for the people of Porto Rico.

**Philippine Policy**—The Philippine policy of the Republican party has been and is inspired by the belief that our duty toward the Filipino people is a National obligation which should remain entirely free from partisan politics.

**Immigration**—We pledge the Republican party to the enactment of appropriate laws to give relief from the constantly growing evil of induced or undesirable immigration, which is inimical to the progress and welfare of the people of the United States.

**Safety at Sea**—We favor the speedy enactment of laws to provide that seamen shall not be compelled to endure involuntary servitude and that life and property at sea shall be safeguarded by the ample equipment of vessels with life-saving appliances and with full complements of skilled, able-bodied seamen to operate them.

**Republican Accomplishment**—The approaching completion of the Panama Canal, the establishment of a Bureau of Mines, the institution of postal savings banks, the increased provision made in 1912 for the aged and infirm soldiers and sailors of the Republic and for their widows, and the vigorous administration of the laws relating to pure food and drugs all mark the successful progress of Republican administration and are additional evidence of its effectiveness.

**Economy and Efficiency**—We commend the earnest effort of the Republican Administration to secure greater economy and increased efficiency in the conduct of Government business; extravagant appropriations and the creation of unnecessary offices are an injustice to the taxpayer, and a bad example to the citizen.

**Civic Duty**—We call upon the people to quicken their interest in public affairs, to condemn and punish lynchings and other forms of lawlessness, and to strengthen in all possible ways a respect for law and the observance of it. Indifferent citizenship is an evil from which the law affords no adequate protection and for which legislation can provide no remedy.

**Arizona and New Mexico**—We congratulate the people of Arizona and New Mexico upon the admission of those States, thus merging in the Union in final and enduring form the last remaining portion of our continental territory.

**Republican Administration**—We challenge successful criticism of the sixteen years of Republican administration under Presidents McKinley, Roosevelt and Taft. We heartily reaffirm the indorsement of President McKinley contained in the platform of 1900 and of 1904 and that of President Roosevelt contained in the platform of 1904 and 1908.

We invite the intelligent judgment of the American people upon the Administration of William H. Taft. The country has prospered and been at peace under his Presidency. During the years in which he had the co-operation of a Republican Congress an unexampled amount of constructive legislation was framed and passed in the interest of the people and in obedience to their wish. That legislation is a record on which any Administration might appeal with confidence to the favorable judgment of history.

We appeal to the American electorate upon the record of the Republican party and upon this declaration of its principles and purposes. We are confident that under the leadership of the candidates here to be nominated our appeal will not be in vain; that the Republican party will meet every just expectation of the people whose servant it is; that under its administration and its laws our Nation will continue to advance; that peace and prosperity will abide with the people and that new glory will be added to the great Republic.

## NATIONAL PLATFORM OF THE PROGRESSIVE PARTY ADOPTED AT CHICAGO, ILL., AUGUST 7, 1912.

**Declaration of Principles**—The conscience of the people in a time of grave national problems has called into being a new party, born of the Nation's awakened sense of injustice.

We of the Progressive party here dedicate ourselves to the fulfillment of the duty laid upon us by our fathers to maintain that government of the people, by the people and for the people whose foundations they laid.

We hold with Thomas Jefferson and Abraham Lincoln that the people are the masters of their Constitution to fulfil its purposes and to safeguard it from those who, by perversion of its intent would convert it into an instrument of injustice. In accordance with the needs of each generation the people must use their sovereign powers to establish and maintain equal opportunity and industrial justice, to secure which this Government was founded and without which no republic can endure.

This country belongs to the people who inhabit it. Its resources, its business, its institutions and its laws should be utilized, maintained or altered in whatever manner will best promote the general interest. It is time to set the public welfare in the first place.

**The Old Parties**—Political parties exist to secure responsible government and to execute the will of the people. From these great tasks both the old parties have turned aside. Instead of instruments to promote the general welfare they have become the tools of corrupt interests, which use them impartially to serve their selfish purposes. Behind the ostensible government sits enthroned an invisible government, owing no allegiance and acknowledging no responsibility to the people. To destroy this invisible government, to dissolve the unholy alliance between corrupt business and corrupt politics is the first task of the statesmanship of the day.

The deliberate betrayal of its trust by the Republican party, the fatal incapacity of the Democratic party to deal with the new issues of the new time, have compelled the people to forge a new instrument of government through which to give effect to their will in laws and institutions.

Unhampered by tradition, uncorrupted by power, undismayed by the magnitude of the task, the new party offers itself as the instrument of the people to sweep away old abuses, to build a new and nobler commonwealth.

**Covenant With the People**—This declaration is our covenant with the people, and we hereby bind the party and its candidates in State and Nation to the pledges made herein.

**Rule of the People**—The Progressive party, committed to the principle of government by a self-controlled democracy expressing its will through representatives of the people, pledges itself to secure such alterations in the fundamental law of the several States and of the United States as shall insure the representative character of the Government. In particular the party declares for direct primaries for the nomination of State and National officers, for nation-wide preferential primaries for candidates for the Presidency, for the direct election of United States Senators by the people; and we urge on the States the policy of the short ballot, with responsibility to the people secured by the initiative, referendum and recall.

**Constitution Should Be Easily Amended**—The Progressive party, believing that a free people should have the power from time to time to amend their fundamental law so as to adapt

it progressively to the changing needs of the people, pledges itself to provide a more easy and expeditious method of amending the Federal Constitution.

**Nation and State**—Up to the limit of the Constitution, and later by amendment of the Constitution if found necessary, we advocate bringing under effective national jurisdiction those problems which have expanded beyond reach of the individual States.

It is as grotesque as it is intolerable that the several States should by unequal laws in matter of common concern become competing commercial agencies, barter the lives of their children, the health of their women and the safety and wellbeing of their working people for the benefit of their financial interests.

The extreme insistence on States' rights by the Democratic party in the Baltimore platform demonstrates anew its inability to understand the world into which it has survived or to administer the affairs of a union of States which have in all essential respects become one people.

**Social and Industrial Reform**—The supreme duty of the Nation is the conservation of human resources through an enlightened measure of social and industrial justice. We pledge ourselves to work unceasingly in State and Nation for:

Effective legislation looking to the prevention of industrial accidents, occupational diseases, overwork, involuntary unemployment, and other injurious effects incident to modern industry.

The fixing of minimum safety and health standards for the various occupations and the exercise of the public authority of State and Nation, including the Federal control over interstate commerce and the taxing power to maintain such standards.

The prohibition of child labor.

Minimum wage standards for working women to provide a "living scale" in all industrial occupations.

The prohibition of night work for women and the establishment of an eight-hour day for women and young persons.

One day's rest in seven for all wage-workers.

The eight-hour day in continuous twenty-four-hour industries.

The abolition of the convict contract labor system; substituting a system of prison production for governmental consumption only and the application of prisoners' earnings to the support of their dependent families.

Publicity as to wages, hours and conditions of labor; full reports upon industrial accidents and diseases and the opening to public inspection of all tallies, weights, measures and check systems on labor products.

Standards of compensation for death by industrial accident and injury and trade diseases, which will transfer the burden of lost earnings from the families of working people to the industry, and thus to the community.

The protection of home life against the hazards of sickness, irregular employment and old age through the adoption of a system of social insurance adapted to American use.

The development of the creative labor power of America, by lifting the last load of illiteracy from American youth and establishing continuation schools for industrial education under public control and encouraging agricultural education and demonstration in rural schools.

The establishment of industrial research laboratories to put the methods and discoveries of science at the service of American producers.

We favor the organization of the workers, men and women, as a means of protecting their interests and of promoting their progress.

**Regulation of Interstate Corporations**—We believe that true popular government, justice and prosperity go hand in hand, and so believing, it is our purpose to secure that large measure of general prosperity which is the fruit of legitimate and honest business, fostered by equal justice and by sound progressive laws.

We demand that the test of true prosperity shall be the benefits conferred thereby on all the citizens, not confined to individuals or classes, and that the test of corporate efficiency shall be the ability better to serve the public; that those who profit by control of business affairs shall justify that profit and that control by sharing with the public the fruits thereof.

We therefore demand a strong National regulation of interstate corporations. The corporation is an essential part of modern business. The concentration of modern business, in some degree, is both inevitable and necessary for National and international business efficiency. But the existing concentration of vast wealth under a corporate system, unguarded and uncontrolled by the Nation, has placed in the hands of a few men enormous secret, irresponsible power over the daily life of the citizen—a power unsufferable in a free government and certain of abuse.

This power has been abused in monopoly of National resources, in stock watering, in unfair competition and unfair privileges, and, finally, in sinister influences on the public agencies of State and Nation. We do not fear commercial power, but we insist that it shall be exercised openly, under publicity, supervision and regulation of the most efficient sort, which will preserve its good while eradicating and preventing its evils.

To that end we urge the establishment of a strong Federal Administrative Commission of high standing, which shall maintain permanent active supervision over industrial corporations engaged in interstate commerce, or such of them as are of public importance, doing for them what the Government now does for the National banks, and what is now done for the railroads by the Interstate Commerce Commission.

Such a commission must enforce the complete publicity of those corporate transactions which are of public interest; must attack unfair competition, false capitalization and special privilege, and by continuous, trained watchfulness guard and keep open equally to all the highways of American commerce. Thus the business man will have certain knowledge of the law and will be able to conduct his business easily in conformity therewith, the investor will find security for his capital, dividends will be rendered more certain and the savings of the people will be drawn naturally and safely into the channels of trade.

Under such a system of constructive regulation, legitimate business, freed from confusion, uncertainty and fruitless litigation, will develop normally in response to the energy and enterprise of the American business man.

**Commercial Development**—The time has come when the Federal Government should co-operate with manufacturers and producers in extending our foreign commerce. To this end we demand adequate appropriations by Congress and the appointment of diplomatic and consular officers solely with a view to their special fitness and worth, and not in consideration of political expediency.

It is imperative to the welfare of our people that we enlarge and extend our foreign commerce. We are pre-eminently fitted to do this because as a people we have developed high skill in the art of manufacturing, our business men are strong executives, strong organizers. In every way possible our Federal Government should co-operate in this important matter.

Any one who has had opportunity to study and observe first hand Germany's course in this respect must realize that their policy of co-operation between Government and business has in comparatively few years made them a leading competitor for the commerce of the world. It should

be remembered that they are doing this on a National scale and with large units of business, while the Democrats would have us believe that we should do it with small units of business, which would be controlled, not by the National Government, but by forty-nine conflicting sovereignties. Such a policy is utterly out of keeping with the progress of the times and gives our great commercial rivals in Europe—hungry for international markets—golden opportunities of which they are rapidly taking advantage.

**The Tariff**—We believe in a protective tariff which shall equalize conditions of competition between the United States and foreign countries, both for the farmer and the manufacturer, and which will maintain for labor an adequate standard of living. Primarily the benefit of any tariff should be disclosed in the pay envelope of the laborer. We declare that no industry deserves protection which is unfair to labor or which is operating in violation of Federal law. We believe that the presumption is always in favor of the consuming public.

We demand tariff revision because the present tariff is unjust to the people of the United States. Fair dealing toward the people requires an immediate downward revision of those schedules wherein duties are shown to be unjust and excessive.

We pledge ourselves to the establishment of a non-partisan scientific Tariff Commission, reporting both to the President and to either branch of Congress, which shall report first, as to the costs of production, efficiency of labor, capitalization, industrial organization and efficiency, and the general competitive position in this country and abroad of industries seeking protection from Congress. Second, as to the revenue-producing power of the tariff and its relation to the resources of government; and, thirdly, as to the effect of the tariff on prices, operations of middlemen, and on the purchasing power of the consumer.

We believe that this commission should have plenary power to elicit information, and for this purpose to prescribe a uniform system of accounting for the great protected industries. The work of the commission should not prevent the immediate adoption of acts reducing those schedules generally recognized as excessive.

We condemn the Payne-Aldrich bill as unjust to the people. The Republican organization is in the hands of those who have broken and cannot again be trusted to keep the promise of necessary downward revision. The Democratic party is committed to the destruction of the protective system through a tariff for revenue only—a policy which would inevitably produce widespread industrial and commercial disaster.

**Reciprocity With Canada**—We demand the immediate repeal of the Canadian reciprocity act.

**High Cost of Living**—The high cost of living is due partly to world-wide and partly to local causes; partly to natural and partly to artificial causes. The measures proposed in this platform on various subjects, such as the tariff, the trusts and conservation, will of themselves remove the artificial causes. There will remain other elements such as the tendency to leave the country for the city, waste, extravagance, bad system of taxation, poor methods of raising crops and bad business methods in marketing crops. To remedy these conditions requires the fullest information and, based on this information, effective Government supervision and control to remove all the artificial causes. We pledge ourselves to such full and immediate inquiry and to immediate action to deal with every need such inquiry discloses.

**Improvement of the Currency**—We believe there exists imperative need for prompt legislation for the improvement of our national currency system. We believe the present method of issuing notes through private agencies is harmful and unscientific. The issue of currency is fundamentally a Government function and the system should have as basic principles soundness and elasticity. The control should be lodged with the Government and should be protected from domination or manipulation by Wall Street or any special interests.

We are opposed to the so-called Aldrich currency bill because its provisions would place our currency and credit system in private hands not subject to effective public control.

**Conservation of Natural Resources**—The natural resources of the Nation must be promptly developed and generously used to supply the people's needs, but we cannot safely allow them to be wasted, exploited, monopolized or controlled against the general good. We heartily favor the policy of conservation and we pledge our party to protect the National forests without hindering their legitimate use for the benefit of all the people. Agricultural lands in the National forests are, and should remain, open to the genuine settler. Conservation will not retard legitimate development. The honest settler must receive his patent promptly without hindrance, rules or delays.

We believe that the remaining forests, coal and oil lands, water powers and other natural resources still in State or National control (except agricultural lands) are more likely to be wisely conserved and utilized for the general welfare if held in the public hands.

In order that consumers and producers, managers and workmen, now and hereafter, need not pay toll to private monopolies of power and raw material, we demand that such resources shall be retained by the State or Nation and opened to immediate use under laws which will encourage development and make to the people a moderate return for benefits conferred.

In particular we pledge our party to require reasonable compensation to the public for water power rights hereafter granted by the public. We pledge legislation to lease the public grazing lands under equitable provisions now pending which will increase the production of food for the people and thoroughly safeguard the rights of the actual homemakers. Natural resources whose conservation is necessary for the National welfare should be owned and controlled by the Nation.

**Waterways**—The rivers of the United States are the natural arteries of this continent. We demand that they shall be opened to traffic as indispensable parts of a great nation-wide system of transportation in which the Panama Canal will be the central link, thus enabling the whole interior of the United States to share with the Atlantic and Pacific seaboard in the benefit derived from the canal.

It is a national obligation to develop our rivers and especially the Mississippi and its tributaries, without delay, under a comprehensive general plan covering each river system, from its source to its mouth, designed to secure its highest usefulness for navigation, irrigation, domestic supply, water power and the prevention of floods. We pledge our party to the immediate preparation of such a plan, which should be made and carried out in close and friendly co-operation between the Nation, the State, and the cities affected.

Under such a plan the destructive floods of the Mississippi and other streams, which represent a vast and needless loss to the Nation, would be controlled by forest conservation and water storage at the headwaters, and by levees below, land sufficient to support millions of people would be reclaimed from the deserts and swamps, water power enough to transform the industrial standing of whole States would be developed, adequate water terminals would be provided, transportation would revive, and the railroads would be compelled to co-operate as freely with the boat lines as with each other.

The equipment, organization and experience acquired in constructing the Panama Canal soon will be available for the lakes-to-the-gulf deep waterway and other portions of this great work, and should be utilized by the Nation in co-operation with the various States at the lowest net cost to the people.

**Panama Canal**—The Panama Canal, built and paid for by the American people, must be used primarily for their benefit. We demand that the canal shall be so operated as to break the transportation monopoly now held and misused by the transcontinental railroads by maintaining sea competition with them; that ships directly or indirectly owned or controlled by American railroad corporations shall not be permitted to use the canal, and that American ships engaged in coastwise trade shall pay no tolls.

The Progressive party will favor legislation having for its aim the development of friendship and commerce between the United States and Latin-American nations.

**Alaska**—The coal and other natural resources of Alaska should be opened to development at once. They are owned by the people of the United States and are safe from monopoly, waste or destruction only while so owned. We demand that they shall neither be sold nor given away except under the homestead law, but while held in Government ownership shall be open to use promptly upon liberal terms requiring immediate development.

Thus the benefit of cheap fuel will accrue to the Government of the United States and to the people of Alaska and the Pacific coast; the settlement of extensive agricultural lands will be hastened; the extermination of the salmon will be prevented, and the just and wise development of Alaskan resources will take the place of private extortion or monopoly.

We demand also that extortion or monopoly in transportation shall be prevented by the prompt acquisition, construction or improvement by the Government of such railroads, harbor, and other facilities for transportation as the welfare of the people may demand.

We promise the people of the Territory of Alaska the same measure of local self-government that was given to other American Territories, and that Federal officials appointed there shall be qualified by previous bona fide residence in the Territory.

**Woman Suffrage**—The Progressive party, believing that no people can justly claim to be a true democracy which denies political rights on account of sex, pledges itself to the task of securing equal suffrage to men and women alike.

**Corrupt Election Practices**—We pledge our party to legislation that will compel strict limitation of all campaign contributions and expenditures, and detailed publicity of both before as well as after primaries and elections.

**Publicity and Public Service**—We pledge our party to legislation compelling the registration of lobbyists; publicity of committee hearings, except on foreign affairs, and recording of all votes in committee; and forbidding Federal appointees from holding office in State or National political organizations or taking part as officers or delegates in political conventions for the nomination of elective State or National officials.

**Popular Review of Judicial Decisions**—The Progressive party demands such restriction of the power of the courts as shall leave to the people the ultimate authority to determine fundamental questions of social welfare and public policy. To secure this end, it pledges itself to provide:

First—That when an act passed under the police power of the State is held unconstitutional under the State Constitution by the courts, the people, after an ample interval for deliberation, shall have an opportunity to vote on the question whether they desire the act to become law, notwithstanding such decision.

Second—That every decision of the highest Appellate Court of a State declaring an act of the Legislature unconstitutional on the ground of its violation of the Federal Constitution shall be subject to the same review by the Supreme Court of the United States as is now accorded to decisions sustaining such legislation.

**Administration of Justice**—The Progressive party, in order to secure to the people a better administration of justice, and by that means to bring about a more general respect for the law and the courts, pledges itself to work unceasingly for the reform of legal procedure and judicial methods.

We believe that the issuance of injunctions in cases arising out of labor disputes should be prohibited when such injunctions would not apply when no labor disputes existed.

We also believe that a person cited for contempt in labor disputes, except when such contempt was committed in the actual presence of the court or so near thereto as to interfere with the proper administration of justice, should have a right to trial by jury.

**A Department of Labor**—We pledge our party to establish a department of labor, with a seat in the Cabinet, and with wide jurisdiction over matters affecting the conditions of labor and living.

**Country Life**—The development and prosperity of country life are as important to the people who live in the cities as they are to the farmers. Increase of prosperity on the farm will favorably affect the cost of living and promote the interests of all who dwell in the country and all who depend upon its products for clothing, shelter and food.

We pledge our party to foster the development of agricultural credit and co-operation, the teaching of agriculture in schools, agricultural college extension, the use of mechanical power on the farm and to re-establish the Country Life Commission, thus directly promoting the welfare of the farmers and bringing the benefits of better farming, better business and better living within their reach.

**National Health Service**—We favor the union of all the existing agencies of the Federal Government dealing with the public health into a single National Health Service, without discrimination against or for any one set of therapeutic methods, school of medicine or school of healing, with such additional powers as may be necessary to enable it to perform efficiently such duties in the protection of the public from preventable disease as may be properly undertaken by the Federal authorities, including the executing of existing laws regarding pure food; quarantine and cognate subjects; the promotion of appropriate action for the improvement of vital statistics and the extension of the registration area of such statistics, and co-operation with the health activities of the various States and cities of the Nation.

**Patents**—We pledge ourselves to the enactment of a patent law which will make it impossible for patents to be suppressed or used against the public welfare in the interest of injurious monopolies.

**Interstate Commerce Commission**—We pledge our party to secure to the Interstate Commerce Commission the power to value the physical property of railroads. In order that the power of the commission to protect the people may not be impaired or destroyed, we demand the abolition of the Commerce Court.

**Good Roads**—We recognize the vital importance of good roads, and we pledge our party to foster their extension in every proper way, and we favor the early construction of National highways. We also favor the extension of the rural free delivery service.

**Inheritance and Income Tax**—We believe in a graduated inheritance tax as a National means of equalizing the obligations of holders of property to Government, and we hereby pledge our party to enact such a Federal law as will tax large inheritances, returning to the States an equitable percentage of all amounts collected. We favor the ratification of the pending amendment to the Constitution giving the Government power to levy an income tax.

**Peace and National Defence**—The Progressive party deplores the survival in our civilization of the barbaric system of warfare among nations, with its enormous waste of resources even in time of peace, and the consequent impoverishment of the life of the toiling masses. We

pledge the party to use its best endeavors to substitute judicial and other peaceful means of settling international differences.

We favor an international agreement for the limitation of naval forces. Pending such an agreement, and as the best means of preserving peace, we pledge ourselves to maintain for the present the policy of building two battleships a year.

**Protection of American Citizens Abroad**—We pledge our party to protect the rights of American citizenship at home and abroad. No treaty should receive the sanction of our Government which discriminates between American citizens because of birthplace, race or religion, or that does not recognize the absolute right of expatriation.

**Immigration**—Through the establishment of industrial standards we propose to secure to the able-bodied immigrant and to his native fellow workers a larger share of American opportunity.

We denounce the fatal policy of indifference and neglect which has left our enormous immigrant population to become the prey of chance and cupidity. We favor Governmental action to encourage the distribution of immigrants away from the congested cities, to rigidly supervise all private agencies dealing with them and to promote their assimilation, education and advancement.

**Pensions**—We pledge ourselves to a wise and just policy of pensioning American soldiers and sailors and their widows and children by the Federal Government.

And we approve the policy of the Southern States in granting pensions to the ex-Confederate soldiers and sailors and their widows and children.

**Parcel Post**—We pledge our party to the immediate creation of a parcels post, with rates proportionate to distance and service.

**The Civil Service Law**—We condemn the violations of the Civil Service law under the present Administration, including the coercion and assessment of subordinate employes, and the President's refusal to punish such violation after a finding of guilty by his own commission; his distribution of patronage among subservient Congressmen, while withholding it from those who refuse support of administration measures; his withdrawal of nominations from the Senate until political support for himself was secured, and his open use of the offices to reward those who voted for his re-election.

To eradicate these abuses we demand not only the enforcement of the Civil Service act in letter and spirit, but also legislation which will bring under the competitive system postmasters, collectors, marshals and all other non-political officers, as well as the enactment of an equitable retirement law, and we also insist on continuous service during good behavior and efficiency.

**Government Business Organization**—We pledge our party to readjustment of the business methods of the National Government and a proper co-ordination of the Federal bureaus which will increase the economy and efficiency of the Government service, prevent duplications and secure better results to the taxpayers for every dollar expended.

**Supervision Over Investments**—The people of the United States are swindled out of many millions of dollars every year through worthless investments. The plain people, the wage-earners and the men and women with small savings have no way of knowing the merit of concerns sending out highly colored prospectuses offering stock for sale, prospectuses that make big returns seem certain and fortunes easily within grasp.

We hold it to be the duty of the Government to protect its people from this kind of piracy. We therefore demand wise, carefully thought-out legislation that will give us such Governmental supervision over this matter as will furnish to the people of the United States this much needed protection, and we pledge ourselves thereto.

**Conclusion**—On these principles and on the recognized desirability of uniting the progressive forces of the Nation into an organization which shall unequivocally represent the progressive spirit and policy, we appeal for the support of all American citizens, without regard to previous political affiliations.

## NATIONAL PLATFORM OF THE PROHIBITION PARTY ADOPTED AT ATLANTIC CITY, N. J., JULY 11, 1912.

The Prohibition party of the United States of America in convention at Atlantic City, N. J., July 11, 1912, recognizing God as the source of all governmental authority, makes the following declaration of principles:

The alcoholic drink traffic is wrong, the most serious drain upon the Nation's wealth and resources, detrimental to the general welfare, destructive of the inalienable rights of life, liberty and the pursuit of happiness, and, therefore, all laws taxing or licensing a traffic that produces crime, poverty and political corruption and spreads disease and death should be repealed. To destroy such a traffic there must be elected to power a political party which will administer the government from the standpoint that the alcoholic drink traffic is a crime and not a business, and we pledge that the manufacture, importation, exportation, transportation and sale of alcoholic beverages shall be prohibited.

We favor:

The election of United States Senators by direct vote of the people.

Presidential terms of six years, and one term only.

Uniform marriage and divorce laws.

The extermination of polygamy and the complete suppression of the traffic in girls.

Suffrage for women upon the same terms as to men.

Court review as to post-office and other departmental decisions and orders; the establishment of postal savings banks, the extension of the rural delivery and the establishment of an efficient parcels post, and add the following planks:

The protection of one day in seven as a day of rest.

The absolute protection of the rights of labor without impairment of the rights of capital.

The settlement of all international disputes by arbitration.

The initiative, referendum and recall.

The tariff is a commercial question and should be fixed on the basis of accurate knowledge secured by a permanent omnipartisan Tariff Commission with ample powers.

The abolition of child labor in the mines, workshops and factories, with the rigid enforcement of laws now flagrantly violated.

Equitable graduated income and inheritance taxes.

Conservation of our mineral and forest reserves, reclamation of arid and waste lands and we urge that all mineral and timber lands and water powers now owned by the Government to be held perpetually and leased for revenue purposes.

Clearly defined laws for the regulation and control of corporations transacting an interstate business.

Greater efficiency and economy in Government service.

To the fundamental principles the National Prohibition party renews its long allegiance and on these issues invite the co-operation of all citizens to the end that the true object of popular government may be attained; i. e., equal and exact justice to all.

## NATIONAL PLATFORM OF THE SOCIALIST PARTY ADOPTED AT INDIANAPOLIS, IND., MAY 16, 1912.

The representatives of the Socialist party in National Convention at Indianapolis declare that the capitalist system has outgrown its historical function, and has become utterly incapable of meeting the problems now confronting society. We denounce this outgrown system as incompetent and corrupt and the source of unspeakable misery and suffering to the whole working class.

Under this system the industrial equipment of the Nation has passed into the absolute control of a plutocracy which exacts an annual tribute of millions of dollars from the producers. Unafraid of any organized resistance, it stretches out its greedy hands over the still undeveloped resources of the Nation—the land, the mines, the forests and the water powers of every State in the Union.

In spite of the multiplication of labor-saving machines and improved methods in industry which cheapen the cost of production, the share of the producers grows ever less, and the prices of all the necessities of life steadily increase. The boasted prosperity of this Nation is for the owning class alone. To the rest it means only greater hardship and misery. The high cost of living is felt in every home. Millions of wage-workers have seen the purchasing power of their wages decrease until life has become a desperate battle for mere existence.

Millions of unemployed walk the streets of our cities or trudge from State to State awaiting the will of the masters to move the wheels of industry.

The farmers in every State are plundered by the increasing prices exacted for tools and machinery and by extortionate freight rates and storage charges.

**Capitalism Denounced**—Capitalist concentration is mercilessly crushing the class of small business men and driving its members into the ranks of propertyless wage-workers. The overwhelming majority of the people of America are being forced under a yoke of bondage by this soulless industrial despotism.

It is this capitalist system that is responsible for the increasing burden of armaments, poverty, slums, child labor, most of the insanity, crime and prostitution, and much of the disease that afflicts mankind.

Under this system the working class is exposed to poisonous conditions, to frightful and needless perils to life and limb, is walled around with court decisions, injunctions and unjust laws, and is preyed upon incessantly for the benefit of the controlling oligarchy of wealth. Under it also, the children of the working class are doomed to ignorance, drudging toil and darkened lives.

In the face of these evils, so manifest that all thoughtful observers are appalled at them, the legislative representatives of the Republican and Democratic parties remain the faithful servants of the oppressors. Measures designed to secure to the wage-earners of this Nation as humane and just treatment as is already enjoyed by the wage-earners of all other civilized nations have been smothered in committee without debate, and laws ostensibly designed to bring relief to the farmers and general consumers are juggled and transformed into instruments for the exaction of further tribute. The growing unrest under oppression has driven these two old parties to the enactment of a variety of regulative measures, none of which has limited in any appreciable degree the power of the plutocracy, and some of which have been perverted into means for increasing that power. Anti-trust laws, railroad restrictions and regulations, with the prosecutions, indictments and investigations based upon such legislation, have proved to be utterly futile and ridiculous.

Nor has this plutocracy been seriously restrained or even threatened by any Republican or Democratic Executive. It has continued to grow in power and insolence alike under the administrations of Cleveland, McKinley, Roosevelt and Taft.

In addition to this legislative juggling and this executive connivance, the courts of America have sanctioned and strengthened the hold of this plutocracy as the Dred Scott and other decisions strengthened the slave power before the civil war.

We declare, therefore, that the longer sufferance of these conditions is impossible, and we purpose to end them *a.l.* We declare them to be the product of the present system in which industry is carried on for private greed, instead of for the welfare of society. We declare, furthermore, that for these evils there will be and can be no remedy and no substantial relief except through socialism, under which industry will be carried on for the common good and every worker receive the full social value of the wealth he creates.

Society is divided into warring groups and classes, based upon material interests. Fundamentally, this struggle is a conflict between the two main classes, one of which, the capitalist class, owns the means of production, and the other, the working class, must use these means of production on terms dictated by the owners.

The capitalist class, though few in numbers, absolutely controls the Government—legislative, executive and judicial. This class owns the machinery of gathering and disseminating news through its organized press. It subsidizes seats of learning—the colleges and schools—and even religious and moral agencies. It has also the added prestige which established customs give to any order of society, right or wrong.

The working class, which includes all those who are forced to work for a living, whether by hand or brain, in shop, mine or on the soil, vastly outnumbers the capitalist class. Lacking effective organization and class solidarity, this class is unable to enforce its will. Given such class solidarity and effective organization, the workers will have the power to make all laws and control all industry in their own interest.

All political parties are the expression of economic class interests. All other parties than the Socialist party represent one or another group of the ruling capitalist class. Their political conflicts reflect merely superficial rivalries between competing capitalist groups. However they result, these conflicts have no issue of real value to the workers. Whether the Democrats or Republicans win politically, it is the capitalist class that is victorious economically.

**Socialism the Expression of the Workers**—The Socialist party is the political expression of the economic interests of the workers. Its defeats have been their defeats and its victories their victories. It is a party founded on the science and laws of social development. It proposes that, since all social necessities to-day are socially produced, the means of their production and distribution shall be socially owned and democratically controlled.

In the face of the economic and political aggressions of the capitalist class the only reliance left the workers is that of their economic organization and their political power. By the intelligent and class-conscious use of these, they may resist successfully the capitalist class, break the fetters of wage slavery, and fit themselves for the future society, which is to displace the capitalist system. The Socialist party appreciates the full significance of class organization and urges the wage-earners, the working farmers and all other useful workers everywhere to organize for economic and political action, and we pledge ourselves to support the toilers of the fields as well as those in the shops, factories and mines of the Nation in their struggles for economic justice.

In the defeat or victory of the working class party in this new struggle for freedom lies the defeat or triumph of the common people of all economic groups, as well as the failure or the triumph of popular government. Thus the Socialist party is the party of the present-day revolution, which marks the transition from economic individualism to socialism, from wage slavery to free co-operation, from capitalist oligarchy to industrial democracy.

**Working Programme**—As measures calculated to strengthen the working class in its fight for the realization of its ultimate aim, the Co-operative Commonwealth, and to increase its power of resistance against capitalist oppression, we advocate and pledge ourselves and our elected officers to the following programme:

**Collective Ownership**—First: The collective ownership and democratic management of railroads, wire and wireless telegraphs and telephones, express service, steamboat lines and all other social means of transportation and communication and of all large-scale industries.

Second: The immediate acquirement by the municipalities, the States or the Federal Government of all grain elevators, stock yards, storage warehouses, and other distributing agencies, in order to reduce the present extortionate cost of living.

Third: The extension of the public domain to include mines, quarries, oil wells, forests and water power.

Fourth: The further conservation and development of natural resources for the use and benefit of all the people.

(a) By scientific forestation and timber protection.

(b) By the reclamation of arid and swamp tracts.

(c) By the storage of flood waters and the utilization of water power.

(d) By the stoppage of the present extravagant waste of the soil and of the products of mines and oil wells.

(e) By the development of highway and waterway systems.

Fifth: The collective ownership of land wherever practicable, and in cases where such ownership is impracticable, the appropriation by taxation of the annual rental value of all land held for speculation or exploitation.

Sixth: The collective ownership and democratic management of the banking and currency system.

**Unemployment**—The immediate Government relief of the unemployed by the extension of all useful public works. All persons employed on such works to be engaged directly by the Government under a work day of not more than eight hours and at not less than the prevailing union wages. The Government also to establish employment bureaus; to lend money to States and municipalities, without interest, for the purpose of carrying on public works, and to take such other measures within its power as will lessen the widespread misery of the workers caused by the misrule of the capitalist class.

**Industrial Demands**—The conservation of human resources, particularly of the lives and well-being of the workers and their families.

First: By shortening the work day in keeping with the increased productiveness of machinery.

Second: By securing to every worker a rest period of not less than a day and a half in each week.

Third: By securing a more effective inspection of workshops, factories and mines.

Fourth: By forbidding the employment of children under sixteen years of age.

Fifth: By abolishing the brutal exploitation of convicts under the contract system and prohibiting the sale of goods so produced in competition with other labor.

Sixth: By forbidding the interstate transportation of the products of child labor, of convict labor and of all uninspected factories and mines.

Seventh: By abolishing the profit system in Government work, and substituting either the direct hire of labor or the awarding of contracts to co-operative groups of workers.

Eighth: By establishing minimum wage scales.

Ninth: By abolishing official charity and substituting a non-contributory system of old-age pensions, a general system of insurance by the State of all its members against unemployment and invalidism and a system of compulsory insurance by employers of their workers, without cost to the latter, against industrial diseases, accidents and death.

**Political Demands**—First: The absolute freedom of press, speech and assemblage.

Second: The adoption of a graduated income tax, the increase of the rates of the present corporation tax and the extension of inheritance taxes, graduated in proportion to the value of the estate and to nearness of kin—the proceeds of these taxes to be employed in the socialization of industry.

Third: The gradual reduction of all tariff duties, particularly those on the necessities of life. The Government to guarantee the re-employment of wage-earners who may be disemployed by reason of changes in tariff schedules.

Fourth: The abolition of the monopoly ownership of patents and the substitution of collective ownership, with direct rewards to inventors by premiums or royalties.

Fifth: Unrestricted and equal suffrage for men and women.

Sixth: The adoption of the initiative, referendum and recall and of proportional representation, nationally as well as locally.

Seventh: The abolition of the Senate and of the veto power of the President.

Eighth: The election of the President and Vice-President by direct vote of the people.

Ninth: The abolition of the power usurped by the Supreme Court of the United States to pass upon the constitutionality of the legislation enacted by Congress. National laws to be repealed only by act of Congress or by a referendum vote of the whole people.

Tenth: The abolition of the present restrictions upon the amendment of the Constitution, so that that instrument may be made amendable by a majority of the voters in a majority of the States.

Eleventh: The granting of the right of suffrage in the District of Columbia with representation in Congress and a democratic form of municipal government for purely local affairs.

Twelfth: The extension of democratic government to all United States territory.

Thirteenth: The enactment of further measures for general education and particularly for vocational education in useful pursuits. The Bureau of Education to be made a department.

Fourteenth: The enactment of further measures for the conservation of health. The creation of an independent Bureau of Health, with such restrictions as will secure full liberty to all schools of practice.

Fifteenth: The separation of the present Bureau of Labor from the Department of Commerce and Labor and its elevation to the rank of a department.

Sixteenth: Abolition of all Federal District Courts and the United States Circuit Courts of Appeals. State courts to have jurisdiction in all cases arising between citizens of the several States and foreign corporations. The election of all Judges for short terms.

Seventeenth: The immediate curbing of the power of the courts to issue injunctions.

Eighteenth: The free administration of justice.

Nineteenth: The calling of a convention for the revision of the Constitution of the United States.

Such measures of relief as we may be able to force from capitalism are but a preparation of the workers to seize the whole powers of government, in order that they may thereby lay hold of the whole system of socialized industry and thus come to their rightful inheritance.

## CONGRESSIONAL COMMITTEES.

SENATE COMMITTEES OF THE UNITED STATES FOR THE SIXTY-FOURTH CONGRESS.  
STANDING COMMITTEES.

ON ADDITIONAL ACCOMMODATIONS FOR THE LIBRARY OF CONGRESS.—Boies Penrose, Pa., Chairman; Miles Poindexter, Wash.; William J. Stone, Mo.; William Hughes, N. J.; James K. Vardaman, Miss.

ON AGRICULTURE AND FORESTRY.—Thomas F. Gore, Okla., Chairman; George E. Chamberlain, Ore.; Ellison D. Smith, S. C.; Hoke Smith, Ga.; Morris Sheppard, Tex.; John F. Shafroth, Col.; Joseph E. Ransdell, La.; William H. Thompson, Kan.; Ed. S. Johnson, S. Dak.; Francis E. Warren, Wyo.; Carroll S. Page, Vt.; Asle J. Gronna, N. Dak.; James H. Brady, Idaho; George W. Norris, Neb.; William S. Kenyon, Ia.; James W. Wadsworth, Jr., N. Y.

ON APPROPRIATIONS.—Thomas S. Martin, Va., Chairman; Lee S. Overman, N. C.; Robert L. Owen, Okla.; John Walter Smith, Md.; George E. Chamberlain, Ore.; Luke Lea, Tenn.; Nathan P. Bryan, Fla.; John F. Shafroth, Col.; Benjamin R. Tillman, S. C.; Charles A. Culberson, Tex.; Oscar W. Underwood, Ala.; Joe T. Robinson, Ark.; Francis E. Warren, Wyo.; Jacob H. Gallinger, N. H.; Reed Smoot, Utah; George T. Oliver, Pa.; William P. Dillingham, Vt.; Wesley L. Jones, Wash.; Charles E. Townsend, Mich.; Charles Curtis, Kan.

TO AUDIT AND CONTROL THE CONTINGENT EXPENSES OF THE SENATE.—Luke Lea, Tenn., Chairman; John F. Shafroth, Col.; James A. Reed, Mo.; William P. Dillingham, Vt.; Reed Smoot, Utah.

ON BANKING AND CURRENCY.—Robert L. Owen, Okla., Chairman; Gilbert M. Hitchcock, Neb.; James A. Reed, Mo.; Atlee Pomerene, O.; John F. Shafroth, Col.; Henry F. Hollis, N. H.; Blair Lee, Md.; Paul O. Husting, Wis.; Duncan U. Fletcher, Fla.; Knute Nelson, Minn.; George P. McLean, Conn.; John W. Weeks, Mass.; Carroll S. Page, Vt.; Asle J. Gronna, N. Dak.; George W. Norris, Neb.

ON CANADIAN RELATIONS.—John K. Shields, Tenn., Chairman; Joseph E. Ransdell, La.; Thomas F. Gore, Okla.; John Walter Smith, Md.; Henry L. Myers, Mont.; George T. Oliver, Pa.; Lawrence Y. Sherman, Ill.; Charles Curtis, Kan.; James W. Wadsworth, Jr., N. Y.

ON THE CENSUS.—William E. Chilton, W. Va., Chairman; Morris Sheppard, Tex.; Benjamin F. Shively, Ind.; James E. Martine, N. J.; Robert F. Broussard, La.; Henry F. Ashurst, Ariz.; Joe T. Robinson, Ark.; Robert M. La Follette, Wis.; Albert B. Cummins, Ia.; Henry A. du Pont, Del.; George P. McLean, Conn.; Charles E. Townsend, Mich.

ON CIVIL SERVICE AND RETIREMENT.—Atlee Pomerene, O., Chairman; Ollie M. James, Ky.; Henry F. Hollis, N. H.; John K. Shields, Tenn.; Joseph E. Ransdell, La.; Blair Lee, Md.; Oscar W. Underwood, Ala.; Joe T. Robinson, Ark.; Albert B. Cummins, Ia.; Robert M. La Follette, Wis.; Reed Smoot, Utah; Le Baron B. Colt, R. I.; Thomas Sterling, S. Dak.

ON CLAIMS.—Nathan P. Bryan, Fla., Chairman; Charles F. Johnson, Me.; Harry Lane, Ore.; Blair Lee, Md.; Ed. S. Johnson, S. Dak.; J. C. W. Beckham, Ky.; Robert F. Broussard, La.; Edwin C. Burleigh, Me.; Nathan Goff, W. Va.; Asle J. Gronna, N. Dak.; Thomas B. Catron, N. M.; Warren G. Harding, O.; James W. Wadsworth, Jr., N. Y.

ON COAST AND INSULAR SURVEY.—Willard Saulsbury, Del., Chairman; Charles A. Culberson, Tex.; John H. Bankhead, Ala.; Key Pittman, Nev.; Blair Lee, Md.; Charles E. Townsend, Mich.; John D. Works, Cal.; James H. Brady, Idaho; Thomas Sterling, S. Dak.

ON COAST DEFENCES.—Blair Lee, Md., Chairman; Charles F. Johnson, Me.; Furnifold McL. Simmons, N. C.; John Walter Smith, Md.; Harry Lane, Ore.; James D. Phelan, Cal.; Henry A. du Pont, Del.; Thomas B. Catron, N. M.;

John W. Weeks, Mass.; Edwin C. Burleigh, Me.; Warren G. Harding, O.

ON COMMERCE.—James P. Clarke, Ark., Chairman; Duncan U. Fletcher, Fla.; George E. Chamberlain, Ore.; Joseph E. Ransdell, La.; Morris Sheppard, Tex.; James K. Vardaman, Miss.; John K. Shields, Tenn.; Thomas S. Martin, Va.; John H. Bankhead, Ala.; Furnifold McL. Simmons, N. C.; James A. Reed, Mo.; Knute Nelson, Minn.; William Alden Smith, Mich.; George T. Oliver, Pa.; Wesley L. Jones, Wash.; Henry F. Lippitt, R. I.; William S. Kenyon, Ia.; Lawrence Y. Sherman, Ill.; Warren G. Harding, O.

ON CONSERVATION OF NATIONAL RESOURCES.—James K. Vardaman, Miss., Chairman; Ellison D. Smith, S. C.; Francis G. Newlands, Nev.; John H. Bankhead, Ala.; Marcus A. Smith, Ariz.; Blair Lee, Md.; Ed. S. Johnson, S. Dak.; James E. Martine, N. J.; Clarence D. Clark, Wyo.; Wesley L. Jones, Wash.; Asle J. Gronna, N. Dak.; James H. Brady, Idaho; Nathan Goff, W. Va.; Thomas Sterling, S. Dak.; John W. Weeks, Mass.

ON CORPORATIONS ORGANIZED IN THE DISTRICT OF COLUMBIA.—Robert M. La Follette, Wis., Chairman; Henry F. Lippitt, R. I.; William J. Stone, Mo.; Benjamin F. Shively, Ind.; Henry F. Ashurst, Ariz.

ON CUBAN RELATIONS.—Oscar W. Underwood, Ala., Chairman; Paul O. Husting, Wis.; Henry F. Ashurst, Ariz.; William Alden Smith, Mich.; George Sutherland, Utah.

ON DISPOSITION OF USELESS PAPERS IN THE EXECUTIVE DEPARTMENTS.—Wesley L. Jones, Wash., Chairman; Lawrence Y. Sherman, Ill.; Harry Lane, Ore.; James E. Martin, N. J.; Henry F. Hollis, N. H.

ON THE DISTRICT OF COLUMBIA.—John Walter Smith, Md., Chairman; Atlee Pomerene, O.; Marcus A. Smith, Ariz.; John W. Kern, Ind.; Henry F. Hollis, N. H.; Ollie M. James, Ky.; Willard Saulsbury, Del.; Thomas S. Martin, Va.; William P. Dillingham, Vt.; Wesley L. Jones, Wash.; John D. Works, Cal.; William S. Kenyon, Ia.; Lawrence Y. Sherman, Ill.; Thomas Sterling, S. Dak.

ON EDUCATION AND LABOR.—Hoke Smith, Ga., Chairman; Benjamin F. Shively, Ind.; Claude A. Swanson, Va.; James E. Martine, N. J.; Charles F. Johnson, Me.; Oscar W. Underwood, Ala.; William E. Borah, Idaho; Boies Penrose, Pa.; Carroll S. Page, Vt.; George P. McLean, Conn.; William S. Kenyon, Ia.

ON ENGROSSED BILLS.—Francis E. Warren, Wyo., Chairman; F. M. Simmons, N. C.; Blair Lee, Md.

ON ENROLLED BILLS.—Henry F. Hollis, N. H., Chairman; Ollie M. James, Ky.; Charles Curtis, Kan.

TO EXAMINE THE SEVERAL BRANCHES OF THE CIVIL SERVICE.—William Alden Smith, Mich., Chairman; Frank B. Brandegee, Conn.; Charles Curtis, Kan.; Luke Lea, Tenn.; Charles A. Culberson, Tex.; Furnifold McL. Simmons, N. C.; John Walter Smith, Md.

ON EXPENDITURES IN THE DEPARTMENT OF AGRICULTURE.—Morris Sheppard, Tex., Chairman; Furnifold McL. Simmons, N. C.; Thomas P. Gore, Okla.; Henry F. Lippitt, R. I.; James W. Wadsworth, Jr., N. Y.

ON EXPENDITURES IN THE DEPARTMENT OF COMMERCE.—William H. Thompson, Kan., Chairman; Thomas S. Martin, Va.; Oscar W. Underwood, Ala.; Albert B. Fall, N. M.; James H. Brady, Idaho.

ON EXPENDITURES IN THE DEPARTMENT OF JUSTICE.—George Sutherland, Thomas B. Catron, N. M.; Miles Poindexter, Wash.; Claude A. Swanson, Va.; Henry F. Hollis, N. H.; Henry F. Ashurst, Ariz.; James E. Martine, N. J.

ON EXPENDITURES IN THE DEPART-

MENT OF JUSTICE.—George Sutherland, Utah, Chairman; William E. Borah, Idaho; Henry A. du Pont, Del.; Key Pittman, Nev.; Joe T. Robinson, Ark.; Charles S. Thomas, Col.; Ollie M. James, Ky.

ON EXPENDITURES IN THE DEPARTMENT OF LABOR.—J. C. W. Beckham, Ky., Chairman; Harry Lane, Ore.; Paul O. Husting, Wis.; Thomas B. Catron, N. M.; Nathan Goff, W. Va.

ON EXPENDITURES IN THE NAVY DEPARTMENT.—William Hughes, N. J., Chairman; Thomas S. Martin, Va.; Benjamin R. Tillman, S. C.; Asle J. Gronna, N. Dak.; William P. Dillingham, Vt.

ON EXPENDITURES IN THE POST-OFFICE DEPARTMENT.—Thomas W. Hardwick, Ga., Chairman; Blair Lee, Md.; Harry Lane, Ore.; William Alden Smith, Mich.; Lawrence Y. Sherman, Ill.

ON EXPENDITURES IN THE DEPARTMENT OF STATE.—Hamilton Lewis, Ill., Chairman; William J. Stone, Mo.; Joseph E. Ransdell, La.; Boies Penrose, Pa.; Henry F. Lippitt, R. I.

ON EXPENDITURES IN THE TREASURY DEPARTMENT.—Joe T. Robinson, Ark., Chairman; John Walter Smith, Md.; Luke Lea, Tenn.; John D. Works, Cal.; Warren G. Harding, O.

ON EXPENDITURES IN THE WAR DEPARTMENT.—Henry A. du Pont, Del., Chairman; William S. Kenyon, Ia.; George W. Norris, Neb.; Harry Lane, Ore.; Charles S. Thomas, Ky.; John Sharp Williams, Miss.

ON FINANCE.—Furnifold McL. Simmons, N. C., Chairman; William J. Stone, Mo.; John Sharp Williams, Miss.; Charles F. Johnson, Me.; Benjamin F. Shively, Ind.; Hoke Smith, Ga.; Charles S. Thomas, Col.; Ollie M. James, Ky.; William Hughes, N. J.; Thomas P. Gore, Okla.; Boies Penrose, Pa.; Henry Cabot Lodge, Mass.; Porter J. McCumber, N. Dak.; Reed Smoot, Utah; Jacob H. Gallinger, N. H.; Clarence D. Clark, Wyo.; Robert M. La Follette, Wis.

ON FISHERIES.—Charles F. Johnson, Me., Chairman; Duncan U. Fletcher, Fla.; Thomas S. Martin, Va.; Harry Lane, Ore.; Paul O. Husting, Wis.; John D. Works, Cal.; Wesley L. Jones, Wash.; Edwin C. Burleigh, Me.; Charles Curtis, Kan.

ON THE FIVE CIVILIZED TRIBES OF INDIANS.—Knute Nelson, Minn., Chairman; LeBaron B. Colt, R. I.; Benjamin R. Tillman, S. C.; James P. Clarke, Ark.; Francis G. Newlands, Nev.

ON FOREIGN RELATIONS.—William J. Stone, Mo., Chairman; Benjamin F. Shively, Ind.; James P. Clarke, Ark.; Gilbert M. Hitchcock, Neb.; James A. O'Gorman, N. Y.; John Sharp Williams, Miss.; Claude A. Swanson, Va.; Atlee Pomerene, O.; Marcus A. Smith, Ariz.; Willard Saulsbury, Del.; Henry Cabot Lodge, Mass.; William Alden Smith, Mich.; Porter J. McCumber, N. Dak.; George Sutherland, Utah; William E. Borah, Idaho; Frank B. Brandegee, Conn.; George T. Oliver, Pa.

ON FOREST RESERVATIONS AND THE PROTECTION OF GAME.—Harry Lane, Ore., Chairman; Benjamin R. Tillman, S. C.; Lee S. Overman, N. C.; Gilbert M. Hitchcock, Neb.; Robert F. Broussard, La.; George P. McLean, Conn.; George W. Norris, Neb.; John W. Weeks, Mass.; Lawrence Y. Sherman, Ill.

ON THE GEOLOGICAL SURVEY.—Clarence D. Clark, Wyo., Chairman; Albert B. Fall, N. M.; George W. Norris, Neb.; John W. Kern, Ind.; Ellison D. Smith, S. C.; Ollie M. James, Ky.; Marcus A. Smith, Ariz.

ON IMMIGRATION.—Ellison D. Smith, S. C., Chairman; John W. Kern, Ind.; James A. O'Gorman, N. Y.; Thomas P. Gore, Okla.; Thomas W. Hardwick, Ga.; Paul O. Husting, Wis.; Ed. S. Johnson, S. Dak.; Henry Cabot Lodge, Mass.; William P. Dillingham, Vt.; Boies Penrose, Pa.; LeBaron B. Colt, R. I.; Nathan Goff, W. Va.; Thomas Sterling, S. Dak.

ON INDIAN AFFAIRS.—Henry F. Ashurst, Ariz., Chairman; Henry L. Myers, Mont.; Key

Pittman, Nev.; Harry Lane, Ore.; Robert L. Owen, Okla.; Hamilton Lewis, Ill.; Paul O. Husting, Wis.; Ed. S. Johnson, S. Dak.; Thomas J. Walsh, Mont.; Moses E. Clapp, Minn.; Robert M. La Follette, Wis.; Carroll S. Page, Vt.; Asle J. Gronna, N. Dak.; Albert B. Fall, N. M.; Charles Curtis, Kan.

ON INDIAN DEPREDACTIONS.—William E. Borah, Idaho, Chairman; Porter J. McCumber, N. Dak.; Edwin C. Burleigh, Me.; John W. Weeks, Mass.; James W. Wadsworth Jr., N. Y.; Claude A. Swanson, Va.; Henry L. Myers, Mont.; Duncan U. Fletcher, Fla.; Atlee Pomerene, O.; Francis G. Newlands, Nev.; Charles F. Johnson, Me.

ON INDUSTRIAL EXPOSITIONS.—James E. Martine, N. J., Chairman; Lee S. Overman, N. C.; Henry L. Myers, Mont.; Thomas W. Hardwick, Ga.; James D. Phelan, Cal.; Ed. S. Johnson, S. Dak.; Paul O. Husting, Wis.; George T. Oliver, Penn.; Asle J. Gronna, N. Dak.; John D. Works, Cal.; Thomas B. Catron, N. M.; William Alden Smith, Mich.; George W. Norris, Neb.

ON INTEROCEANIC CANALS.—James A. O'Gorman, N. Y., Chairman; John K. Shields, Tenn.; Thomas J. Walsh, Mont.; Furnifold McL. Simmons, N. C.; William H. Thompson, Kan.; Robert F. Broussard, La.; Oscar W. Underwood, Ala.; James D. Phelan, Cal.; Frank B. Brandegee, Conn.; William E. Borah, Idaho; Carroll S. Page, Vt.; Albert B. Cummins, Ia.; LeBaron B. Colt, R. I.; Nathan Goff, W. Va.

ON INTERSTATE COMMERCE.—Francis G. Newlands, Nev., Chairman; Ellison D. Smith, S. C.; Atlee Pomerene, O.; Henry L. Myers, Mont.; Joe T. Robinson, Ark.; Willard Saulsbury, Del.; William H. Thompson, Kan.; Hamilton Lewis, Ill.; Thomas P. Gore, Okla.; Oscar W. Underwood, Ala.; Moses E. Clapp, Minn.; Albert B. Cummins, Ia.; George T. Oliver, Penn.; Henry F. Lippitt, R. I.; Charles E. Townsend, Mich.; Robert M. La Follette, Wis.; Miles Poindexter, Wash.

TO INVESTIGATE TRESPASSERS UPON INDIAN LANDS.—Paul O. Husting, Wis., Chairman; Blair Lee, Md.; J. C. W. Beckham, Ky.; Miles Poindexter, Wash.; Warren G. Harding, O.

ON IRRIGATION AND RECLAMATION OF ARID LANDS.—Marcus A. Smith, Ariz., Chairman; Harry Lane, Ore.; Key Pittman, Nev.; William H. Thompson, Kan.; Morris Sheppard, Tex.; Thomas J. Walsh, Mont.; James D. Phelan, Cal.; Wesley L. Jones, Wash.; Francis E. Warren, Wyo.; George Sutherland, Utah; William E. Borah, Idaho; John D. Works, Cal.; Thomas B. Catron, N. M.

REVISION OF THE LAWS OF THE UNITED STATES (JOINT).—Paul O. Husting, Wis.; George E. Chamberlain, Ore.; Joe T. Robinson, Ark.; George Sutherland, Utah; LeBaron B. Colt, R. I.

ON THE JUDICIARY.—Charles A. Culberson, Tex., Chairman; Lee S. Overman, N. C.; William E. Chilton, W. Va.; James A. O'Gorman, N. Y.; Duncan U. Fletcher, Fla.; James A. Reed, Mo.; Henry F. Ashurst, Ariz.; John K. Shields, Tenn.; Thomas J. Walsh, Mont.; Hoke Smith, Ga.; Clarence D. Clark, Wyo.; Knute Nelson, Minn.; William P. Dillingham, Vt.; George Sutherland, Utah; Frank B. Brandegee, Conn.; William E. Borah, Idaho; Albert B. Cummins, Ia.; John D. Works, Cal.

ON THE LIBRARY.—John Sharp Williams, Miss., Chairman; Benjamin F. Shively, Ind.; Hoke Smith, Ga.; Francis G. Newlands, Nev.; J. C. W. Beckham, Ky.; Albert B. Cummins, Ia.; Jacob H. Gallinger, N. H.; Henry A. du Pont, Del.

ON MANUFACTURES.—James A. Reed, Mo., Chairman; Ellison D. Smith, S. C.; Atlee Pomerene, O.; James A. O'Gorman, N. Y.; Hamilton Lewis, Ill.; Robert F. Broussard, La.; George T. Oliver, Penn.; Robert M. La Follette, Wis.; Albert B. Cummins, Ia.; George P. McLean, Conn.; Jacob H. Gallinger, N. H.

ON MILITARY AFFAIRS.—George E. Chamberlain, Ore., Chairman; Gilbert M. Hitchcock,

Neb.; Luke Lea, Tenn.; Duncan U. Fletcher, Fla.; Henry L. Myers, Mont.; Charles S. Thomas, Col.; James P. Clarke, Ark.; Morris Sheppard, Tex.; J. C. W. Beckham, Ken.; Robert F. Broussard, La.; Henry A. du Pont, Del.; Francis E. Warren, Wyo.; Thomas B. Catron, N. M.; James H. Brady, Idaho; Nathan Goff, W. Va.; LeBaron B. Colt, R. I.; John W. Weeks, Mass.

**ON MINES AND MINING.**—Thomas J. Walsh, Mont., Chairman; Henry F. Ashurst, Ariz.; Key Pittman, Nev.; John F. Shafer, Col.; William E. Chilton, W. Va.; James D. Phelan, Cal.; Miles Poindexter, Wash.; Albert B. Fall, N. M.; Thomas Sterling, S. Dak.; Henry F. Lippitt, R. I.

**ON THE MISSISSIPPI RIVER AND ITS TRIBUTARIES.**—Albert B. Cummins, Ia., Chairman; Thomas Sterling, S. Dak.; James W. Wadsworth, Jr., N. Y.; John Sharp Williams, Miss.; John K. Shields, Tenn.; William J. Stone, Mo.; Robert F. Broussard, La.

**ON NATIONAL BANKS.**—Robert F. Broussard, La., Chairman; James E. Martine, N. J.; Hamilton Lewis, Ill.; James H. Brady, Idaho; Clarence D. Clark, Wyo.

**ON NAVAL AFFAIRS.**—Benjamin R. Tillman, S. C., Chairman; Claude A. Swanson, Va.; Nathan P. Bryan, Fla.; Charles F. Johnson, Me.; William E. Chilton, W. Va.; James A. O'Gorman, N. Y.; John Walter Smith, Md.; Hamilton Lewis, Ill.; James D. Phelan, Cal.; Key Pittman, Nev.; Boies Penrose, Pa.; Moses E. Clapp, Minn.; Henry Cabot Lodge, Mass.; William Alden Smith, Mich.; Carroll S. Page, Vt.; Miles Poindexter, Wash.; Albert B. Fall, N. M.

**ON PACIFIC ISLANDS AND PORTO RICO.**—John F. Shafer, Col., Chairman; John W. Kern, Ind.; Willard Saulsbury, Del.; James K. Vardaman, Miss.; Ollie M. James, Ken.; Hamilton Lewis, Ill.; Robert F. Broussard, La.; Miles Poindexter, Wash.; Moses E. Clapp, Minn.; Albert B. Fall, N. M.; Edwin C. Burleigh, Me.; Nathan Goff, W. Va.

**ON PACIFIC RAILROADS.**—Frank B. Brandegee, Conn., Chairman; Jacob H. Gallinger, N. H.; Porter J. McCumber, N. Dak.; Wesley L. Jones, Wash.; Charles E. Townsend, Mich.; Benjamin F. Shively, Ind.; James A. Reed, Mo.; William J. Stone, Mo.; Ed S. Johnson, S. Dak.; Joe T. Robinson, Ariz.; Charles S. Thomas, Col.

**ON PATENTS.**—Ollie M. James, Ken., Chairman; Benjamin F. Shively, Ind.; Ellison D. Smith, S. C.; Thomas P. Gore, Okla.; Frank B. Brandegee, Conn.; William S. Kenyon, Ia.; LeBaron B. Colt, R. I.

**ON PENSIONS.**—Benjamin F. Shively, Ind., Chairman; Nathan P. Bryan, Fla.; Charles F. Johnson, Me.; William Hughes, N. J.; Thomas J. Walsh, Mont.; Ed S. Johnson, S. Dak.; James D. Phelan, Cal.; Porter J. McCumber, N. Dak.; Reed Smoot, Utah; Miles Poindexter, Wash.; Nathan Goff, W. Va.; Thomas Sterling, S. Dak.; Lawrence Y. Sherman, Ill.

**ON THE PHILIPPINES.**—Gilbert M. Hitchcock, Neb., Chairman; Duncan U. Fletcher, Fla.; James A. Reed, Mo.; Harry Lane, Ore.; Joseph E. Ransdell, La.; John F. Shafer, Col.; William H. Thompson, Kan.; J. C. W. Beckham, Ken.; James D. Phelan, Cal.; George P. McLean, Conn.; Henry F. Lippitt, R. I.; William S. Kenyon, Ia.; Moses E. Clapp, Minn.; Albert B. Fall, N. M.; Edwin C. Burleigh, Me.

**ON POST OFFICES AND POST ROADS.**—John H. Bankhead, Ala.; Ellison D. Smith, S. C.; Claude A. Swanson, Va.; Nathan P. Bryan, Fla.; James E. Martine, N. J.; Luke Lea, Tenn.; James K. Vardaman, Miss.; Thomas W. Hardwick, Ga.; J. C. W. Beckham, Ky.; Boies Penrose, Pa.; Charles E. Townsend, Mich.; Thomas B. Catron, N. M.; LeBaron B. Colt, R. I.; John W. Weeks, Mass.; Thomas Sterling, S. Dak.; George P. McLean, Conn.

**ON PRINTING.**—Duncan U. Fletcher, Fla., Chairman; William E. Chilton, W. Va.; John W. Kern, Ind.; Marcus A. Smith, Ariz.; Hamilton Lewis, Ill.; Reed Smoot, Utah; Jacob H. Gallinger, N. H.; Carroll S. Page, Vt.

**ON PRIVATE LAND CLAIMS.**—Henry Cabot Lodge, Mass., Chairman; William Alden Smith, Mich.; Asie J. Gronna, N. Dak.; Benjamin R.

Tillman, S. C.; Charles S. Thomas, Col.; Gilbert M. Hitchcock, Neb.; Thomas J. Walsh, Mont.

**ON PRIVILEGES AND ELECTIONS.**—John W. Kern, Ind., Chairman; Luke Lea, Tenn.; Atlee Pomerene, O.; James A. Reed, Mo.; Charles F. Johnson, Me.; James K. Vardaman, Miss.; William Hughes, N. J.; Thomas J. Walsh, Mont.; William H. Thompson, Kan.; William P. Dillingham, Vt.; Moses E. Clapp, Minn.; George Sutherland, Utah; William S. Kenyon, Ia.; Lawrence Y. Sherman, Ill.; Albert B. Fall, N. M.

**ON PUBLIC BUILDINGS AND GROUNDS.**—Claude A. Swanson, Va., Chairman; James E. Martine, N. J.; James A. Reed, Mo.; Henry F. Ashurst, Ariz.; Harry Lane, Ore.; Willard Saulsbury, Del.; Charles A. Culberson, Tex.; Thomas W. Hardwick, Ga.; Robert F. Broussard, La.; George Sutherland, Utah; Francis E. Warren, Wyo.; Miles Poindexter, Wash.; Edwin C. Burleigh, Me.; James H. Brady, Idaho; Albert B. Fall, N. M.; James W. Wadsworth, Jr., N. Y.

**ON PUBLIC HEALTH AND NATIONAL QUARANTINE.**—Joseph E. Ransdell, La., Chairman; Duncan U. Fletcher, Fla.; Robert L. Owen, Okla.; Charles A. Culberson, Tex.; J. C. W. Beckham, Ky.; Oscar W. Underwood, Ala.; Reed Smoot, Utah; John D. Works, Cal.; James H. Brady, Idaho; John W. Weeks, Mass.; Charles E. Townsend, Mich.

**ON PUBLIC LANDS.**—Henry L. Myers, Mont., Chairman; Marcus A. Smith, Ariz.; Charles S. Thomas, Col.; William H. Thompson, Kan.; Key Pittman, Nev.; Joseph E. Ransdell, La.; George E. BOROUGH PRESIDENTS AND COMMISSIONERS OF PUBLIC WORKS IN NEW YORK CITY.

The Presidents of the five boroughs are elected at the same time as the Mayor, for a period of four years, their present terms expiring December 31, 1917. The Borough Presidents, within their respective boroughs, have charge of highway, sewer, and topographical work; of the care of public buildings and offices, and of the enforcement of the building code; the Presidents of the Boroughs of Queens and Richmond also have charge of street cleaning. Each Borough President is a member of the Board of Estimate and Apportionment, which controls the city's finances, and in which board their votes have the following value: Manhattan, 2; Brooklyn, 2; Bronx, Queens, and Richmond, each 1, totalling 7. The total vote of the board is 16; the remaining 9 votes are divided equally among the Mayor, Comptroller, and the President of the Board of Aldermen. The President of each borough is also a member of the Board of Aldermen, and is Chairman of the several local improvement boards, composed of the Aldermen in his borough. The Secretary of the borough is Secretary of the local boards.

The Borough President has power to appoint a Commissioner of Public Works for his borough, who acts as his deputy, and has supervision over all bureaus except the Building Bureau. The President of

the borough has cognizance and control over all matters relating to the improvement and repair of public buildings in his borough, except buildings of the Departments of Police, Fire, Charities, Correction, Education, and Bellevue and allied hospitals, and is responsible for the maintenance of those public offices which the city leases. He is also empowered to exercise the supervision vested in the city over the construction and erection of new buildings, and the alteration of existing buildings in his borough, except such powers as are directly vested in the Tenement House Department and for this purpose he is authorized to appoint a Superintendent of Buildings.

Among the miscellaneous powers of the Borough President are the following:

Licensing of sub-surface vault spaces.

Removal of encumbrances upon the sidewalks and highways.

Control over projecting signs.

Granting permission to use and open streets for any purpose.

Construction and maintenance of all bridges and tunnels, except those crossing navigable streams.

Care of public baths, comfort stations and the placing of street signs. (See City Charter.)

ANALYSIS OF INCREASE OF URBAN POPULATION, 1900-1910.

CITIES CLASSIFIED ACCORDING TO THEIR POPULATION IN 1910.

CONSTANCY OF EMPLOYMENT OF WAGE-EARNERS.

THE Census Bureau on November 24, 1911, issued a statement showing greatest variation in the number employed by the leading industries in the United States. The average number of wage-earners employed in all these industries during 1909 was 6,615,046; the largest number, 7,006,853, was employed in November, and the smallest number, 6,210,063, in January, equal to 88.6 per cent. of the maximum. The statistics are embraced in the following tables:

INDUSTRIES IN WHICH LARGEST NUMBER OF WAGE-EARNERS ARE EMPLOYED.

| INDUSTRIES.                                                                     | Average Number of Wage-Earners. | MAXIMUM MONTH. |                         | MINIMUM MONTH. |                         |                       |
|---------------------------------------------------------------------------------|---------------------------------|----------------|-------------------------|----------------|-------------------------|-----------------------|
|                                                                                 |                                 | Month.         | Number of Wage-Earners. | Month.         | Number of Wage-Earners. | Per Cent. of Maximum. |

## AMUSEMENT PLACES IN MANHATTAN AND BRONX.

SEATING capacity is given from information furnished by the owners or managers of the theatres, but as some houses are able to add extra seats during important engagements the figures, in a few cases, are likely to vary slightly. On December 12, 1911, the Board of Aldermen adopted a charter amendment permitting standees in theatres. The amendment provides that "any number of persons or rows of persons" may stand in the aisles back of the seats on the orchestra floor, provided that a space six feet wide be kept clear when the aisles are sixteen feet wide or under, and that ten feet shall be kept clear when the aisles are more than sixteen feet in width. Only one row of standees is permitted in the galleries.

| THEATRES, ETC.                | Location.                          | Proprietors or Managers.                 | Seating Capacity |

\* Vaudeville and moving pictures. † Moving pictures.

The hour for beginning theatrical performances in New York varies, being dictated by the length of the plays. Curtains rise between 8 and 8.30 P. M.; doors at all theatres open at 7.30 P. M. Saturday matinees are given at all theatres; mid-week matinees are given on Tuesdays, Wednesdays or Thursdays, the days varying at different theatres and attractions. A few popular-price theatres and all-vaudeville houses give daily matinees. Such afternoon performances begin about 2 P. M.

The standard price for the best seats in New York theatres of the first class is \$2, and in some houses \$2.50, the scale grading down to fifty cents, according to location.

The standard price for the best seats at the so-called popular-price theatres is \$1, the scale grading down to twenty-five cents, according to location. At these theatres matinee seats are usually sold at reduced rates. A number of large theatres in New York are being used as mixed moving-picture and vaudeville houses. Among such theatres are the Savoy, Lincoln Square, Third Avenue, New Star, Grand Street Theatre, Proctor's 23d and 58th Street Theatres, Circle, Herald Square, American Roof, Bijou, Broadway, Miner's Eighth Ave., The Nemo, the Greeley Square at 6th Ave. and 30th St.; Delancey Street, Delancey and Suffolk Sts.; Avenue B, 5th St. and Ave. B; 86th Street Theatre, 86th St., near 3d Ave.; National, Bergen and Westchester Aves.; Boulevard, So. Boulevard, near Westchester Ave.; Eighty-first Street, 81st St. and Broadway; Gotham, 125th St. and 3d Ave.; Miner's Bowery (Royal), Bowery, near Delancey St.; Stanley, 536 7th Ave.; Peoples, 199 Bowery. The prices of admission vary at these houses when used for moving-picture entertainments, some as low as ten cents.

The standard price for the best seats at the Metropolitan Opera House is \$6, the scale grading down to \$1, according to location. At this house seats and boxes are sold by annual subscription also. Some of the boxes are leased or owned outright; such boxes are valued as high as \$100,000.

In the number, beauty and convenience of its theatres New York now leads all other cities of the world. Architecturally and in art treasures, however, some of the municipal and State endowed theatres of Continental Europe still excel. The New York Hippodrome, seating 5,200 people, is the largest and finest place of amusement of its kind in the world.

MUSEUMS AND ART GALLERIES.

IN MANHATTAN AND BROOKLYN.

THE Metropolitan Museum of Art (Robert W. de Forest, President; Edward Robinson, Director) in Central Park, main entrance on Fifth Ave. at 82d St. Open daily, including Sundays. Botanical Gardens (Bronx Park). Open daily from 10 A. M. to 4.30 P. M. Free.

Aquarium, Castle Garden, Battery Park. Admission free.

## BANKS IN MANHATTAN AND BRONX.

THE Clearing-House is at 77 Cedar Street, Manhattan Borough. Wm. Sherer is Manager, Wm. J. Gilpin, Assistant Manager. Forty-five banks and fifteen trust companies are associated for the purpose of exchanging the checks and bills they hold against one another. The Federal Reserve Bank of New York and the Ass't Treasurer of the United States at New York also clear. Other banks, not members of the association, clear through members. The representatives of the members appear at the Clearing-House at 10 o'clock every business day, with the checks and bills to be exchanged. The resulting balances are ascertained in about an hour, and before 1.30 o'clock those indebted pay their balances, and after that hour the other banks receive the amounts due them. The Clearing-House has been in operation since 1853.

Following are extracts from the Manager's annual report for year ended September 30, 1915: The Clearing-House transactions for the year have been as follows: Exchanges, \$90,842,707.723; balances, \$5,340,846,740; total transactions, \$96,183,554,464. The average daily transactions: Exchanges, \$299,819,916; balances, \$17,626,556; total, \$317,447,473. Total transactions since organization of Clearing-House (62 years): Exchanges, \$2,599,876,748,777; balances, \$123,137,986,997; total, \$2,723,014,735,775.

Banks are open from 10 A. M. to 3 P. M., and on Saturdays from 10 A. M. to 12 noon. Commercial paper, except sight or demand bills, falling due on Saturday is payable on the following business day.

**HEALTH LAWS REGULATION IN NEW YORK CITY.**

(From a pamphlet entitled "Your Rights and Duties Under the Health Laws of New York City," issued by the Metropolitan Life Insurance Company and indorsed by the Department of Health.)

The health laws of your city have been made to protect you from disease and from early death. They are to make you live long. They are the result of long experience. They are to protect you and your family.

The city officials are your representatives. When they direct you to do certain things and not to do certain other things, it means that you and the people who live next door and the people who live on the next street have made certain rules and regulations through them. Your representatives have made these in order to protect you; they have made them because such rules are necessary. Naturally you will want to live up to them.

If health laws are really to make more healthful conditions you should do your share. You should do what the law says. You should urge your friends to do so as well.

**CONTAGIOUS DISEASES.**

Contagious diseases are diseases that are "catching." They may spread quickly from the person who is sick to other people. Then these people also get sick from the disease. You should send to the Health Department the names and addresses of all persons either in your own family or in any other who may have any of the following illnesses:

|                                    |                     |                          |                |
|------------------------------------|---------------------|--------------------------|----------------|
| Diphtheria (croup)                 | Infantile paralysis | Tuberculosis             | Smallpox       |
| Chicken-pox                        | Measles             | Rubella (German measles) | Typhoid fever  |
| Epidemic cerebro-spinal meningitis | Mumps               | Scarlet fever            | Whooping-cough |

If you do this the Department of Health may be able to prevent the disease from spreading to other people. In addition to this, the Department of Health offers to help your family doctor recognize and treat the disease.

**SIGNS**—In a few of the common "catching" diseases the Department of Health puts a warning sign on the front door of the home in which the disease occurs. This is a sign that says that there is a contagious disease in the house. It may seem unpleasant to have a sign on the front door, but this is only to protect you. If your neighbor does not have such a sign on his door when there is a contagious disease in his home, you may not know that the disease is there and you will not be able to keep your children from playing with those who have it. It is very dangerous to allow children to play with those who have a contagious disease.

**BOOKLETS**—The company issues many circulars on these contagious diseases. You can get these free of charge from your agent.

**VACCINATION**—This is a slight scratching on the arm by a physician. Vaccine is then rubbed in and allowed to dry. You should be vaccinated. By doing this you will probably avoid having smallpox. This horrible disease often leaves pock marks on the face and body. In those who have not been vaccinated it often causes death. You can also protect yourself against typhoid fever by another kind of vaccination. This disease, as you know, is very common in this country. Get vaccinated, have your family vaccinated, encourage your neighbors to be vaccinated. If you do this you will be protected, and smallpox and typhoid fever will be stamped out.

**FOOD.**

The law says: You are entitled to clean, fresh, and wholesome food.

Be sure that your food dealer keeps his shop clean. If he does not keep the store clean do not hesitate to speak to him about it. If he does not even then clean up his store, notify the Department of Health.

**DIRTY FOOD**—The law says: You are entitled to have the food that is offered you in stores and on stands protected from dust, dirt, and flies. This does not, however, apply to food that is peeled and cooked before it is eaten. Be sure that the food that you buy is not soiled by dirt or flies. You will in this way avoid much disease.

**MILK**—The law says: You are entitled to clean milk which has not been changed in any way by having water or any other substance added to it. Milk, in order to be good, must be kept in a cool place. Be sure that the milk you buy has been cooled and that it has been carefully protected from dirt, flies, or anything else that would make it dangerous. The law says: Your milk dealer must have a permit issued by the Board of Health allowing him to sell milk. If he does not have one, call up or write to the Department of Health.

If your baby cannot be nursed at the breast, do not feed it any milk that is not marked "Grade A." Wash all your milk bottles when they are empty. Do not send back dirty milk bottles that may bring disease or even death to some one else's baby.

**LABELS**—The law says: You are entitled to receive just the foods for which you pay. It requires all foods to be truthfully labelled. Be sure, therefore, to read the labels carefully. Do not overlook the fine print!

**COLD STORAGE**—The law says: Every store that sells food that has been kept in cold storage must hang up a sign telling you that such is the case. If a dealer is selling food that has been in cold storage and does not tell you that it has been so kept, he is violating the law. Write to the Department of Health or call up 6280 Franklin about it.

**ANIMALS.**

**KEEPING ANIMALS**—You are not allowed to keep chickens, geese, ducks, pigeons, or other fowl within the city limits unless you have a permit from the Board of Health. You are not allowed to keep any animals in a tenement house.

No dogs, cats, or birds may be sold or kept for sale without a permit from the Board of Health.

**MUZZLING DOGS**—All dogs at large in New York City must wear muzzles. This is the only sure way to stamp out rabies (hydrophobia), a disease which is very common among animals in this city, and one that is very dangerous to persons who catch it by being bitten by rabid (mad) dogs. Such persons almost always die.

**NOISY ANIMALS**—You must not disturb your neighbors by keeping any birds, dogs, or other animals which, by making noises, annoy any person who lives near you. If your neighbors are keeping animals that disturb your rest, complain to the Department of Health. You and your family need wholesome refreshing sleep every night. Your neighbors have no right to disturb your rest.

**DEAD ANIMALS**—Report dead or dying animals that you see in the street, or in any other public place, to the Department of Health or to a police officer, who will see that the animals are promptly taken away.

**DRAINAGE AND GARBAGE.**

It is unhealthful to allow stagnant (standing) water to remain in the streets or in vacant lots. Mosquitoes breed in it. Vile odors come from it. Allow no water from a building to run across the sidewalk. By so doing you may cause some one, especially a child, to walk in the street where he may be run over. In the winter the water may freeze and be the cause of a broken leg. This does not mean, however, that the janitor shall not wash the pavement during the hours prescribed by law.

**GARBAGE CANS**—The law says: The owner of a tenement must provide a can in which the people who live in the house can put their garbage, and a separate can in which to put ashes. Keep your garbage and ashes separate. You must not fill garbage and ash cans within four inches of the top. If you do so they may overflow.

Keep your garbage can covered. This is especially necessary if it is placed outside the building for collection. If you do not do this flies will come, and flies bring disease. In order that garbage may not

HEALTH LAW REGULATIONS IN NEW YORK CITY—Continued.

be spilled or thrown around, the law says that no person except the proper city collectors shall touch it. If your ashes and garbage are not regularly collected, notify the Department of Street Cleaning.

**PAPERS**—The Street Cleaning Department will give the janitor a bag for paper. This should hang in the basement. Before you place out, for the collector, papers and other articles that may be blown around, tie them in bundles.

**SMOKE, CINDERS, OFFENSIVE ODORS.**

The law says: You have the right to have pure, fresh air to breathe. If there is much dense smoke in your neighborhood, or if there are offensive or disagreeable odors, telephone 6280 Franklin, or write to the Department of Health.

**REPORTING OF BIRTHS.**

You should have your baby's birth registered at the Department of Health. The record will be very helpful in later years. It will admit the child to school, enable the child to obtain working papers, and later to vote. Birth certificates are necessary for many different purposes. Be sure that your baby's birth is recorded. A record of each birth must be sent to the Department of Health not more than ten days after the child is born. Ask your physician or midwife to do it for you. See that it is filled out and mailed.

**MIDWIVES**—The law says: Your midwife must be registered and licensed. Be sure that your midwife is registered. If a midwife is not registered and licensed by the Board of Health, she does not know her business and is not allowed to practise in this city. Protect yourself by having only such persons as have obeyed the law. A licensed midwife has the certificate of the Board of Health in her office.

**POISONS.**

The law says: Distinct poison labels must be on all boxes or bottles that contain a deadly substance. Be sure that such a label is on boxes or bottles, so that neither you nor your family will take poison by mistake. Many deaths occur each year because bottles of poison have not been labelled. If you keep any poisons in your home, put them on a high shelf so that the children cannot get at them.

Certain poisons can only be sold if ordered by a physician. Do not ask your druggist to sell you these without a prescription; he is not allowed to do so.

Wood alcohol is a very dangerous poison, and must never be used either for rubbing or for medicine. It often causes blindness. Be sure to keep wood alcohol away from the children.

**SPITTING.**

Do not spit. A single drop of sputum may contain thousands of deadly germs. Spitting is a filthy habit. Do not encourage it. Keep your children from starting it. If you must spit, use a handkerchief. You may be arrested and fined if you spit on a sidewalk or in a public place. If you see persons spitting in a car, on a ferry boat, or in a public place, speak to the conductor or public officer about it.

**DRINKING CUPS.**

Do not use a common drinking cup. You do not know the kind of person who used it last. It may contain dangerous disease germs. If you see a common cup in a public place, notify the Department of Health. The use of a common drinking cup in public places is forbidden by law. Be careful in your home. Do not use a cup or glass that has been used by some one else without washing it.

**TOWELS.**

Do not use a towel that has been used by some one else. It is dangerous to use such towels. You do not know what disease you may get. The law says: Public washrooms must not supply common roller towels. If they do so they are disobeying the law. Insist on individual towels. Paper towels are cheap and sanitary.

**PAPERING OF ROOMS IN APARTMENT HOUSES.**

No paper shall be placed upon a wall or ceiling of any tenement house unless all wall paper shall be first removed therefrom and said wall and ceiling thoroughly cleaned.

**CONCLUSION.**

Follow these suggestions and you will avoid much illness. You will be healthier and your life will be pleasant. Encourage your neighbors to follow these rules for their own sake and for yours. Speak to them about it. If any of these regulations are not followed, mention the fact to the person who is violating the law. If he does not follow it after you have told him, wait a little while and then notify your policeman or the Department of Health.

**CLINICS, HOSPITALS, AND INFANTS' HEALTH STATIONS.**

The Department of Health is maintained for your benefit. It is ready to help you if you will call on it. There are many clinics where you may be examined free of charge by experts to see if you have tuberculosis. If you think that you may have tuberculosis go to the nearest clinic and get a thorough examination. If you do not know where the clinics are, call up the Department of Health.

At many health stations in different parts of the city you can obtain expert medical advice in the care of your baby. If you have any trouble at all in bringing up your baby, go at once to your doctor, or if you cannot afford a private physician, go to one of the infants' health stations. The Board of Health will be glad to tell you which is the nearest.

The Department of Health has eleven clinics for the treatment of school children. If the school doctor sends word that the child's eyes are weak or diseased, or that the child's tonsils and adenoids need removal, or if the child's teeth need attention, be sure to follow the school doctor's advice and have the matter promptly attended to. If you cannot afford a private physician or dentist, you can get free treatment by experts at the clinics of the Department of Health. Or you can ask the school nurse, who will direct you.

**HOSPITALS**—If you cannot afford a physician, call up and ask the Department of Health as to the nearest hospital where you may receive free treatment.

## THE HEALTH OF NEW YORK CITY DURING 1914.

(From Department of Health Bulletin.)

THE year 1914 marked the lowest death rate ever attained in the city of New York, and definitely placed this city among the most healthful of the large cities of the world. The number of deaths reported during the year was 74,803, with a rate of 13.40 per 1,000 of the population, as against 73,902 deaths and a rate of 13.76 for the year 1913. Thus there has been a decrease in the death rate of .36 of a point, which is equivalent to saying that if the death rate of 1913 had prevailed during 1914 2,010 more deaths would have been recorded than actually took place.

The most noteworthy feature of the decreased mortality was the splendid record in infant mortality, only 95 infants dying out of every 1,000 born. This is the lowest infant death rate attained in the city of New York, the infant death rate in 1913 having been 102 per 1,000 births.

The following causes of death showed a considerable decrease in mortality: Typhoid fever, measles, scarlet fever, all forms of acute respiratory diseases and diarrheal diseases under five years of age. There were 10,286 deaths reported from all forms of tuberculosis, as against 10,031 deaths in 1913, an increase in the absolute figures of 255 deaths, the rate per 1,000 of the population being 1.84 during 1914, as against 1.87 in 1913, a slight decrease in the rate. There were 16,804 deaths reported from the combined causes of organic heart, kidney and brain diseases, as against 16,194 in 1913, an increase of 610 deaths; the number of deaths reported from cancer was 4,463, an increase of 240 over the figure of 1813; 4,516 infants died from congenital causes, such as malformations, marasmus, prematurity, etc., and 4,982 met with violent deaths. The death rate from purely accidental deaths decreased somewhat, while that from suicides increased considerably, there having been 915 deaths reported from this cause, 13,312 children died before the completion of the first year of life, 19,518 children died under the age of five years. There were 41,235 deaths reported of males as against 33,563 deaths of females; 30,825 deaths were reported from institutions; 29,561 from tenements; 11,819 from dwellings; 746 persons died in hotels, and 1,852 died in rivers, streets, etc.

The year 1914 also witnessed the greatest number of births that ever occurred in the history of the city of New York, there having been 149,647 children born during that year, an increase of 5,513 births over 1913. The number of marriages reported during the year was 53,052, as against 51,268 in 1913, an increase of 1,784.

## CAPACITY OF MUNICIPAL HOSPITALS AND SANATORIUMS OF THE CITY OF NEW YORK.

(From Department of Health Bulletin, statistics compiled March 1, 1915.)

THE following table shows the present capacity of the institutions, the number of beds available when buildings under construction are finished, and those which will be available when buildings authorized, but not yet begun, are finished:

| HOSPITAL OR SANATORIUM. | Present Capacity. | Available. | Available. | Total. | HOSPITAL OR SANATORIUM. | Present Capacity. | Available. | Available. | Total. |
|-------------------------|-------------------|------------|------------|--------|-------------------------|-------------------|------------|------------|--------|

THE ANCIENT AND MYSTICAL ORDER ROSAE CRUCIS.

The American Order of the Rose Crucis was established in New York City in February of 1915 after nine years' preparation. The American Supreme Council operates under a duly signed and sealed charter with the Ancient Constitution as its law. The order was originally established in Egypt in 1350 B. C., and is the oldest secret and fraternal order in the world to-day, with many millions of members in every country. Its teachings embrace all that is mystical, occult, scientific, philosophical, and helpful to one's health, happiness, and success. Branch lodges are being established in all the principal cities of the United States. Membership limited to men and women of good morals, over 21 professing a belief in a Supreme Being. The order is non-sectarian. Officers for America: Most Worshipful Grand Master and Imperator—H. Spencer Lewis, Commandant of the American Commandery, Knights of the Rose Crucis. Secretary-General—Hon. Thor. Kiimalehto, 80 Fifth Avenue, New York City. Meetings twice monthly in all temples.

SOCIALIST PARTY NATIONAL COMMITTEE.

WALTER LANFERSER, Executive Secretary, 803 West Madison Street, Chicago, Ill. This organization known nationally as the Socialist Party, is officially known as the Public Ownership Party in Minnesota, to conform to the election laws in that State. The National Executive Committee is composed of five members, elected by the referendum of the membership. The Executive Secretary is elected in like manner. The term of office is two years. The following are the Executive Committee: Emil Seidel, Milwaukee, Wis.; Arthur L. Sauer, Minot, N. Dak.; James H. Maurer, Reading, Pa.; Adolph Germer, Springfield, Ill.; George H. Goebel, Newark, N. J. The National Committee is composed of representatives from each organized State or Territory, of which there are 65. Representation is as follows: The National Committee consists of the State Secretaries of all organized States and Territories, or such other persons as the members of the party in the State elect by referendum vote, with one additional member from each State or Territory for every three thousand members in good standing in such State or Territory. For the purpose of determining the representation to which each State or Territory may be entitled, the National Secretary computes the beginning of each calendar year the average dues-paying membership of such State or Territory for the preceding year. Three years' consecutive membership in the party is necessary to qualify for membership in the National Committee.

PUBLIC MARKETS IN NEW YORK CITY.

The present public markets of the city are West Washington, Gansevoort, Washington, Jefferson, and Delancey in Manhattan, and Wallabout in Brooklyn.

**Washington Market**—Located at Fulton and West Streets. It covers an area of about 175 x 203 feet, and was established in 1812. It is a jobbing and retail market. Meat, fish and game, butter, eggs, cheese, fruits, and vegetables are sold there. The city charges for space in this market by the square foot.

**Jefferson Market**—Located at the corner of Greenwich Avenue and Sixth Avenue, and occupies about 36,000 square feet. This is a retail market. Space is rented by the city to dealers by the square foot.

**West Washington Market**—Established in 1889 at Gansevoort and West Streets. It covers an area of about 369 x 400 feet. There are ten buildings—two-story structures built in blocks of twenty stands each, with marketing space on the first floor and offices on the second. It is strictly a wholesale market in which meat, garden produce, and live poultry are sold. The stalls in this market are leased by the square foot.

**Gansevoort Market**—An open market square bounded by West, Little West Twelfth, Washington and Gansevoort Streets. It has no buildings of any kind. It is by legislation restricted to the use of farmers and gardeners for the sale of products they themselves have grown. Each farmer is charged a fee of 25 cents daily for space occupied by his wagon. It is mostly a wholesale market for dealers to purchase from farmers.

**Delancey Street Market**—A pushcart market located under the approach to Williamsburg Bridge at Pitt and Willett Streets, where fish, vegetables and fruits, and miscellaneous dry goods are sold. It occupies a space 400 x 100 feet. In the fish market places rent for from \$1.00 to \$2.00 a week, according to location. In the rest of the market a fee of 25 cents a day is charged for each cart.

**Wallabout Market**—Located in Brooklyn, and has an area of about thirty-six acres of irregular shape. It extends from Clinton Avenue to East Avenue, to Wallabout Basin. In this market the city owns the land and the ground is leased out to individuals on ten-year leases, with a renewal of ten years at the expiration of that time after appraisal. A great many farmers use this market to sell their produce to dealers, and pay 25 cents a day for each wagon space in the market. Mostly all the purchases are wholesale in this market.

The city of New York also has four open markets, which were opened on September 1, 1914, under the direction and supervision of Borough President Marcus M. Marks of Manhattan, as follows:

**Manhattan Bridge Open Market**—Located under the Manhattan Bridge at East Broadway and Market Street. Wholesale and retail business may be carried on in this market. All kinds of foodstuffs are on sale at very low prices. It is estimated that 10,000 purchasers use this market daily.

**Queensboro Bridge Open Market**—Located under the Queensboro Bridge at Fifty-ninth Street and First Avenue. Wholesale and retail business is carried on at this market. All kinds of foodstuffs are on sale at very low prices. Fresh farm produce may be obtained by the consumer direct from the farmer at considerable saving to the purchaser. Delivery service may be had at this market at very reasonable rates. It is estimated that 10,000 purchasers use this market daily.

**Harlem Bridge Open Market**—Located under the Harlem Bridge at 129th Street and Third Avenue. Wholesale and retail business is carried on at this market. All kinds of food supply are on sale at very low prices. Fresh farm produce may be obtained by the consumer direct from the farmer at a considerable saving to the purchaser. Delivery service may be had at this market at very reasonable rates. It is estimated that 15,000 purchasers use this market daily.

## BRIDGES IN AND ABOUT THE CITY OF NEW YORK.

## BROOKLYN BRIDGE.

The bridge connecting Manhattan and Brooklyn over the East River from Park Row, Manhattan, to Sands and Washington Streets, Brooklyn, was begun January 3, 1870, and opened to traffic May 24, 1883. Total cost of the bridge to date about \$23,200,000.

The tolls are: For foot passengers, free; railway fare, 3 cents, or 2 tickets for 5 cents. Roadway tolls for vehicles abolished July 18, 1911. On August 23, 1897, the bridge railway was leased to the elevated railroad companies (now operated by the Brooklyn Rapid Transit), paying therefor 10 cents per car; trolley cars, 5 cents per round trip. About 125,000 surface cars cross the bridge each month.

The following are the statistics of the structure: Width of bridge, 86 feet. Length of river span, 1,595 feet 6 inches. Length of each land span, 930 feet. Length of Brooklyn approach, 998 feet. Length of New York approach, 1,562 feet 6 inches. Total length of carriageway, 6,016 feet. Total length of the bridge, with extensions, 7,580 feet.

Size of Manhattan caisson, 172 x 102 feet. Size of Brooklyn caisson, 168 x 102 feet. Timber and iron in caisson, 5,253 cubic yards. Concrete in well holes, chambers, etc., 5,669 cubic feet. Weight of Manhattan caisson, about 7,000 tons. Weight of concrete filling, about 8,000 tons.

Manhattan tower contains 46,945 cubic yards masonry. Brooklyn tower contains 38,214 cubic yards masonry. Depth of tower foundation below high water, Brooklyn, 45 feet. Depth of tower foundation below high water, Manhattan, 78 feet. Size of towers at high water line, 140 x 59 feet. Size of towers at roof course, 136 x 53 feet. Total height of towers above high water, 272 feet.

Clear height of bridge in centre of river span above high water at 90° F., 135 feet. Height of floor at towers above high water, 119 feet 3 inches.

Grade of roadway, 34 feet in 100 feet. Height of towers above roadway, 153 feet. Size of anchorage at base, 129 x 119 feet. Size of anchorage at top, 117 x 104 feet. Height of anchorages, 89 feet front, 85 feet rear. Weight of each anchor plate, 23 tons.

Number of cables, 4. Diameter of each cable, 15½ inches. Length of each single wire in cables, 3,578 feet. Ultimate strength of each cable, 12,000 tons. Weight of wire, 11 feet per pound. Each cable contains 5,296 parallel (not twisted) galvanized steel, oil-coated wires, closely wrapped to a solid cylinder, 15½ inches in diameter. Permanent weight suspended from cables, 14,680 tons.

## MANHATTAN BRIDGE.

Manhattan terminal, Bowery and Canal St.; Brooklyn terminal, Nassau, near Bridge St. Estimated cost, \$29,900,000; of which \$15,660,000 is for structure and \$14,240,000 for land.

Width of bridge, 122 ft. 6 in. Length of river span, 1,470 ft. Length of each land span, 725 ft. Length of Manhattan approach 2,067 ft. Length of Brooklyn approach, 1,868 ft. Total length of roadway, 6,855 ft. Bridge is of double-deck design, first deck to have one 35-foot roadway in centre and two subway tracks on each side and one 11-foot footwalk on each side, top deck to have four trolley tracks. Approximately 40,000 cubic yards excavation for each anchor pier; approximately 115,000 cubic yards masonry and concrete in each anchor pier.

Height of cables at top of tower above mean high water mark, 322 ft. 6 in. Height of roadway at centre of bridge above mean high water mark, 149 ft. Grade of roadway 3¼ ft. in 100 ft. Number of cables four, 37 strands in each cable; 256 wires in each strand; 9,472 wires in each cable; 37,888 wires in four cables. Size of wire 0.192 inches in diameter. Size of cable completed 21¼ inches in diameter. Length of each wire 3,223 ft. 6 in. (anchor to anchor). Ultimate strength of each cable, 30,000 tons.

Weight of steel cables and suspenders, 8,000 tons. Weight of each tower, 6,300 tons. Weight of main span, 9,000 tons. Weight of each side span, 5,000 tons. Weight of steel in each anchorage, 1,300 tons. Weight of Manhattan approach, 8,500 tons. Weight of Brooklyn approach, 8,000 tons.

Work of construction of tower foundation in Brooklyn commenced October 1, 1901. Roadway opened for traffic December 31, 1909. East footwalk opened to pedestrians July 18, 1910. West footwalk opened May 11, 1911.

## WILLIAMSBURG BRIDGE.

The tower foundations for the bridge in Manhattan are at the foot of Delancey Street, and in Brooklyn at a point between South Fifth and South Sixth Streets. The bridge ends at Clinton Street in Manhattan, and at Havemeyer Street in Brooklyn. Construction commenced November 7, 1896. Size of Manhattan caissons (2), 76 x 60 feet; Brooklyn caissons (2), 79 x 63 feet. Depth of tower foundations in Manhattan, north caisson 55 feet, south caisson 66 feet below mean high water; in Brooklyn, north caisson 107 feet 5 inches, south caisson 91 feet 9 inches below mean high water. Height of masonry in Manhattan and Brooklyn towers, 23 feet above mean high water. Total height of towers above mean high water, 332 feet 9 inches. Size of both anchorages at top, 149 feet x 127 feet 5 inches. Length of main span, 1,600 feet; each side span, 596 feet 6 inches; Manhattan approach, 2,650 feet; Brooklyn approach, 1,865 feet. Total length from Clinton Street, Manhattan, to New Street, Brooklyn, 7,308 feet. Width over all, 118 feet. Two roadways, each 20 feet wide, two footwalks, each 17 feet 8 inches wide. Height of roadways at towers, 125 feet 8 inches above mean high water. Height of roadways at centre of bridge, 145 feet 6 inches above mean high water. Clear height of bridge for channel width of 400 feet, 135 feet above mean high water. Number of supporting cables, 4. Diameter of each cable, 18¾ inches. Length of each single wire in cables, 2,985 feet. Total length of wire in four cables, 17,404 miles. Weight of four cables, including suspenders, 4,900 tons. Weight of structural steel and iron in main bridge, 28,800 tons; in approaches, 16,600 tons; total, 45,400 tons. Bridge opened for pedestrians and vehicles December 19, 1903. Surface railway for Brooklyn lines began operation November 3, 1904. Surface railway for Manhattan lines began operation February 9, 1905. Elevated railway began operation September 16, 1908. Cost of construction, including station in Manhattan, \$14,200,000. Cost of land, \$9,100,000.

## QUEENSBORO BRIDGE.

Plans approved by the War Department, February 23, 1901. Main bridge is a continuous cantilever. Bridge, with approaches, extends from Second Avenue, between Fifth-ninth and Sixtieth Streets, Manhattan, to Crescent Street, Queens. Construction commenced June, 1901. Height of highest masonry piers, 124 feet above mean high water. Length of Manhattan approach, 1,052 feet; west channel span, 1,182 feet; island span, 630 feet; east channel span, 984 feet; length of Queens approach, 2,672 feet; 6 inches. Total length from Second Avenue to Crescent Street, 7,449 feet. In addition, the Queens plaza has a length of 1,152 feet, extending from Crescent Street to Jackson Avenue. Width over all, 89 feet 6 inches. Width of roadway, 68 feet. Two sidewalks, each 16 feet wide. Height of

BRIDGES IN AND ABOUT THE CITY OF NEW YORK—Continued.

roadway in central portion of bridge, 143 feet above mean high water. Height of foot-walks in central portion of bridge, 165 feet above mean high water. Height of lower balconies on towers on Blackwell's Island, 202 feet 6 inches above mean high water. Height of upper balconies on towers on Blackwell's Island, 333 feet above mean high water. Clear height of bridge for channel width of 400 feet for both east and west channels, 135 feet above mean high water. Weight of steel and iron in main bridge 54,200 tons; in approaches, 20,300 tons. Total, 74,500 tons. Bridge opened for pedestrians and vehicles, March 30, 1909. Surface railway began operation, September 19, 1909. Cost of bridge construction, \$13,500,000; cost of land, \$4,700,000; total, \$18,200,000.

HELL GATE ARCH BRIDGE.

The bridge spans the East River at Hell Gate, between Ward's Island and Astoria, Long Island. Designed and built by Gustav Lindenthal for the New York Connecting Railroad to connect the Pennsylvania and New York, New Haven systems, at a cost, including approaches, of \$25,000,000. It is the longest arch in the world. The span is 1,016 feet 10 inches between tower faces. The upper chord of the arch is 300 feet above mean high water at the centre and 180 feet at the ends of the span; the lower chord is 260 feet above mean high water at the centre and 40 feet at the ends; the roadway is 140 feet above mean high water.

The arch carries four railway tracks (two passenger and two freight) on a solid concrete deck. It is the heaviest bridge in the world, weighing 52,000 pounds per lineal foot and carrying a loading of 24,000 pounds per lineal foot, making a total carrying capacity of 76,000 pounds per lineal foot. The steel work weighs 19,000 tons and the flooring and track weigh 7,000 tons. The heaviest single member weighs 185 tons and has a cross section of 1,384 square inches. The width of the bridge is 93 feet between railings and 60 feet between centres of trusses.

The Long Island tower is 104 by 140 feet at the base and is founded on rock in open cut at 20 feet depth. The Ward's Island tower is 119 by 140 feet at the base and rests on 21 pneumatic concrete caissons, founded on rock varying from 58 to 120 feet below the ground surface. Height of towers, 240 feet. Total concrete in towers, 110,000 cubic yards. Total concrete in bridge towers and approaches, 500,000 cubic yards.

Construction of arch commenced November, 1914. Arch was erected by cantilevering out from the towers, each half being held by connection to temporary backstays built behind the towers. The two halves were joined October 1, 1915. Entire steel work completed January, 1916. Will be opened to traffic about January, 1917.

THE SAFETY FIRST FEDERATION OF AMERICA.

Organized February 26, 1915. This society has for its objects uniform laws for control of automobile traffic and improvement of street traffic conditions throughout the country by a standard system of supervision. *President*—Darwin P. Kinsley. *Vice-Presidents*—Police Commissioner Harold W. Newman of New Orleans; Charles M. Talbert, Director of Streets, St. Louis; Police Commissioner John Gillespie, Detroit; J. H. Lippincott, New Jersey Traffic Commission. *Treasurer*—Charles L. Bernheimer. *Executive Secretary*—Frederick H. Elliott, New York. Headquarters, 6 East Thirty-ninth Street, New York City.

Safety First Society of New York: *President*—Charles L. Bernheimer. *Vice-Presidents*—Jefferson De Mont Thompson, Magistrate McAdoo, Thomas W. Churchill, Police Commissioner Woods, Fire Commissioner Adamson, and William R. Wilcox. *Secretary*—Frederick H. Elliott. Headquarters, 6 East Thirty-ninth Street, New York City.

HACK AND CAB FARES IN MANHATTAN BOROUGH.

THE legal rate of fare, of which an official copy shall be furnished by the Bureau of Licenses, and carried by every licensed hackman, shall be as follows:

Mileage rates charged for general driving.

Maximum rates of fare shall be as follows:

*Motor Vehicles (Except Sight-Seeing Cars)*—For not more than two passengers: For the first half-mile, or any fraction thereof, 30 cents; for each succeeding one-quarter mile, or any fraction thereof, 10 cents. For three or more passengers: For the first half-mile, or any fraction thereof, 40 cents; for each succeeding one-sixth mile, or any fraction thereof, 10 cents. *Sight-Seeing Cars*—No rates are hereby established for sight-seeing cars, but a schedule of the rates charged for each trip shall, before the trip, be prominently displayed upon the car, and a charge greater, or attempted to charge any passenger a sum greater than that set forth in said schedule shall be deemed a violation of this ordinance.

*Horse-Drawn Vehicles*—For cabs: For the first mile, or any fraction thereof, 50 cents; for each succeeding one-half mile, or any fraction thereof, 20 cents. For coaches: For the first mile, or any fraction thereof, 70 cents; for each succeeding one-half mile, or any fraction thereof, 30 cents. Hourly rates (applying only to horse-drawn vehicles when shopping or calling, and not including park or road driving, nor driving more than five miles from starting point): For the first hour, or any part thereof, \$1.50; for each additional one-half hour, 50 cents. In case of public hacks on which taximeters are not a fixed, when driving on the numbered streets or numbered and lettered avenues in the Borough of Manhattan, twenty blocks north and south, and seven blocks between the numbered and lettered avenues constitute a mile for the purpose of this ordinance. The rate card, as provided for hereafter, shall state the number of blocks constituting a mile in the Borough of Manhattan.

Applying Both to Motor-Driven and Horse-Drawn Vehicles: For waiting time at the rate of \$1.50 per hour. For each piece of luggage carried outside, 20 cents. No charge shall, however, be made for hand bags and suit cases. Ferriage and tolls in all cases to be paid by the party using the vehicle.

Any violation of the provisions of this article, or any charge or any attempt to charge any passenger a greater rate of fare than that to which the public hack is entitled under the provisions of this article, shall render the offender liable, upon conviction thereof before any City Magistrate, to a fine of not exceeding \$10, or in default of payment thereof to imprisonment in the City Prison for a period not exceeding ten days.

Every driver of a public hack, immediately after the termination of any hiring or employment, must carefully search such hack for any property lost or left therein, and any such property, unless sooner claimed or delivered to the owner, must be taken to the nearest police station and deposited with the officer in charge within twenty-four hours after the finding thereof, and the Captain of the precinct to which such report shall be made shall forward a written notice to the Bureau of Licenses with brief particulars and description of the property.

Every driver of a public hack shall have the right to demand payment of the legal fare in advance, and may refuse employment unless so prepaid, but no driver of a public hack shall otherwise refuse or neglect to convey any orderly person or persons upon request anywhere in the city, unless previously engaged or unable to do so. No driver of a licensed hack shall carry any other person than the passenger first employing a hack without the consent of said passenger.

All disputes as to the lawful rate of fare shall be determined by the police officer in charge of the police station nearest to the place where such dispute is had; failure to comply with such determination shall subject the offending party to a charge of disorderly conduct, punishable by a fine of not exceeding \$10, or in default thereof, imprisonment for not more than ten days.

**PARKS IN MANHATTAN AND BRONX.**

The following is a list of the important parks.

**HEADQUARTERS FOR MANHATTAN, MUNICIPAL BUILDING.**

Battery, foot of Broadway. 21 acres.  
 Bryant, 6th Ave. and W. 42d St. 4¼ acres.  
 Carl Schurz, between Avenue B and East River, E. 84th St. to E. 89th St. 12½ acres.  
 Chelsea, 27th St. and 9th Ave. 3 acres.  
 City Hall Park, Broadway, Park Row, and Chambers St. 8 acres.  
 Colonial, 145th to 155th St., Bradhurst Ave. to Edgecombe Ave. 12¾ acres.  
 Columbus, Mulberry and Bayard Sts. 2¾ acres.  
 Corlears Hook Park, Corlears and South Sts. 8 acres.  
 De Witt Clinton, 52d to 54th St., North River. 7 acres.  
 Fort Washington, Ft. Washington Point, Hudson River. 40¾ acres.  
 Hamilton Fish Park, Houston and Willett Sts. 8½ acres.  
 Highbridge Park, 155th St. to Washington Bridge, west of Driveway. 75½ acres.  
 Isham, 213th St. and Broadway to Harlem Ship Canal. 8 acres.  
 John Jay, 76th to 78th St., East River. 3 acres.  
 Madison Square, Broadway and 23d St. 6¼ acres.

Manhattan Square, Central Park W., 77th to 81st St. 17½ acres.  
 Morningside, between Columbus and Amsterdam Aves. and W. 110th and W. 123d Sts. 31¼ acres.  
 Mount Morris, between Madison and Mt. Morris Aves. and 120th and 124th Sts. 20 acres.  
 Park Ave., 34th St. to 43d St.; 56th to 96th St., 8 acres.  
 Riverside Park, between Riverside Drive and the N. Y. C. R. and W. 72d and W. 129th Sts. 140 acres; and from 135th St. to 158th St. 24 acres.  
 St. Gabriel's Park, 1st Ave. and 35th St. 3 acres.  
 St. Nicholas, 130th to 141st St., St. Nicholas Ave. to St. Nicholas Terrace. 19½ acres; and west of St. Nicholas Terrace and the extension at 130th and 141st Sts. 7½ acres.  
 Seward, Canal and Jefferson Sts. 2 acres.  
 Straus, 106th St. and Broadway.  
 Stuyvesant, Rutherford Pl. and E. 16th St. 4 acres.  
 Thomas Jefferson, 11th St., 1st Ave., 114th St. and Harlem River. 15½ acres.  
 Tompkins Square, Avenue A and 7th St. 10½ acres.  
 Union Square, Broadway and 14th St. 8½ acres.  
 Washington Square, 5th Ave. and Waverley Pl. 8 acres.

**CENTRAL PARK.**

The great park of New York extends from 59th St. to 110th St., being over 2½ miles long, and from 5th Ave. to 8th Ave., being over half a mile wide. It covers 843 acres, of which 185 are in lakes and reservoirs and 400 in forest, wherein over half a million trees and shrubs have been planted. There are 10¼ miles of roads, 5½ of bridge paths, and 31 of walks. The landscape architects of the Park were Frederick Law Olmsted and Calvert Vaux. Work was begun on the Park in 1857. The following fanciful names have been officially applied to the several entrances to the Park: 5th Ave. and 59th St., Scholar's Gate; 6th Ave. and 59th St., Artist's Gate; 7th Ave. and 59th St., Artisan's Gate; 8th Ave. and 59th St., Merchant's Gate; 8th Ave. and 72d St., Woman's Gate; 8th Ave. and 81st St., Hunter's Gate; 8th Ave. and 85th St., Mariner's Gate; 8th Ave. and 96th St., Gate of All Saints; 8th Ave. and 100th St., Boy's Gate; 8th Ave. and 110th St., Stranger's Gate; 5th Ave. and 67th St., Student's Gate; 5th Ave. and 72d St., Children's Gate; 5th Ave. and 79th St., Miner's Gate; 5th Ave. and 90th St., Engineer's Gate; 5th Ave. and 96th St., Woodman's Gate; 5th Ave. and 102d St., Girl's Gate; 5th Ave. and 110th St., Pioneer's Gate; 6th Ave. and 110th St., Farmer's Gate; 7th Ave. and 110th St., Warrior's Gate.

**PARKS IN BOROUGH OF BRONX.**—Bronx, north of E. 182d St. and White Plains Road; 719½ acres. Claremont, Belmont St., Clay Ave. and 170th St. 38 acres. Crotona, Fulton, 3d, and Arthur Aves.; 154½ acres. De Voë, Sedgwick Ave. and 188th St.; 5¼ acres. Echo; 4 acres. Franz Sigel, Walton Ave., and 158th St. and Mott Ave.; 17½ acres. Macomb's Dam, Jerome Ave. and 162d St.; 27 acres. Pelham Bay, on Long Island Sound and East Chester Bay; 1,756 acres. Poe; 2½ acres. St. James, Jerome Ave., Creston Ave. & E. 191st St.; 11¼ acres. St. Mary's, 149th St., St. Ann's and Robbins Aves.; 34¼ acres. University; 2¼ acres. Van Cortlandt, northern boundary of city; 1,132¼ acres. Washington Bridge, Sedgwick Ave., Harlem River; 8½ acres.

On August 26, 1911, the City Record published a report of the Department of Taxes and Assessments, placing a value on the parks in the Bronx at \$56,627,000. The Borough of the Bronx contains 26,017 acres, of which nearly 4,200 acres, or about 15.2 per cent is devoted to park purposes, giving one acre of park land to each 150 of the people living in the Borough.

**FACTS ABOUT PUBLIC PARKS.**

Union Square was purchased by the city in 1833 for \$116,051; Madison Square, in 1847, for \$65,952; Tompkins Square, in 1834, for \$93,358; Washington Square, in 1827, for \$77,970, and Manhattan Square, in 1839, for \$54,557. The latter is assessed as a part of Central Park. The other four are assessed at over \$16,000,000, and are easily worth \$20,000,000, while their original cost to the city was only \$553,331. Prospect Park, Brooklyn, contains 526 1-6 acres. In woodland, 110 acres; in lakes and watercourses, 77 acres; in meadows, 70 acres; in plantations, 259 1-6 acres; in drives, 9 miles; in bridge roads, 3 1-10 miles; in walks, 12 miles. Ocean Parkway is 5 1-2 miles long and 210 feet wide. Eastern Parkway is 2 1-2 miles long and 210 feet wide. London has 271 public parks, containing 17,876 acres of ground. The largest European city park is in Denmark; it contains 4,200 acres. The great forest of Northern New York covers an area of 3,688,803 acres.

**PUBLIC PLAYGROUNDS.**

59th to 60th Street, west of Amsterdam Avenue; 180-184 Cherry Street; south side of 101st Street, between 2d and 3d Avenues; west of Sutton Place, 59th to 60th Street; additional land at park, between 151 and 152d Streets, Amsterdam Avenue; corner Worth and Baxter Streets.

**NEW YORK ELECTRICAL SOCIETY.**

*President*—Elmer A. Sperry, 126 Nassau Street, Brooklyn, N. Y. *Secretary*—George H. Guy, 29 West Thirty-ninth Street, New York City. *Treasurer*—Thomas F. Honahan, 85 Liberty Street, New York City. Membership, 792.

The object of the society is: "The dissemination of the knowledge of theoretical and applied electricity—to be accomplished by periodical meetings for the reading and discussion of relevant topics, by collective visits to places of interest; the study of scientific advance in general, and the promotion of social intercourse among its members." Headquarters, Engineering Societies Building, 29 West Thirty-ninth Street, New York City.

ARMY OF THE UNITED STATES

STATIONED IN AND NEAR THE CITY OF NEW YORK.

Eastern Department—Headquarters, Governor's Island, New York Harbor.

Major-General Leonard Wood, U. S. Army, Commanding.

Aides-de-Camp—Capt. H. Dorey, 4th Infantry; Capt. G. Johnson, 11th Cavalry.

DEPARTMENT STAFF:

Chief of Staff—Col. E. F. Glenn.

Adjutant-General—Col. W. A. Simpson.

Inspector-General—Col. J. L. Chamberlain.

Quartermaster—J. B. Bellinger.

Surgeon—Col. H. P. Birmingham.

Engineer—Col. W. M. Black.

Ordinance Officer—Col. O. B. Mitcham.

Signal Officer—Major C. F. Hartmann.

Officer in Charge of Militia Affairs—Col. C. R. Noyes.

Chief Clerk—D. A. Watt.

NORTH ATLANTIC COAST ARTILLERY DISTRICT—Headquarters, Fort Totten, Willet's Point, Whitestone, N. Y.; Brig.-Gen. H. F. Hodges, U. S. Army, commanding.

DISTRICT STAFF—Adjutant—Major E. O. Sarraff. Material Officer—Capt. J. S. Proctor.

Army Building—No. 39 Whitehall Street, Manhattan, New York City. Quartermasters' Depot—

Col. A. L. Smith, Col. J. M. Carson, Lieut.-Col. T. C. Goodman, Capt. W. B. Baker, and Capt. W. P. Kitts.

Corps of Engineers—Col. W. M. Black, Col. F. V. Abbot, Lieut.-Col. C. H. McKinstry, Capt. T. M.

Robins, Capt. E. D. Ardery, and Capt. R. T. Coiner. Medical Corps—Capt. P. W. Huntington. Medical

Supply Depot (543 Greenwich Street, New York City)—Col. L. Brechemin. New York Arsenal—Governor's

Island, N. Y.; Col. O. B. Mitcham.

## THE PUBLIC SCHOOLS OF NEW YORK CITY.

PUBLIC education in New York City began with the founding of the Free School Society (after 1826 the Public School Society) in 1805. The society started in a small way, depending upon private subscriptions, but soon received aid from the city. It gradually expanded, and until 1842 had control of the moneys supplied for educational purposes by the city and the common school fund of the State. This condition of affairs was unique. The society, being under the direction of high-minded citizens, enjoyed a large degree of public confidence. So anomalous a system could not last, however, and by an act of the Legislature, passed in 1842, the Board of Education was established. The Public School Society continued to conduct its schools until 1853, when, by mutual consent, they were all taken over by the board. The society at that time had more than a hundred schools; the value of the property it transferred to the city was estimated at \$450,000, and during its existence it educated some 600,000 children. The Board of Education was an elective body from 1842 to 1871, the members being chosen first by wards, and from 1863 by school districts; since 1871 they have been appointed by the Mayor. In Brooklyn a Board of Education was created in 1843; the members were chosen by the Common Council until 1862, in which year the appointing power was vested in the Mayor. When consolidation took effect, in 1898, separate school boards were provided for the several boroughs (Manhattan and the Bronx being united), with a central Board of Education (composed of delegates from the four school boards, 19 in all) having charge of the finances, the erection and repair of buildings, the acquiring of sites, the purchase and distribution of supplies, etc. This system was dropped on the revision of the Charter in 1901, and since 1902 there has been one Board of Education for the city. It consists of forty-six members—twenty-two for Manhattan, fourteen for Brooklyn, four each for the Bronx and Queens, and two for Richmond. Their term of office is five years.

The Board of Superintendents, consisting of the city superintendent of schools and eight associate superintendents, has large powers in the nomination, promotion, and transfer of teachers, the recommendation of text-books and scholastic supplies, the determination of courses of study, the fixing of qualifications for teachers' licenses, etc. Its important acts require the approval of the Board of Education. There are twenty-six district superintendents, whose duties are to visit schools and observe the work of teachers. The Board of Examiners (consisting of the city superintendent and four examiners) conducts all examinations for would-be teachers, and prepares eligible lists. The school superintendents and examiners, as well as the supervisor of free lectures, the superintendent of school buildings, the superintendent of school supplies, and the director of attendance (whose duties are indicated by their titles), have terms of six years each. The Board of Education appoints all these officials and also a secretary, an auditor, and a director of reference and research, having no fixed term. Principals and teachers are appointed by the Board of Education on the nomination of the Board of Superintendents. The merit system is in full operation, and teachers are appointed in order of standing. Beginners are on probation for three years, their licenses being renewable from year to year; when permanently licensed, their tenure is assured, and they cannot be removed except on charges. New teachers are appointed only after pursuing a training school course.

The regular school day is five hours in length, but in September, 1913, it was decided that four hours should be considered full time for classes of the first-year grades; the kindergarten session is three hours in length.

The budget appropriation of the Department of Education for 1915 was \$39,840,349.90, of which \$32,609,695.92 constituted the general school fund (for teachers' salaries). For 1916 the appropriation is \$35,865,981, the general school fund being \$33,555,641. Under the so-called Equal Pay law (Chapter 902, laws of 1911) teachers (men and women) in elementary schools serve three years at \$720, then ten advance, with yearly increments of \$60, to \$1,500. This applies to the great majority. In the upper grades the maximum salaries are \$1,820 and \$2,260. Assistants to principals (heads of departments) receive \$2,400, and principals \$3,500. In high schools salaries range from \$900 to \$3,150, in training schools, from \$1,000 to \$3,250. Principals of high schools and training schools are paid \$5,000, and \$5,000 is the salary of district superintendents. Examiners and the director of attendance receive \$6,000. Associate superintendents and the director of reference and research receive \$6,500. The salary of the city superintendent is \$10,000. The number of elementary schools and annexes is 610—210 in Manhattan, 200 in Brooklyn, 72 in the Bronx, 92 in Queens, and 36 in Richmond. The number of high schools is 24. There are also three training schools for teachers, four vocational schools and three truant schools. In the elementary schools there are 1,370 men and 16,654 women teachers; in the high schools 1,068 men and 1,131 women. In the evening schools (high and elementary) there are 2,685 teachers. One hundred and fifty-five attendance officers enforce the Compulsory Education law. The latest available figures show the average attendance as follows:

| Elementary Schools.                             |         |        | Elementary Schools.                             |         |        |
|-------------------------------------------------|---------|--------|-------------------------------------------------|---------|--------|

| Manhattan.....                                  | 231,023 | 19,170 | Richmond.....                                   | 14,669  | 1,343  |
| Brooklyn.....                                   | 242,308 | 22,809 |                                                 |         |        |
| The Bronx.....                                  | 86,821  | 5,772  | Totals.....                                     | 632,349 | 54,934 |
| Queens.....                                     | 57,528  | 5,830  |                                                 |         |        |

### Number on part time, elementary schools:

|                |        |               |        |
|----------------|--------|---------------|--------|
| Manhattan..... | 1,863  | Richmond..... | 35     |
| Brooklyn.....  | 17,092 |               |        |
| The Bronx..... | 16,064 | Total.....    | 39,160 |
| Queens.....    | 4,106  |               |        |

Capacity, as per rule adopted by the Board of Education, May 24, 1911, pursuant to Section 451 of the State Education law:

|                |         | Element'y Schools. | Element'y Schools. |
|----------------|---------|--------------------|--------------------|
| Manhattan..... | 233,632 | Richmond.....      | 19,121             |
| Brooklyn.....  | 228,778 |                    |                    |
| The Bronx..... | 77,708  | Total.....         | 628,394            |
| Queens.....    | 69,155  |                    |                    |

The increase in capacity since September, 1913, has been 20,329, and the increase in the number of part-time pupils has been 3,797.

Teachers incapacitated after thirty years' service are retired on pensions (half pay); the number of retired teachers November 1, 1915, was 1,495.

School buildings and sites are paid for with the proceeds of city bonds (corporate stock); the amount issued since consolidation has been \$110,356,098, computed to July 1, 1915.

Pursuant to the provisions of Section 790, Greater New York Charter, all uniformed members of the Fire Department are entitled to retire at the expiration of twenty years' continuous service on a pension equal to not less than one-half of the salary they may be receiving at the time of their application. The Fire Commissioner also has the power to retire members of the department who, from any cause, are found to be unable to perform active duty in the department. If the disability occurs from injuries while in the discharge of duty, the pension must equal one-half of the salary; if from natural causes, the Fire Commissioner can decide upon the amount of the pension.

Main Street—Charles William Stores.

## THE SURROGATE'S COURT IN NEW YORK COUNTY.

To one court tribunal, it has been said, every one in New York comes sooner or later—the Surrogate's or Widows and Orphans' Court. Some come to it as heirs, next of kin; some as creditors or debtors; some as witnesses; some as representatives of institutions of education or charity benefited by bequests, and some, not very many, as contestants of wills which they seek to alter or to overturn.

In the Surrogate's Court in New York County (it is a county court) there are approximately 6,000 cases requiring decisions in a year, there being about 2,500 wills offered for probate and about 2,000 cases of those dying intestate in which letters of administration are granted on application of relatives. The number of contested wills is about 600, and of the oaths administered to executors, administrators or witnesses about 10,000. Approximately 3,000 "accountings" have to be examined, about 2,000 guardians for those under age appointed, and about 5,000 bonds approved.

Two Surrogates are almost continuously at work, alternating at "Chambers," where the routine is transacted, and "in Court," where motions or contests are heard. The amount of routine work done is extensive; the value of the funds accounted for and distributed is incalculable. Every will when offered must be copied fully and exactly, and this part of the work is voluminous, amounting to 275,000

folios in a year. The Surrogates must sign about 29,000 "orders" in a year, and the number of bundles handled in the record room of the court is about 80,000 a year.

The Surrogate's Court is one of the oldest tribunals in New York State. Under the first Constitution Surrogates were chosen for an unlimited period by the Council of Appointment, and an appeal from their decisions was to the Judge of the Court of Probate. Under the second Constitution, they were appointed by the Governor and Senate for four years; appeals lay to the Chancellor. The Constitution of 1846, except in counties where the population exceeded 40,000, abolished the office of Surrogate and devolved its duties on a county Judge. The first New York Surrogate took office in 1787. Of the present Surrogates, the older in years, in service at the bar and in extent of term is Robert Ludlow Fowler, to whom fell last year decisions in cases involving over \$100,000,000.

Nearly 4,000 witnesses appear at the Surrogate's office in a year to make deposition as to wills they have seen signed, and there are about 5,000 applications for appointment as administrators. Seven thousand reports of guardians are received in a year and 6,750 motions of various kinds are heard by the Surrogates. The office is open from 9 A. M. until 4 P. M., except Saturdays, when it closes at noon.

### PAWNBROKERS' REGULATIONS IN THE CITY OF NEW YORK.

Pawnbrokers in New York City are regulated by statute. The rate of interest fixed by law is 3 per cent. a month or any fraction of a month for the first six months, and 2 per cent. per month for each succeeding month upon any loan not exceeding \$100, and 2 per cent. a month for the first six months and 1 per cent. a month for each succeeding month on any loan exceeding \$100. Pledges cannot be sold until after they have been kept one year, and then at public auction by a licensed auctioneer, after publication of at least six days in two daily newspapers designated by the Mayor. Pawnbrokers pay a yearly license fee of \$500 to the city, and are under the control of the Mayor. The license is issued through the Department of Licenses, and their books must be kept open to the Mayor, Criminal Courts, Magistrates, Police and Department of Licenses.

### PROVIDENT LOAN SOCIETY.

(Executive office, 346 Fourth Ave., cor. 25th St.) Loaning offices: 346 Fourth Ave., 186 Eldridge St., 180 E. 72d St., cor. E. Houston and Essex Sts., 736 Seventh Ave., 124th St. and Lexington Ave., 409 Grand St.; Bronx, Courtlandt Ave. at 148th St.; Brooklyn, 24 Graham Ave., Pitkin and Rockaway Aves., Smith and Livingston Sts.

Office hours: 9 A. M. to 5 P. M.; Saturday to 6 P. M. Ticket good for one year only. Loans may be paid by instalments, in sums not less than \$1. Rates of interest: One per cent. per month, or any fraction thereof. Only one-half month interest charged on all loans redeemed within two weeks after date of pledge. Condition of loan agreed to by the holder of the ticket in consideration of interest being charged at less than the rate allowed by law. The Provident Loan Society of New York shall not be liable for loss or damage by fire, breakage, dampness, theft, or moths; nor shall it be liable in any event for more than 25 per cent. in addition to the amount loaned. James Speyer, President; Frank Tucker, Vice-President; Otto T. Bannard, Treasurer; Mortimer L. Schiff, Secretary.

When making payment by instalment, the full amount of interest due on the sum loaned must be included, and the ticket must be returned. The interest due on the loan cannot be paid by instalment. The society has thus far limited the classes of personal property on which it has made loans to clothing and so-called "jewelry," including under that designation all articles of gold or silver, precious stones, opera-glasses, eye-glasses, also men's clothing in good condition, and ladies' and men's furs.

### THE MERCHANTS' ASSOCIATION OF NEW YORK.

The Merchants' Association of New York is a commercial and civic organization whose object it is "to foster the trade and welfare of New York," to develop its industries, and to protect and promote its interests. The association was founded in 1897. Headquarters, Woolworth Building, 233 Broadway. It has about 3,500 members, representing every trade, industry, and profession, doing business in all the five boroughs of the city. President—William Fellows Morgan. Secretary—S. C. Mead.

The organization includes a Research Bureau, a Traffic Bureau, an Industrial Bureau, a Convention Bureau, a Publicity Bureau, and a Membership Bureau. It is a membership corporation, governed by a board of twenty-four directors elected by the membership. The association has thirty-three standing committees, who make recommendations to the directors. The annual dues are \$50.

## NEW YORK CHAMBER OF COMMERCE.

ORGANIZED April 5, 1768. Incorporated by George III. March 13, 1770. Reincorporated by the State of New York April 13, 1784. Its object is indicated in the following words of the original charter: "Sensible that numberless inestimable benefits have accrued to mankind from commerce; that they are, in proportion to their greater or lesser application to it, more or less opulent and potent in all countries; and that the enlargement of trade will vastly increase the value of real estates as well as the general opulence of our said colony," and "to carry into execution, encourage, and promote, by just and lawful ways and means, such measures as will tend to promote and extend just and lawful commerce."

During the decade 1760-1770, according to Lord Sheffield's *Observations*, the average yearly value of American Colonial imports from Great Britain was £1,763,409, and of exports to the same country £1,044,591. Up to the evacuation of the city by the British and its occupation by the Americans, on the 25th of November, 1783, the New York Chamber of Commerce had had seven Presidents, thirteen Vice-Presidents, eight Treasurers, one Secretary, and 135 members. In May, 1763, the Sandy Hook Lighthouse was lighted up for the first time. In 1786 the Chamber of Commerce first suggested the construction of the Erie Canal, and in 1784 petitioned the New York Legislature (which so ordered) that duties should be levied under a specific instead of an *ad valorem* tariff.

As a society the Chamber of Commerce is limited to fifteen hundred resident and two hundred and fifty non-resident members. Initiation fee, \$50. Annual dues, \$50 per annum. Non-resident members, \$25 per annum.

The building of the Chamber is at 65 Liberty Street, New York. Officers: *President*—Seth Low; *Secretary*—; *Assistant Secretary*—Chas. T. Gwynne; *Treasurer*—William H. Porter.

## NEW YORK PUBLIC SERVICE COMMISSIONERS.

FIRST DISTRICT—Office, 154 Nassau Street, New York City.

Oscar S. Straus, Chairman, Manhattan, New York; holds office until February 1, 1918.  
 George V. S. Williams, Brooklyn, New York; holds office until February 1, 1917.  
 J. Sergeant Cram, Manhattan, New York; holds office until February 1, 1916.  
 William R. Hayward, Manhattan, New York; holds office until February 1, 1920.  
 Robert C. Wood, The Bronx, New York; holds office until February 1, 1919.  
 Secretary—Travis H. Whitney; holds office at the pleasure of the commission.

SECOND DISTRICT—Office, The Capitol, Albany, N. Y.

William Temple Emmet, South Salem; holds office until February 1, 1919.  
 Seymour Van Santvoord, Chairman, Troy; holds office until February 1, 1918.  
 Devoe P. Hodson, Buffalo; holds office until February 1, 1917.  
 Frank Irvine, Ithaca; holds office until February 1, 1916.  
 James O. Carr, Schenectady; holds office until February 1, 1920.  
 Secretary—Francis X. Disney, Elmira; holds office at the pleasure of the commission.

The jurisdiction of the Public Service Commission of the First District extends to railroad and street railroads lying exclusively within that district, to any common carrier operating exclusively within that district, and to the manufacture, sale and distribution of gas and electricity for light, heat and power in that district. In addition the Commission of the First District is to exercise the powers heretofore conferred upon the Board of Rapid Transit Railroad Commissioners. All jurisdiction not specifically granted to the Public Service Commission of the First District is granted to the Public Service Commission of the Second District. The annual salary of each Public Service Commissioner is \$15,000; of their Secretary, \$6,000, and of their counsel, \$10,000.

## JURY DUTY IN MANHATTAN AND BRONX.

To be qualified to serve a person must be not less than 21 nor more than 70 years of age, and he must be a male citizen of the United States, and a resident of the county of New York; and he is a resident within the meaning of the jury law if he dwells or lodges here the greater part of the time between the first day of October and the last day of June. He must be the owner, in his own right, of real or personal property of the value of \$250; or the husband of a woman who is the owner, in her own right, of real or personal property of that value. He must also be in the possession of his natural faculties, and not be infirm or decrepit; intelligent, of good character, and able to read and write the English language understandingly.

THE FOLLOWING PERSONS ARE ENTITLED TO EXEMPTION.

A clergyman, minister of any religion officiating as such, and not following any other calling. A practicing physician, surgeon, surgeon-dentist, or veterinary surgeon not following any other calling, and a licensed pharmacist or pharmacist, or a duly licensed embalmer, while actually engaged in his profession as a means of livelihood. An attorney or counsellor-at-law regularly engaged in the practice of law as a means of livelihood. A professor or teacher in a college, academy, or public school, not following any other calling. Editor, editorial writer, or reporter of a daily newspaper or press association regularly employed as such, and not following any other vocation. The holder of an office under the United States, or the State, or city or county of New York, whose official duties, at the time, prevent his attendance as a juror. A consul of a foreign nation. A captain, engineer, or other officer actually employed upon a vessel making regular trips; a licensed pilot, actually following that calling. A superintendent, conductor, or engineer employed by a railroad company other than a street railroad company, or a telegraph operator employed by a press association or telegraph company who is actually doing duty in an office, or along the railroad or telegraph line of the company or association by which he is employed. Honorably discharged firemen. Active and honorably discharged militiamen and active members of the Old Guard. A duly licensed engineer of steam boilers actually employed as such. Inspectors, poll clerks, and ballot clerks, or a person who is physically incapable. Grand, Sheriff's, Special, and Municipal Court Jurors.

\* Including Probationary Patrolmen. Rank of Doorman abolished by act of Legislature, April 16, 1912.

SALARIES—Chief Inspector, \$5,000; 18 Inspectors, \$3,500 each; 24 Surgeons, \$3,500 each.

Superintendent of Telegraph, \$4,000; Assistant Superintendent of Telegraph, \$3,000; Chief Lineman, \$1,752; Linemen, \$1,200 each; Boiler Inspectors, \$1,300 each.

Captains, \$2,750 each; Lieutenants, \$2,250 each; Sergeants, \$1,750 each.

Patrolmen, First Grade, five years' service, \$1,400 each.

Patrolmen, Second Grade, less than five years and more than four years and six months, \$1,350 each.

Patrolmen, Third Grade, less than four years and more than four years, \$1,250 each.

Patrolmen, Fourth Grade, less than three years and more than three years, \$1,150 each.

Patrolmen, Fifth Grade, less than three years and more than two years, \$1,000 each.

Patrolmen, Sixth Grade, less than two years and more than one year, \$1,000 each.

Patrolmen, Seventh Grade, less than one year, \$1,000 each.

Members of the police force may be retired on one-half rate of compensation after service of twenty-five years, having reached the age of fifty-five years, or after twenty years' service upon certificate of police surgeons of permanent disability, or after twenty years' service if a veteran of Civil War. Members of the police force may also be retired upon pension upon certificate of police surgeons of permanent disability or disease contracted without misconduct on the part of the officer, and by reason of the performance of duty, at not to exceed one-half of rate of compensation.

POLICE DEPARTMENT REPORT OF 1914.

Police Commissioner Woods in his annual report of 1914 stated that the expense of conducting the department for the year, exclusive of corporate stock expenditures and interest charges on permanent capital investments, was \$17,996,038.90.

The total number of persons arrested or summoned for all causes was 190,134, as compared with 182,011 in 1913; 180,491 cases were disposed of during the year. Of these 134,577 were convicted.

101,348 sick and injured persons were aided, and 103 rescued from drowning.

Missing persons reported from outside the city, 1,831; of these 786 were located; persons living in the city missing, 4,035; of these 3,240 were located.

In the Bureau of Unidentified Dead 501 cases were reported to the bureau, and identification was made in 367 cases.

78 members of the force were retired during the year on account of disability, and 40 were retired on their own applications, having completed the period of required service and being 55 years of age or over. In 1913 302 were retired for disability and 88 for service.

Pensions were also granted to 106 widows of police officers and to 18 children. Pensions previously granted to four children were increased.

The annual liability of the fund was increased during the year \$11,054.76, as compared with \$270,963.33 the previous year.

**SUBWAY SYSTEMS IN NEW YORK CITY.**

For Tunnels in and about New York City, see Index.

**EXISTING SUBWAYS.**

THE subway operated by the Interborough Rapid Transit Company comprises:

A four-track trunk line from City Hall Park through Lafayette Street, Fourth Avenue, Forty-second Street and Broadway to Ninety-sixth Street.

A two-track southern extension from City Hall, down Broadway to the Battery, there connected by the Rapid Transit Tunnel under the East River to the Brooklyn subway, which extends along Joralemon and Fulton Streets to Atlantic Avenue.

Two northern branches from Ninety-sixth Street, viz. (a) the Broadway and (b) the Lenox Avenue.

(a) The Broadway or West Side branch extends along Broadway, St. Nicholas and Amsterdam Avenues, and Broadway to 242d Street (Van Cortlandt Park). It has three tracks from Ninety-sixth Street to 137th Street and two beyond. Part of it is an elevated structure.

(b) The Lenox Avenue branch has two tracks (portions of which are carried on an elevated structure) with a terminal at Bronx Park. The Lenox Avenue branch leaves the trunk line at about 103d Street, runs eastwardly to and under the northwest corner of Central Park, thence north through Lenox Avenue to about 141st Street, where it branches off to the eastward and runs through various streets to Westchester Avenue, through Westchester Avenue to Southern Boulevard, and through Southern Boulevard to the terminus of the line at Bronx Park, or 180th Street.

Total length of all the above routes, 26.3 miles, having 85.2 miles of track. Standard four-track cross section (two for express trains and two for local) 54 feet 8½ inches wide over all and 13 feet 7 inches high, with roof supported by steel columns. 97,500 tons of structural steel and 725,000 cubic yards of concrete used. The contract for the subway in New York north of City Hall was awarded January 15, 1900, to John B. McDonald and completed by him October 27, 1904, as far as 145th Street. The Bronx extensions were not completed until some time later. The contract for subways south of City Hall and in Brooklyn were awarded after the one in New York to the Rapid Transit Subway Construction Company, and were completed in 1908. Total cost about \$75,000,000, of which \$50,000,000 was expended on the construction of the subway, and \$25,000,000 on the equipment, viz., power house, rolling stock, signals, etc.

The Hudson and Manhattan Railroad operates a system of subways popularly known as the McAdoo Tunnels. These tunnels connect the business section of New York with the Pennsylvania Railroad, the Lehigh Valley Railroad, the New York, Susquehanna and Western Railroad, the Erie Railroad, and the Delaware, Lackawanna and Western Railroad terminals on the New Jersey side, and in addition operate to a station at Summit Avenue, Jersey City, and thence over the tracks of the Pennsylvania Railroad to Manhattan Transfer and to Park Place, Newark. There are two sets of tunnels under the Hudson River. On the New York side the downtown tunnel terminates in the Hudson Terminal Building at Church and Fulton Streets. The uptown tunnel terminates at Sixth Avenue and Thirty-third Street. It is planned to extend this line to the Grand Central Station at Forty-second Street. The total length of the system is 7.91 miles, of which 3.16 miles are in New York and 4.75 miles in New Jersey.

**SUBWAYS UNDER CONSTRUCTION.**

The Public Service Commission for the First District, the Board of Estimate and Apportionment of the city of New York, the Interborough Rapid Transit Company, and the New York Municipal Railway Corporation (Brooklyn Rapid Transit Company) concluded their negotiations for the construction and operation of new rapid transit lines in New York City. These lines comprise what is known as the Dual System, so called because two companies already engaged in city transportation, viz., the Interborough Rapid Transit Company and the Brooklyn Rapid Transit Company, obtained leases for the operation of the new system. The contracts were signed March 19, 1913.

The new contracts call for the construction of 44.55 miles of new subway, 53.19 miles of new elevated road, and 19.8 miles of third track and other additional tracks on the existing elevated railroads. A portion of the work is under contract, and some of it is already completed. The completed portions embrace the Fourth Avenue subway in Brooklyn, comprising four miles of four-track road running from the Manhattan Bridge to Fourth Avenue and Forty-third Street, Brooklyn; the Centre Street Loop, a four-track subway a mile and a half long, running from Park Row and Chambers Street to Manhattan and Williamsburg Bridges; and the Belmont Tunnel (Steinway Tunnel) under the East River from Forty-second Street, Manhattan, to Long Island City.

Other work under contract consists principally of the construction of the Lexington Avenue subway contracts having been let from Forty-second Street north through Lexington Avenue, under the Harlem River and out Jerome Avenue as far as Woodlawn Road, the terminus of that branch; also in 138th Street and Southern Boulevard from Alexander Avenue to Whitlock Avenue. The contract for the elevated section of this latter branch from Whitlock Avenue out Westchester Avenue to Pelham Bay Park has not yet been awarded. Work is also in progress on two sections of the Southern Boulevard extension of the Lexington Avenue subway in 138th Street and Southern Boulevard between Alexander Avenue and Whitlock Avenue. These two subways are a part of the lines to be operated by the Interborough Rapid Transit Company.

On the lines to be operated by the New York Municipal Railway Corporation (Brooklyn Rapid Transit), work is going on for the entire length of the Broadway subway from Whitehall Street to Fifty-ninth Street, Manhattan. Contracts have been let for 10 miles of elevated railroads in the Borough of Queens. These lines will be operated jointly by the Interborough and Brooklyn companies. All extensions of the subway system, whether underground or elevated, will be owned by the city of New York, although both companies contribute toward the cost of their construction.

The Dual System plans call for the extension of the existing subway from Forty-second Street up Lexington Avenue, with branches in the Bronx, and an extension down Seventh Avenue to the lower part of Manhattan, with a tunnel to Brooklyn and an extension out Eastern Parkway, Brooklyn, for operation by the Interborough Company; and the tying in of existing elevated railroads in Brooklyn, owned by the Brooklyn Rapid Transit Company, with the Fourth Avenue subway in Brooklyn and the Centre Street Loop in Manhattan, both owned by the city, the extension of the Fourth Avenue subway down Fourth Avenue from Forty-third Street to Eighty-ninth Street, and the third tracking and extension of the principal Brooklyn elevated railroads.

Contracts have been awarded for the construction of the East River tunnels and other parts of

SUBWAY SYSTEMS IN NEW YORK CITY—Continued.

the Dual System. The proposed tunnel from Brooklyn to Staten Island, while provided for in the Dual System, is left for future construction. The Centre Street Loop subway has been in operation for more than two years. The two westerly tracks in that subway were placed in operation by the New York Consolidated Railway Company August 4, 1913. The other two tracks have also been placed in operation. The Fourth Avenue subway in Brooklyn, from the Manhattan Bridge to Thirty-sixth Street and Fourth Avenue, was placed in operation in June, 1915, in connection with the Sea Beach Line, with through trains running to Coney Island Avenue.

The Dual System will be completed, it is expected, by January 1, 1917. When in full operation, the Brooklyn Rapid Transit trains will be able to enter Manhattan by means of four bridges across and two tunnels under the East River, and can be operated northward through Broadway and Seventh Avenue to Fifty-ninth Street, and eastward through Fifty-ninth Street and over the Queensboro Bridge to Astoria and Corona in Queens. On the Brooklyn side the system will include the lines to Coney Island and other remote parts of the borough. Over the whole Brooklyn part of the system the fare will be five cents and transfers will be freely given, so that it will be possible for a passenger to take a train at Corona, near Flushing, ride through to Manhattan at Fifty-ninth Street, south to Canal Street, and then across the Manhattan Bridge and through the Fourth Avenue subway and its connections to Coney Island for a single fare. As soon as the South Brooklyn elevated railroads are rebuilt and it is possible for the Brooklyn company to operate continuous trains from Manhattan to Coney Island, the five-cent fare to Coney Island will be an assured fact.

On that part of the system to be operated by the Interborough Company, the length of the five-cent fare will be greatly extended. A passenger will be able to ride from Pelham Bay Park, through the Bronx into Manhattan, down the whole length of Manhattan, under the East River, to Brooklyn and out Eastern Parkway and Livonia Avenue to New Lots Road for a single five-cent fare. Transfers will be given upon all parts of the Interborough system, except that there will be no further transfers than are at present allowed between the elevated railroads and the subway.

In the Dual System the rapid transit lines now operated by both the Interborough and Brooklyn companies will be linked with the new lines built and to be built by the city and by the companies, so that old and new in each company's territory may be operated as one system. Toward the new system allotted to the Interborough Company, the city contributes the existing subway, and the company the existing elevated lines in Manhattan and the Bronx. Toward the new system for the Brooklyn lines the city contributes the Broadway, the Fourth Avenue, Fourteenth Street and Centre Street Loop subways, with 110 miles of track, and the company contributes the existing elevated railroads in Brooklyn, with 105 miles of single track. The elevated railroads in each case are owned by private companies, but the existing subway is owned by the city of New York, although under lease to the Interborough Rapid Transit Company.

The city is to furnish most of the money for the building of the new lines under the operating contracts, but each company is to contribute toward the cost of construction and is to bear the entire cost of the equipment. The equipment is to become the property of the city of New York when placed in operation, and the cost of it is to be amortized out of earnings. The cost of construction and equipment of the entire system will be about \$330,000,000, of which the city of New York will pay about \$164,000,000, the Interborough Rapid Transit Company \$105,000,000, and the New York Municipal Railway Corporation \$61,000,000. Of the amounts to be paid by the companies, \$58,000,000 of the Interborough's total and \$13,500,000 of the New York Municipal Railway's total will be expended upon the construction of lines to be owned by the city of New York. The balance of the money will be spent for equipment, which, at the end of the lease, will also become the property of the city.

SUBWAY STATIONS IN NEW YORK CITY.

FARE, five cents. Children under 5 years of age, free

Trains will run daily between City Hall, Atlantic Ave. (B'klyn), South Ferry, Brooklyn Bridge, 137th St., Dyckman and 242d Sts. and Broadway, and 145th St. and Lenox Ave., and 180th St. and Boston Rd. Trains from the East and West Branches meet at 96th St. junction, making the interval between that station and Brooklyn Bridge as follows: Local trains, 12 midnight to 8.30 A. M., 7½ to 1.42 minutes, and from 8.30 A. M. to 12 midnight, 1.42 to 4 minutes. Express trains from 5.48 A. M. to 9.24 A. M., 3 to 1.42 minutes, and from 9.24 A. M. to 1.10 A. M., 1.42 to 4 minutes. Running time, local trains: 137th St. and Broadway to City Hall, 34 minutes; 145th St. and Lenox Ave. to City Hall, 38 minutes. Running time, express trains: 242d St. to South Ferry, 47 minutes; Dyckman St. to South Ferry, 38½ minutes; 180th St. to South Ferry, 44 minutes; 180th St. to Atlantic Ave., 60 minutes; Brooklyn Bridge to 242d St. and Broadway, 14.19 miles; Brooklyn Bridge to 145th St. and Lenox Ave., 9.48 miles; Brooklyn Bridge to 180th St. and Boston Rd., 13.60 miles.

517 West 57th Street, for the Boroughs of Manhattan and The Bronx. (The hack and hack driver licenses are issued at the same address for all five boroughs.)

## NEW YORK WATER SUPPLY.

NEW YORK CITY has grown so rapidly in the past ten years that the water system, which when first planned was considered ample for many years, has been taxed to its limit, and there is at present an urgent need for the new system, which is being built, for bringing the water from the Catskill Mountains. The city consumes every day about 550,000,000 gallons of water, and, assuming a population of 5,800,000, then every man, woman and child uses nearly 100 gallons a day. The new Catskill Aqueduct will have a capacity of 500,000,000 gallons a day, and the largest reservoir in the system (the Ashokan), once filled, could supply the city for eight months at the present rate of consumption, without any water flowing into it.

### THE PRESENT SYSTEM.

The water supply of the city of New York is divided by boroughs, those of Manhattan and Bronx being taken together, as they are practically supplied from the same sources. In the boroughs of Manhattan and Bronx the supply is by means of gravity, the water being pumped to the higher parts of the boroughs. In the lower part of Manhattan and certain business districts of Brooklyn an independent system, known as the high pressure fire service, is used exclusively for fire protection purposes. The high pressure fire service system is connected up with the regular distribution mains; in case of emergency provision has been made so that salt water can be used.

### DISTRIBUTION SYSTEM.

The Boroughs of Manhattan and Bronx are supplied from both the Croton and the Bronx and Byram watersheds. The Croton covers an area of 360 square miles, and from various reservoirs water is brought through more than 30 miles of masonry conduit to distributing reservoirs in the boroughs. The Bronx and Byram watershed covers about 22 square miles.

In Manhattan, Croton water is used entirely, but in the Bronx about three-quarters of the population is supplied with Croton water, the other quarter being supplied from the Bronx and Byram Rivers. Approximately 350,000,000 gallons are used every day in Manhattan and the Bronx.

In Brooklyn about 80 per cent. of the water comes from wells, and the remainder from small streams, the watersheds having an area of nearly 170 square miles. All the water is pumped and about 150,000,000 gallons are consumed daily from municipal and private sources. Flatbush and Borough Park are supplied by private companies from wells.

The city supplies only the first and third wards in the Borough of Queens, while the other wards are supplied by private companies. The water is taken from wells and the consumption averages about 36,000,000 gallons daily.

In Richmond, the city owns the wells which furnish about 11 500,000 gallons daily.

### HIGH PRESSURE FIRE SERVICE SYSTEM.

The high pressure fire service system in Manhattan is bounded by Thirty-fourth Street, Madison Avenue, Twenty-fourth Street, Lexington Avenue, Fourteenth Street, Third Avenue, Bowery, Houston Street, East River, Battery, North River, and covers an area of 5.8 square miles.

There are two pumping stations, one located at Gansevoort and West Streets, and the other at Oliver and South Streets. Each station has six electrically driven centrifugal pumps that are connected to the Croton Supply (see above), the Gansevoort and West Street station being also connected to the North River, and the Oliver and South Street station to the East River. Thus, either fresh or salt water may be used, the latter, however, only being used in emergencies. Each pump can deliver 3,000 gallons a minute against a head of 300 pounds at the station. The combined capacity of the two stations is equal to about 50 fire engines delivering two good sized streams. The pumping stations respond to every alarm with a pressure of 125 pounds per square inch.

The distributing system consists of 128 miles of mains, 8 to 24 inches in diameter, and about 2,750 four-nozzle hydrants are connected to the distributing system.

The pressure at any point can be increased or decreased by telephoning to the pumping stations. For this purpose there are approximately 696 telephone boxes, besides telephones communicating with the Fire Headquarters and with the main and subsidiary stations of the New York Edison Company.

The present system cost about \$6,762,000 for stations, land, mains, and appurtenances.

In Brooklyn there are two high pressure fire service systems, one protecting the business and manufacturing districts, and the other the amusement section of Coney Island.

The one for the business and manufacturing districts is bounded by the upper New York Bay, Hudson Avenue, Tillary Street, St. Edward's Street, St. Felix Street, Fort Greene Place, Fifth Avenue, Twenty-fourth Street, Thirtieth Street to the water front, and covers an area of 4.8 square miles.

The supply is furnished by two stations, the main one being located at the foot of Joralemon Street, and the reserve one at Willoughby and St. Edward's Streets. Both draw their supply from the Ridgewood mains, the main station being also connected to the East River.

The pumps are electrically operated in both stations, and have a combined rated capacity of 24,000 gallons per minute against a pressure of 300 pounds per square inch.

The distributing system consists of about 34 miles of mains, 8 to 20 inches in diameter, with the usual hydrants.

The Coney Island high pressure system protects an area of 470 acres. The pumping station is located at West Twelfth Street and Coney Island Creek. Gas engines driving pumps are installed, the total capacity being 4,500 gallons per minute pumping against a pressure of 150 pounds per square inch. The water is distributed through 6 miles of mains, 8 to 16 inches in diameter, having hydrants where necessary.

### THE CATSKILL MOUNTAIN SYSTEM.

The new water supply system, which is nearing completion, consists of the following reservoirs, viz.: Ashokan for impounding the water, Kensico for storage, Hill View for equalizing and distributing, and Silver Lake for distributing and serving as a terminal reservoir, and besides these reservoirs the Catskill Aqueduct for conveying the water. In New York City the system will be inter-connected with existing works after some changes have been made in the present pipe lines. However, the city pumping plants in Manhattan and the Bronx, Brooklyn, Queens, and Richmond, which pumped during the year 1914 over 440,000,000 gallons daily, and the various private plants, which during the year 1914 supplied about 37,000,000 gallons daily, may in part be dispensed with as the water brought by the new Catskill system will have in general sufficient pressure to reach the twentieth floor of a building situated at tide level.

### ASHOKAN RESERVOIR.

The main supply will be impounded or collected in the Ashokan Reservoir, which is 13 miles west of Kingston, N. Y., from its tributary watersheds, the Esopus, now being developed, 255 square miles in extent, with the Schoharie, 228 square miles, and the Catskill Creek, 163 square miles, available for development in the future. The reservoir, formed by the building of the Olive Bridge Dam and a number of dikes, is approximately 12 miles long by one mile wide, with a maximum depth of 190 feet. When full, the surface of the water is 590 feet above sea level. Although in a series of dry years the Esopus watershed cannot be depended upon to supply more than 250,000,000 gallons each day, the Catskill Aqueduct has, for economic reasons, been constructed for 500,000,000 gallons daily capacity.

Investigations by borings are being made in the vicinity of Prattsville of proposed dam sites across Schoharie Creek, the watershed of which is to be developed next in the plan of utilizing the full capacity of the Catskill Aqueduct.

#### CATSKILL AQUEDUCT.

Leading from the Ashokan Reservoir is the Catskill Aqueduct, into which, through future development, may also empty the Lackawack Reservoir (supplied by the Rondout watershed, having an area of 131 square miles), the aqueduct bringing the water to Storm King, four miles above West Point, then under the Hudson River in a tunnel to Breakneck Mountain, from Breakneck Mountain to Kensico Reservoir, and from the latter to Hill View Reservoir in Yonkers, just north of the city line.

The type of construction depends entirely on the nature of the country the aqueduct crosses. Wherever possible it is built in the open—that is, in cut and cover—but in many cases tunnels and siphons are required. The cut and cover portion is of concrete, having a horseshoe shaped cross section 17 feet high and 17 feet 6 inches wide, with the flat part resting on the ground. The dimensions of the tunnels range from approximately those just given to a circular section 14 feet 6 inches in diameter. The entire waterway is concrete lined.

The most difficult tunnel to bore was the one under the Hudson River between Storm King and Breakneck Mountains. Here it was necessary to cut through solid rock at a distance 1,100 feet below the surface of the river. From Breakneck Mountain to Kensico Reservoir (east of Tarrytown, N. Y.) cut and cover construction, with an occasional tunnel or siphon, is followed; similarly the Kensico Reservoir is connected to the Hill View Reservoir, and from the latter is the tunnel for supplying New York. The Catskill Aqueduct from the Ashokan Reservoir to the city line at Yonkers is about 92 miles long, 55 miles being cut and cover, 31 miles tunnels and 6 miles of steel pipes.

#### CITY TUNNEL OF CATSKILL AQUEDUCT.

The tunnel from Hill View Reservoir passes under the Borough of Bronx, the Harlem River, the Borough of Manhattan, the East River, and terminates in Brooklyn, a distance of 18 miles. At the Brooklyn terminal pipes extend to Queens and to Richmond, the pipes to the latter being of cast iron, crossing the Narrows and discharging into an equalizing reservoir at Silver Lake, 225 feet above sea level.

The tunnel is circular in section, reducing from 15 feet to 11 feet in diameter, lined with concrete, and varying from 200 to 750 feet deep in solid rock. It thus passes far below all subways and building foundations. About every 4,000 feet connections will be made to the present distributing system, through controlling valves set to furnish the water at any lower pressure than that in the tunnel, which existing conditions may require.

The tunnel is capable of delivering 500,000,000 gallons daily, the water rising at the Brooklyn end to nearly 240 feet above tide water, a height sufficient to supply without pumping the highest sections of the borough. The estimated cost of the tunnel and pipes within the city and the reservoir on Staten Island is \$25,000,000.

The total cost of the entire system as projected, including the development of the Catskill Mountain watersheds as needed by the growth of the City of New York, the necessary reservoirs, Catskill Aqueduct and all appurtenances, will be about \$177,000,000. It is estimated that the work now under contract will be almost wholly completed in 1916.

Construction operations have been in progress about eight years, and nearly \$100,000,000 worth of contracts have been awarded. The development of the Esopus watershed is completed, from which a daily yield of 250,000,000 gallons is obtainable. The aqueduct to deliver this water to the five boroughs of the city is finished with the exception of contract tests of the city tunnel, a few minor items of construction and equipment, operating tests of the entire work and final preparations for service. Ashokan impounding reservoir was, in September, 1915, storing 80,000,000,000 gallons of water, over 60 per cent. of its capacity. Its appurtenant structures are nearing completion. Kensico storage reservoir, through record-breaking progress in the construction of Kensico dam, is so nearly completed as to permit beginning the storage of water. Hill View equalizing reservoir is finished, while Silver Lake terminal reservoir, commenced in August, 1913, is over three-quarters done. None of the three last-mentioned reservoirs is immediately essential to the temporary operation of the aqueduct.

### DISTRICT LEADERS IN NEW YORK CITY.

## FATAL ELEVATED RAILWAY, SUBWAY AND NEW YORK CENTRAL R. R. ACCIDENTS.

| TABLE J.            | 1909 | 1910 | 1911 | 1912 | 1913 | 1914 | TABLE J.                        | 1909 | 1910 | 1911 | 1912 | 1913 | 1914 |
|---------------------|------|------|------|------|------|------|---------------------------------|------|------|------|------|------|------|
| Elevated railway... | 11   | 17   | 10   | 6    | 10   | 12   | *New York Central Railroad..... | 22   | 14   | 15   | 9    | 13   | 13   |
| Subway railway....  | 13   | 24   | 19   | 14   | 16   | 13   |                                 |      |      |      |      |      |      |

\* Includes Eleventh Avenue, New York City. The above figures comprise a list of fatalities, 50 per cent. of which are preventable.

The table of homicides indicates that pistols are the cause of the majority of murders. The law in the State of New York regulating the sale and carrying of pistols is beginning to show its efficaciousness, as the figures for 1914 show a marked decrease of homicides and suicides by shooting. The law is now in its third year of operation. A uniform law in every State restricting and regulating the sale of pistols would probably decrease murders and suicides in the United States 50 per cent. Better regulations governing the sale of poisons would show a decrease in deaths from this cause, as shown in Tables B and C. Deaths caused by elevators could be reduced to a minimum if a law was passed compelling the installation of a device that would prevent the car from moving while the door leading to the elevator car is open. Eighty per cent. of the fatalities, as shown in Table D, happen at the door entrance. The number of deaths of young children, as shown in Table H, would be decreased if parents were more careful in seeing that matches were not left lying around the house where young children can handle them.

Deaths by vehicular accidents, as shown in Table I, particularly by automobiles, could be decreased if the proper preventive measures were taken by the authorities, namely, the rigid enforcement of the traffic ordinances, licensing of all operators and revocation of license for cause and suitable punishment of reckless drivers. In comparison with the trolley cars it is worthy of note that deaths caused by the latter have decreased over 50 per cent. since 1907, showing what can be done to prevent these street fatalities.

GEORGE P. LE BRUN.

ACREAGE OF PARKS IN NEW YORK CITY BY BOROUGH—Manhattan, 1,483 acres; Richmond, 63 acres; The Bronx, 4,148 acres; Brooklyn, 1,046  $\frac{3}{4}$  acres; Queens, 1,057 acres.

# Guaranteed Low Cost Life Insurance

Our Guaranteed Low Cost Life Insurance Policies guarantee every figure and eliminate all uncertainties. They provide from 15% to 25% more life insurance from the beginning in place of so-called dividend policies.

They contain a disability clause by which in event of permanent total disability before age sixty the policy immediately matures for the full value by the payment of a guaranteed income to the disabled insured.

That the merits of this form of life insurance appeal to business men is evidenced by the fact that in the percentage of increase during the last five years The Travelers stood second among all the leading life insurance companies in the country.

## Accident Insurance

The Travelers accident policies are the standard of what such policies should be, insuring against temporary disability as well as against loss of life, limb and sight. Business men will be interested particularly in The Travelers Maximum Policy, which covers all accidents but pays a maximum of \$40,000 for accidents of travel at a cost of \$35.

## Our Compensation and Liability Contracts

provide the most complete coverage and the most efficient service for the prevention of accidents. In 1914 it made over 162,000 inspections for the improvement of working conditions. In this line as well as in accident insurance The Travelers is the leading company of the world.

The Company also issues automobile, elevator, teams and public liability policies.

# Eureka

Send for  
Catalog—  
FREE

## Potato Planter

Profitable for the large or small grower. Plants potatoes at lowest possible cost. One man operates it. Opens the furrow—drops the seed any distance or depth required—puts on fertilizer (if wanted)—covers up—marks the next row. Accurate, automatic and dependable. Sold with or without Fertilizer Attachment.

Here's why you should select the Eureka Potato Planter: Furrow Opening Plow is directly under the axle—that means uniform depth at all times. The seed drops in sight of driver. Steel and malleable construction makes long life and few repairs. Made in three sizes—for one or two rows.

# Eureka

Write for Free  
Catalog

## Mulcher and Seeder

A mulcher, smoothing harrow, cultivator, weeder and seeder—all in one. Forms dust mulch—a blanket of loose soil—preventing soil hardening and moisture escaping. Increases yield of corn, potatoes, oats, wheat, etc. Kills weeds. Has flat teeth, especially adapted to form mulch. Lever and pressure spring control depth of teeth. Sold with or without seeding boxes for grass seed, alfalfa, oats, etc. Teeth cover the seed. Adapted for a large variety of work. Three sizes, 8, 10 and 12 feet. Shipment from branch near you.

# Eureka

Write for Free  
Catalog

## Mower

This machine has the one right cutting principle—centre draft. Cutter bar is directly in front of wheels—mows back and forth on one side of field in any direction. No side draft. Cut crop is left in standing position and cures rapidly. One-third saving in time and labor. The Eureka Mower abolishes tending and tramping of cut crop. It's the ideal mower for orchard and working between rows. Will cut weeds in pastures and brush that no other mower will handle. 5 sizes for one or two horses. 46 years on the market. Machines bought 30 years ago, and used every year, still in use. Prompt shipments. Write to-day.

# SHORTHAND IN 30 DAYS

You can learn in spare time in your own home, no matter where you live. No need to spend months in study, as was formerly necessary. The Boyd Syllabic System is easy to learn—easy to write—easy to read. Simple, Practical, Speedy, Sure. No ruled lines—no positions—no shading, as in other systems. No long list of word signs to confuse. Only nine characters to learn and you have the entire English language at your absolute command. This system is now widely used by stenographers, private secretaries, newspaper reporters. Lawyers, ministers, teachers, physicians, literary folk and business men and women may now learn shorthand for their own use through home study. A perfect shorthand system for any purpose—and does not require continual daily practice. Our graduates hold high-grade positions in all sections of the country. Send to-day for free booklet, testimonials, offer, etc.

## You've Got to FIGHT For Success—

*and Speech Is Your Greatest Weapon*

I don't care what business or profession you're in, you've got to get up and fight for everything you get in this life; not with your hands, but with your brains, and speech is your weapon.

**Don't Stand Still—  
Move On!**

If you can speak convincingly—if you have the ability to express your ideas, your chance of success is doubled. For it is not only **what** you say that counts—it's **how** you say it. The best ideas on earth haven't a chance if you can't "put them over" in speech—if you can't make others see them as you do.

### Let Me Teach You

Give me fifteen minutes a day and I will teach you how to address board meetings, make political speeches, propose and respond to toasts, make after-dinner speeches, tell stories, sell more goods, develop power and personality, improve your memory, increase your vocabulary, speak and write English correctly, earn more—achieve more.

### Send for Facts Free

Let me send you complete information—let me explain how easy it is—show you letters from hundreds of enthusiastic graduates—tell you how my course will help you individually. I'll send this by mail. No salesman will call. Write to-day—a postal will do.

Grenville Kleiser, FUNK & WAGNALLS COMPANY, Dept. 412, New York.

# This Man

## Has the World's Master Memory

HE can give the population of any place in America of over 5,000—

HE can give every important date in world-history—

HE has 300,000 Facts and Figures stored away in his brain.

William Berol is this man's name, and a few years ago his memory was distressingly poor.

His amazing efficiency was developed through his own simple, practical method.

He is now teaching his system with great success to large classes at leading educational institutions in New York City. He desires to impart his method to YOU.

## He Can Build YOUR Memory So That It Need Never Fail

His simple system will aid average men and women to remember names, faces, dates, telephone and street numbers; it will enable you clearly to remember the facts in what you read or study; in public speaking you will get a firm grip on what you want to say; it will strengthen your faculties of observation, concentration, will power, and develop you into a clear, logical thinker.

### Give Him a Few Spare Minutes Daily, at Home

He makes no promise to you that he can not substantiate in his own person.

Write to-day for full, free particulars of this man's wonderful memory and our offer to YOU.

**LIGHT WATCH CO., Dept. W. A., Chicago.**

# Stop Forgetting!

**Prof. Henry Dickson, Principal Dickson School of Memory.**

## Don't Be Chained to a Poor Memory

Forgetfulness is the chief cause of inefficiency. A perfect memory is the key to success. Your most valuable possession is a perfectly trained memory. In business or social life it is absolutely essential, if you are ambitious to rise above the ranks of the merely mediocre. Ability to concentrate at will—to think quickly, accurately—to speak readily and confidently—to recall instantly and naturally names, faces, facts, figures, etc.—are stepping stones to preferment. And you can easily acquire these invaluable possessions if you will. Good memory is not a special gift peculiar to a select few. It is a result of training. It is for any one who will accept.

### The Dickson Method of Memory Training Makes You "FORGET-PROOF!"

Ten minutes a day of your spare time will give you this training and will not interfere with your work in any way whatever.

My course is not a theory, but a purely and absolutely scientific method of easy practical home lessons which any one can readily understand and master. It is the result of many years of personal contact with thousands of students as their instructor in leading schools and colleges, searching their developing minds for means of strengthening their memories. My

method of memory training enables you to classify impressions, ideas, names, facts and arguments without effort—trains you to think on your feet—to overcome self-consciousness and bashfulness. My system of memory training has transformed thousands of failures into successes—it will make you "forget-proof."

### HOW TO GET A FREE COPY OF THIS VALUABLE BOOK

"How to Speak in Public" De Luxe edition, handsomely illustrated, richly bound. Exactly suited to meet the needs of the man or woman who desires to be a successful public speaker. The price of this 1916 De Luxe edition is \$2.00. Write and learn how to obtain free copy.

### De Luxe Book of Facts "HOW TO REMEMBER" Absolutely Free

It explains clearly the course that has raised thousands of men from failure to successes. My free book is the first step. Don't delay. Age, education, vocation or place of residence make no difference.

### Mail Letter or Postal To-Day.

**Prof. HENRY DICKSON, Principal**  
**Dickson School of Memory 620 Hearst Bldg., Chicago**

Smith's Non-Skid Canvas Tread Tire improvement over former way of building the tread is shown in this illustration. Notice the two strips of rubberized canvas extending from the interior of the tread to the surface, which binds the tread to the air carcass, preventing the tread from splitting, peeling off, also prevents skidding and stone bruising the air carcass, which is the ruin of all tires. BLOWOUTS are impossible. Free booklet telling many other advantages and Arent's proposition.

**Smith's Canvas Tread Tire Co.**  
**69 Genesee Street, UTICA, N. Y.**

## TELLS HOW FAR YOU WALK

# THE AMERICAN PEDOMETER

Regulates to Step and Registers Exact Distances; Simple, Accurate, Durable.

Illustration 1/2 size.

Indispensable to every lover of outdoor sport, and especially to those who love WALKING. Instructive because of value in determining distances; a necessary adjunct to compass and as useful to SPORTSMEN. It furnishes the true solution of many a disputed question of how far it is to or from various points. Best of all, it is a wonderful health promoter because its interesting notations afford real incentive for WALKING. Whether you walk for health, business or pleasure—anywhere, everywhere, the AMERICAN Pedometer tells the whole story of just how far you have travelled.

### FULLY GUARANTEED.

# HYPNOTISM

**Be a Hypnotist and Make Fun and Money!**

It takes but a few hours to learn. The study is both easy and fascinating. Hypnotism is an endless source of fun and wonder. If you know how to hypnotize you can perform some of the most marvellous things imaginable. You can do a hundred amazing things that other people cannot do. You can surprise your friends and make yourself popular. You can place others under this strange and mystic spell. You can compel them to think, act and feel just as you wish. If you want to **make money** you can do so by giving entertainments, treating diseases or teaching the art to others. Why work for others when you may master this money-making profession so easily? Investigate

**now!** You may learn at your own home. I will send you my **free treatise** for the asking. It tells you about Hypnotism and how you may easily learn it. It is profusely illustrated and is written in a simple style easily understood by all. Anybody may learn from it of how the hypnotic spell sways the will of its subjects, heals the sick, reforms the degraded, overcomes bashfulness, helps to trade or position, amuses an audience for profit, and gains for the operator himself courage, will-power and a means to health, wealth and happiness. It also treats fully on Personal Magnetism and kindred subjects. Remember, this treatise is **absolutely free**. Simply write for it, and it will be sent by next mail, all charges paid. Don't send any money or stamps, but send your name and address to-day. Address:

# CROOKED SPINES—STRAIGHTENED

Cure Yourself or Your Child at Home, Without Pain or Inconvenience, of any Spinal Deformity, with the Wonderful SHELTON APPLIANCE.

No matter how old you are, or how long you have suffered, or what kind of spinal deformity you have, there is benefit and a possible cure for you by means of the wonderful Sheldon Appliance. It is as firm as steel, and yet elastic at the right places. It gives an even, perfect support to the weakened or deformed spine. It is as easy to take off or put on as a coat, causes no inconvenience, and does not chafe or irritate. No one can notice you are wearing it.

## CURE YOURSELF AT HOME

The Sheldon Appliance is made to order to fit each individual perfectly. It weighs ounces, where other supports weigh pounds. The price is within the reach of all. Hundreds of doctors recommend it.

## We Guarantee Satisfaction and Let You use it 30 Days.

If you or your child are suffering from spinal trouble of any nature, write at once for our new book with full information and references. If you will describe the case it will aid us in giving you definite information at once.

# "GAINS 22 POUNDS IN 23 DAYS"

**Remarkable Experience Told by F.  
Gagnon—A Simple Way by Which  
Thin Men and Women Have  
Put on Healthy Flesh.**

"I was all run down to the very bottom," writes F. Gagnon. "I had to quit work, I was so weak. Now, thanks to Sargol, I look like a new man. I gained 22 pounds in 23 days." And N. D. Sanderson adds, "When I started Sargol I weighed 147 lbs. and now I weigh 160 lbs. Everybody is telling me how fat you have got in the last month."

When hundreds of men and women—and there are hundreds, with more coming every day—living in every nook and corner of this broad land, have voluntarily reported to weight increases ranging all the way from 10 to 35 pounds, given them by Sargol, you must admit, Mr. and Mrs. and Miss Thin Reader, that there must be something in this Sargol method of flesh building after all.

Sargol has put pounds of healthy "stay there" flesh on hundreds who doubted, and in spite of their doubts. You don't have to believe in Sargol to grow plump from its use. You just try it and see if your weight don't pile up, hollows vanish and your figure round out to pleasing and normal proportions. You weigh yourself when you begin and again when you finish and you let the scales tell the story.

Sargol is just a tiny concentrated tablet. You take one with every meal. It mixes with the food you eat for the purpose of separating all of its flesh producing ingredients. It prepares these fat making elements in an easily assimilated form, which the blood can readily absorb and carry all over your body. Plump, well-developed persons don't need Sargol to produce this result. Their assimilative machinery performs its functions without aid. But thin folks' assimilative organs usually do not. This fatty portion of their food now goes to waste through their bodies like unburned coal through an open grate. A few days' test of Sargol in your case should surely prove whether or not this is true of you. Isn't it worth trying?

## 50c BOX FREE

To enable any thin reader to easily make this test we will give a 50c box of Sargol absolutely free. Send for this Free Test Package to-day, enclosing 10c in silver or stamps to help pay distribution expense, etc., and a full size 50c package will be sent by return mail free of charge. Mail this coupon with your letter to the Sargol Co., 300-N Herald Building, Binghamton, N. Y.

This picture intends only to represent a plump, well-developed man and woman who would attract attention anywhere.

### Come Eat With Us at Our Expense

#### FREE COUPON.

This coupon entitles any person to one 50c package of Sargol, the concentrated Flesh Builder (provided you have never tried it and that 10 cents is enclosed to cover postage, packing, etc.). Address: The Sargol Company, 300-N. Herald Bldg., Binghamton, N. Y. Write your name and address plainly and **PLN THIS COUPON TO YOUR LETTER.**

## Your Bunion Can Be Cured Instant Relief Prove It At My Expense

Don't send me one cent—just let me prove it to you as I have done for 57,532 others in the last six months. I claim to have the only successful cure for bunions ever made and I want you to let me send you a treatment FREE, entirely at my expense. I don't care how many so-called cures, or shields or pads you ever tried without success—I don't care how disgusted you feel with them all—you have not tried my cure and I have such absolute confidence in it that I am going to send you a treatment absolutely FREE. It is a wonderful yet simple home treatment which relieves you almost instantly of all pain; it removes the cause of the bunion and thus the ugly deformity disappears—all this while you are wearing tighter shoes than ever. I know it will do all this and I want you to send for a treatment FREE, at my expense, because I

know you will then tell all your friends about it as those 57,532 others are doing now. Write now, as this announcement may not appear in this paper again. Just send your name and address and treatment will be sent you promptly in plain sealed envelope.  
**FOOT REMEDY CO.**  
3592 W. 26th St.  
Chicago

## DRINK HABIT

For the good of those who are victims, directly or indirectly, of the drink habit, I have written and published a very interesting illustrated book which describes how I was freed completely from the craving, and for several years I have not had any desire to touch a drop of anything alcoholic. My book contains information, by following which thousands of drinkers have admittedly been saved.

Many men who do not want to be freed of drink curse have been secretly saved by wives, mothers or sisters. They did not realize what was happening until they found all desire had left them—they couldn't drink any more whisky or beer—then they rejoiced at having been saved. My book has been proven many times worth its weight in gold to a multitude of families. Praised by physicians, judges, editors, clergymen and legions of others. Simply write Edward J. Woods, 657-L, Station E, New York, N. Y., and you will soon receive the FREE book of valuable information in plain wrapper, and happiness may soon be yours. Correspondence confidential.

## A Thousand Deaf People

A thousand people become deaf each year we are informed, because of neglecting to overcome catarrh of the nostril passages and throat. Always when one is getting over a cold in the head, Pretzinger's Catarrh Balm should be used. It costs but fifty cents of any good druggist, and may save many dollars and your hearing sense too. Perhaps the reader's hearing is not so acute, perhaps the ears itch and thump away inside where one cannot see—well, its catarrhal deafness coming on and the way to absolutely stop it is by using this wonderful healing curative balm—Pretzinger's Catarrh Balm. It is guaranteed satisfactory by dealers and a Free sample may be had by addressing, enclosing 2c stamp to cover cost of mailing, Pretzinger's Catarrh Balm Co., 50 Patterson Bldg., Dayton, Ohio.

## MEN, WHEN IN CHICAGO, COME AND SEE FOR YOURSELVES

The Dr. Lorenz Electro Body Battery is the greatest self-cure for weakness and debility the world has ever known. No drugs, no medicine, no dieting, no unusual demand of any sort; just cease all dissipation and this invention will do the work. It sends a stream of vital life into your nerves, organs and blood during the time you are asleep. For the treatment of rheumatism, weak back, nervousness, stomach, liver and kidney dry orders, it is incomparable. Dr. Lorenz Dry Cell Storage Battery is a high-grade battery, requires no charging with vinegar or acids, is 300 per cent. easier applied, gives 400 per cent. greater service, and is sold at a low price without added cost for fancy books.

A booklet with full particulars and factory prices by mail FREE.

money, just the coupon. Send to-day.

## Sleep All Night, Don't Get Up Once!

Bladder Weakness Quickly Corrected  
by Recent Scientific Discovery  
In Old and Young.

Send for FREE 50c Package.

You who have to get up at least once,  
and maybe six or eight times every  
night because of bladder weakness, and  
who have almost forgotten what the  
restfulness and luxury of an unbroken  
night of untroubled sleep is like, should  
surely welcome the wonderful, scientific  
discovery incorporated in Kellogg's  
Brown Tablets.

"Oh-hi-hum! It's Tough to Have to Get  
Up This Way Every Night!"

Of this agent, a noted physician and  
scientist of Washington, D. C., said, in  
an address before the American Thera-  
peutic Society: "That the aged sufferer  
passes his nights like in the days of his  
prime \* \* \* is the reason of the  
claim for a symptomatic cure."

Send coupon to-day, with six cents in  
stamps to help pay postage and pack-  
ing, for a free 50c trial box of Kellogg's  
Brown Tablets, to Frank J. Kellogg, 120  
Hoffmaster Block, Battle Creek, Mich.

# You Are a Dope Fiend!

If this accusation were made against you, the probabilities are that you would wax indignant, and either lay violent hands on the accuser, or seek legal redress. Yet the fact remains that too many of us daily "dope" ourselves with pills and fake medicines, whose habit-forming ingredients too often result in the victim's finally becoming the slave of an insidious drug that is deadly in its effects.

## YOU CAN'T GET HEALTH AND STRENGTH FROM A SPOON!

When you make a clearing house of your stomach for pills, physics, patent "dope," &c., you are merely exchanging one undesirable condition for another that is equally, if not more, undesirable. When your watch runs down, do you pour acid on the spring, or do you wind it up? Your body is worth more than your watch. Yet you "eat up" your vitality with drugs more deadly in their effect on the human system than would be nitric acid on the spring of your watch.

**Do away with the fancied necessity for drugs.** Nature intended the body to be a thing of beauty, not a pitiable frame-work over which to stretch a covering that would hold harmful drugs.

If your body was built by Strongfort there would be no necessity for the use of drugs. The temporary stimulation that is afforded by the use of pills, &c., is called for only by the weak, ill-nourished physique. A strong, healthy body is its own stimulant, and a stimulant that is Nature's perpetual gift.

**You can become as strong and healthy as you wish,** and you can enjoy the vitality and energy that go hand in hand with success in any walk of life. It is not the weak, scraggy, scare-crow sort of man that is the leader in any sphere. It is the strong, virile, health-exuding MAN who carries off the prizes that are worth winning.

## WOULD YOU PUT YOUR HEAD IN A LION'S MOUTH?

No! But you daily place yourself in a far more precarious position by trying to "swallow" health and energy.

Look at the picture to the left of this page. Do you suppose for a minute that the wonderful development shown there was attained by the use of drugs? Do you think that a pill could build that chest, or a spoonful of "dope" those legs or arms? You know they couldn't; so that if you are looking for strength and health such as I possess, make use of the methods by which I obtained them. In that way only can it be acquired. **YOU CAN GET** the results achieved by me. **STRONGFORT** pupils throughout the world are a living, happy, enthusiastic testimonial to the efficacy of my methods. I do not recognize the word **FAILURE!**

I don't care what your ailment, or of how long standing it is. Whether it is simple indigestion, or whether you are now reaping the fruits of the seeds sown by Youthful Folly. Put a cross opposite your ailment or ailments in the coupon attached; mail it to me, and it will bring you a MESSAGE OF RELIEF. You can tell me things you would hesitate to tell a physician, and I will respect your confidence and earn your eternal gratitude.

My book, **"Intelligence in Physical and Health Culture"** will open your eyes to many things, and bring to your hands a method whereby the **HEALTH, STRENGTH, ENERGY** and **HAPPINESS** that are rightfully yours may be attained. Send that coupon to-day. The sooner you learn more of **STRONGFORTISM** the sooner will you be on the high-road to **HEALTH AND HAPPINESS.**

### LIONEL STRONGFORT Health and Strength Institute

### LIONEL STRONGFORT

The world's strongest and most perfect athlete, whose unaccepted challenge of competition to the greatest living "strong men" still stands.

LIONEL STRONGFORT, Dept. T-6. 925 BOARDWALK, ATLANTIC CITY, N. J.

# Goitre Goes---Without Knife, Pain

or any ill effect—without leaving home—without loss of time. You can prove it **at our risk.** "GOITRENE" offers by far the surest, quickest, safest, most natural and scientific goitre treatment ever originated. It has a most remarkable record of cures—cures of men, women, children, who before had tried various other methods without avail—cures of the most obstinate cases of many years' standing, of outward goitre and inward goitre, of hard tumors and soft ones—genuine, honest,

## PERMANENT CURES

*Read this as a sample:*

"I had been troubled with a goitre for a number of years. At times it troubled me considerably. Sometimes I felt distracted and could hardly breathe. Sometimes I could hardly eat or drink. Then, again, I spent sleepless nights. But when I began to use **Goitrene** it did not take long before I felt a change coming over me. It seemed as if I was another person. I am very glad to state the goitre has entirely disappeared."—Mrs. J. KOBES, Holland, Mich.

**"GOITRENE" IS GUARANTEED.** Money positively refunded if it doesn't do as agreed. Write at once for Free Booklet and most convincing testimonials you've ever read. Address, **THE GOITRENE CO., Dept. W.** 915 W. 63d Street, Chicago, Ill.

## "Any Symptom!!"

Any symptom or disease, the result of Constipation—so many are—will yield readily to the valuable medicines contained in **Blackburn's Casca-Royal-Pills.**

Constipation first, then Nausea, Biliousness, with Weakness, Headache, Backache, Languor, Malaria, Kidney and Liver Disorders, Womanly Derangements, Boils, Pimples, Mental Sluggishness, Nervousness and Sleeplessness.

Get well! You certainly will if you take these sweet, little **Casca-Royal-Pills.**

All Druggists—10c, 25c.

The Blackburn Products Co.,  
Dayton, Ohio.

OVERCOME CONSTIPATION.

## THERE IS A DISEASE

The name is not often printed. However, everybody knows what it is and those who have that disease use Mercury, Potash, "606" "914" or go to Hot Springs for treatment. Have you that disease? If so, write for our 100-page book **FREE**, explaining how to obtain a quick and perfect cure without danger and at little cost.

# Loose Teeth Sore Gums

(PYORRHEA)

I am a Dentist of 25 Years' Experience. I Have Perfected a Most Successful Home Treatment for Pyorrhea, the Terrible Tooth and Gum Disease, and All Its Symptoms.

I have found a very successful home treatment for that terrible disease called Pyorrhea or Riggs Disease of the gums. Most dentists tell their patients there is no cure for it, that there is no cure for loose teeth, bleeding, spongy, shrinking gums and dropping out of teeth; but many who have used my home treatment say there is, AND PROVE IT.

Don't have those teeth pulled. You may save every one of them—make them good, firm, healthy, sound teeth again.

Hundreds of patients say Dr. Willard's home treatment stops the teeth from being loose or wobbly and that it has done so in cases where the patient could almost pull his teeth out with his fingers, where the gums were soft and spongy, bleeding and shrinking away from the teeth. You may make these conditions positively and absolutely disappear and end your Pyorrhea. There is no pain, no fussing, no waste of time.

The letters I will send you from people in all parts of the country will tell you that the torture and expense of dentist's work—all its grinding, whirring, jamming and nerve-touching agony are gone forever. No more plates and bridges. They enjoy good teeth, good chewing and a good stomach once more. If you have any of the symptoms mentioned, then Pyorrhea, sometimes called Riggs Disease, is on the way—you are bound to lose your teeth, and have to wear those awful false teeth. If you don't find a cure for it now. Simply send your name and address on coupon below and I will tell you all about this dreadful disease and why my simple home treatment may save your teeth without pain or expense of the dental chair.

My Illustrated Book **FREE**  
and Full Information

Dr. F. W. WILLARD,  
825 Powers Bldg., Chicago, Ill.

Please send me your illustrated free book on tooth and gum diseases, with information about your successful home treatment for Pyorrhea.

## SILVER JUBILEE!

Will you help celebrate?  
"How would you advise me to observe my 25th anniversary as an Ear Specialist?" was the question Specialist Sproule asked some of his friends. Their answer was unanimously: "Give away a certain number of your treatments for

Head Noises. Free."

After careful consideration, the Specialist has decided to do this, and now he wants every sufferer from Head Noises to help him celebrate by sending for a Free Treatment.

Just 25 years ago he began curing this trouble and he has kept right on doing it for a quarter of a century. Hundreds and hundreds of people who never thought to be free from those incessant, terrible noises have secured a blessed quietness by the use of his treatment.

Moreover, every Head Noises sufferer's heart confirms the medical truth that his trouble is only too surely a red lantern of warning to tell of coming Deafness. Whether the ear-sounds are constant or occasional—whether the hearing is still acute or impaired to a greater or lesser extent, Deafness will come. What more pitiful affliction? To be starving for love, yet unable to hear a word of sympathy, shut out from friends and companionship—to be only a burden and annoyance to others!

## FREE HEAD NOISES TREATMENT

To celebrate his Silver Jubilee, Specialist Sproule offers Free Treatment for a short time to every Head Noises sufferer who reads these lines.

He does this in response to the requests of people just like you, who suffered from Head Noises and approaching Deafness, and who have been entirely cured by his treatment.

Don't miss this Silver opportunity. Just sit down and write a note to Specialist Sproule asking for a "Jubilee Free Treatment," or write "Jubilee Free Treatment" on a post card, sign your full name and address, and the treatment will come to you as quickly as the mails can bring it.

You can then see this Method for yourself. It won't cost you a cent. Don't delay and don't hesitate. Get in line to have a Jubilee yourself by getting rid of those terrible noises. Think how happy you would be to be free from them!

Write right NOW. Send for a Jubilee Free Head Noises Treatment and share in the Jubilee.

Deafness Specialist Sproule  
200 Trade Building, Boston, Mass.

*I Will Prove to You by Signed Statements and Letters from Scores of Former Sufferers That*

# RUPTURE

## Can Be CURED!

No old-style Truss, Steel Springs, Elastic Bands or Leg Straps; No Knife, No Operation, No Discomfort, No Loss of Time, Enjoy Grand, Glorious Comfort while your Rupture heals.

**This Book  
Tells How.  
I Will Send  
It to You**

Here's a book that EVERY ruptured person ought to read. It contains valuable information about rupture. Describes and pictures various kinds of rupture and rupture supports. Tells how to hold and control rupture and how to avoid serious consequences, such as strangulation, etc. It has shown hundreds the way to better health and happiness. Send for it.

# FREE!

### You Can Be Free from Truss Slavery and Rupture Misery

Are you going about harnessed like an over-burdened truck horse with an ill-fitting truss or makeshift contraption gouging into your flesh or slipping out of place, causing you endless misery?

I've proved to a multitude of rupture sufferers that PERFECT support and COMFORT are possible. Let me show YOU Free how YOUR rupture can be held and held with PERFECT, GLORIOUS comfort.

### Here Is Proof!

Mr. John T. Custard, Lamar, Mo., says:—"It has really cured me," Mr. Broadus Willoughby, Crosby, Ala., says:—"The Schuiling Rupture Lock is the best I ever used. It has cured me," Mr. Louis Fitting, Kooskia, Idaho, says:—"I wore the Schuiling Lock five months and can say I am cured."

These are samples of scores of letters we have on file. I will send copies of dozens like them.

I offer STILL STRONGER PROOF. I will send you a SCHUILING RUPTURE LOCK if you wish and let you

### Test It at Our Risk

Our Trial Offer plan enables you to put on a SCHUILING RUPTURE LOCK and run, jump, pull, tug, twist, squirm, strain, cough, sneeze and do anything else you like to prove to yourself that IT HOLDS and holds COMFORTABLY under ALL conditions. Once one of these Locks is adjusted to fit you, we are willing for you to give it the severest test that you or anybody else can think of. Write today for our book and particulars of trial offer Free.

### The Schuiling Rupture Lock

Is a very different kind of support. It conforms perfectly with the shape of the body. It has no steel springs, no rubber or elastic bands, no plasters or leg straps. Yet, when once adjusted to your needs you simply CANNOT displace it by any action of the body. You can put it on or take it off as easy as snapping your finger. This wonderful rupture support will really LOCK your rupture so it CAN'T come down.

It holds the rupture with wonderful firmness, yet with all the comfort that could be obtained by gentle pressure of the hand.

If you wear a properly fitted SCHUILING RUPTURE LOCK your rupture can't come down; bear that in mind—your rupture CAN'T come down no matter what position you get into. Think of it, a rupture support that holds your rupture so it CAN'T come down and at the same time holds with REAL COMFORT.

Isn't such a rupture support worth spending a penny or two to find out about? Isn't it worth INVESTIGATING? Doesn't your own good judgment tell you as you read these lines that there MUST be something remarkable about a rupture support that will do this?

Fill out the following coupon and send it to me right to-day—right off, right now, while you are thinking of it and have address before you. Or write a postcard or letter if you prefer, but write it and send it AT ONCE.

**Your Name Here May Mean Your CURE** **Send This Now**

## Removed at Home Without Operation or Danger

This simple, safe home treatment removes Goitre without inconvenience or danger. Hundreds of difficult cases that would not yield to any other treatment have reported **immediate results.**

Mrs. W. A. Pease, Creston, B. C., writes: "A friend in Alberta got your treatment, and was entirely cured. I concluded to try the same, and after using the treatment my Goitre disappeared entirely." Another convincing letter is that from Mrs. H. Rebecca Thompson, Linville Depot, Va., who says: "There is no sign of Goitre on my neck now, and I took only one treatment." And this one from Mrs. C. W. Hohn of North Jackson, O.: "My Goitre is cured, neck normal and am feeling fine. I improved before taking medicine a week." Mrs. Martha Jensen, Atlantic, Ia., writes: "My neck is normal in size, and there is absolutely no sign of Goitre or any growth now."

Quickly stops choking and other disagreeable symptoms. Does not interfere with work. You may try one **\$2.50 Treatment** of my remarkable discovery **FREE** at my expense. Convince yourself without pay or obligation. Just send above coupon. **MAIL IT TODAY.**

# More Vital Energy for You

**MAGNETIC SHIELDS** fill the system with **MAGNETIC FORCE**, which does what all the medicine on earth cannot do. It gives life, energy and tone to the blood and nerves, **MAKING THE BLOOD CIRCULATE VIGOROUSLY**, overcoming congestion, soreness and pain.

## WE PROVE IT TO YOU POSITIVELY

Not in one case, or a dozen cases, but in multitudes of cases, where people say they have been cured of Paralysis, Rheumatism, Lung Trouble, Kidney, Liver, Stomach and Bowel Trouble, Nervousness and most every other form of disease after medicine failed. Our **MAGNETIC ABDOMINAL AND KIDNEY VITALIZER** for ladies and gentlemen, here illustrated, is only one of the many shields we make. **It is a wonderful invention**, scientifically constructed and floods the system with magnetism, supplying **Life, Strength and Vigor** to the **Back, Kidneys, Stomach, Liver, Bowels and Bladder**, giving that buoyancy, tone and renewed vitality to the system that Magnetic force alone can supply.

**JUST WHAT YOUR WEAK SYSTEM NEEDS.**

## READ THE FOLLOWING INDISPUTABLE EVIDENCE

from those who have worn Magnetic Shields and been cured. Send for more evidence, as we have hundreds of grateful letters showing the wonderful power of magnetism in restoring lost vitality.

"I put the belt on and in one night the pain had left my back."—C. E. Murden, Wilmington, Del. "My once more being able to walk is an astonishment to my friends and neighbors."—C. D. Smith, Rome, N. Y. "I cannot describe the sensation I felt in less than three hours. From that time I began to improve. I have never had any trouble with a cough since."—Mrs. A. R. Kinne, Johnstown, N. Y. "I had catarrh of stomach fifteen years; to-day I am as well and sound as ever."—J. V. Keck, Pottstown, Pa. "Two eminent physicians from Chicago in consultation with my home doctor all agreed it was a hopeless case of Bright's disease. Dr. Thacher, after an examination, fitted me with their shields, and told me to go home to my work, which I did. I haven't lost a day since or been troubled with my kidneys."—J. G. Black, Thornton, Ill.

Write to-day for full information and free book, "**PLAIN ROAD TO HEALTH.**" by F. J. Thacher, M. D. Describe your case fully, we advise you free how to apply **MAGNETISM** for treating any form of weakness or disease and restoring lost vitality to the nerves.

# WATER LILIES

These beautifully shaded Zanzibar Water Lilies can be readily grown from seed, and are a perfect delight to all. Plant seeds in a shallow dish of water, partly filled with soil, and place in a warm, sunny window. Transplant to tubs or barrels in the open air after trees are well out in leaf. Packet of seed, both colors, 10 cents.

# TOBACCO HABIT

## Easily Conquered in 3 Days

Picture No. 1—Shows how tobacco has nearly wrecked a man's career. He has become nervous, dyspeptic and irritable; he cannot sleep well, has lost his energy and ambition. No. 2—The doctor says: "I'm giving you this medicine but it will do very little good, unless you stop killing yourself with tobacco." No. 3—Still a slave; another collapse. No. 4—Wife reads advertisement of Mr. Woods. No. 5—Writes for Woods' FREE BOOK. No. 6—Being convinced by multitude of proofs, he has ordered remedy which is in box postman is now delivering. No. 7—Has begun to overcome tobacco craving. Already is feeling much better; vigor and ambition returning. No. 8—Surprising improvement; all craving gone, filled with new courage and backed by good health. No. 9—Beginning anew. No. 10—Succeeding in business. No. 11—No trouble to resist temptation of tobacco in any form. No. 12—By clear headedness, good health and energy, he has now become prosperous.

Would You Like to Quit Tobacco Quickly and Easily and Enjoy Yourself a Thousand Times Better While in Robust Health?

### STOP RUINING YOUR LIFE

Why continue to commit slow suicide when you can live a really contented life, if you only get your body and nerves right? It is unsafe and torturing to attempt to rid oneself of tobacco by suddenly stopping with "will-power"—don't do it. The correct way is to eliminate nicotine poison from the system, and

genuinely overcome the craving.

Tobacco is poisonous and seriously injures health in several ways, causing such disorders as nervous dyspepsia, sleeplessness, gas belching, gnawing, or other uncomfortable sensation in stomach; constipation, headache, weak eyes, loss of vigor, red spots on skin, throat irritation, catarrh, asthma, bronchitis, heart failure, melancholy, lung trouble, impure (poisoned) blood, heartburn, torpid liver, loss of appetite, bad teeth, foul breath, lassitude, lack of ambition, weakening and falling out of hair and many other disorders.

Overcome that peculiar nervousness and craving for cigarettes, cigars, pipe, chewing tobacco, or snuff.

Here is an opportunity to receive FREE a carefully compiled treatise on the subject, containing interesting and valuable information that you should be glad to learn about. This book tells all about the renowned **THREE DAYS' METHOD** by which thousands and thousands saved themselves from the life-wrecking tobacco habit. Full particulars, including the book on tobacco and snuff habit, will be mailed FREE TO YOU, in plain wrapper, postpaid. All you need do is merely REQUEST IT. A postcard will do. Address:

# FREE

**EDWARD J. WOODS,**  
657 M, Station E, New York, N. Y.

**NOTE**—To those who are injuring their health, making themselves nervous, dyspeptic, etc., by excessive use of cigarettes, cigars, pipe, snuff or chewing tobacco, here is your opportunity to become your own master quickly and easily.

# MAKE YOUR OWN LIQUOR

Just send your name and address. We are expert distillers, and we will show you how to make your own Whiskies, Liquors, and Cordials in the privacy of your own home and **save over 50 per cent.** of the Liquor Dealers' prices with "Zanol" Concentrated Extracts. It's very simple and easy. A few minutes does the work. No distilling, no boiling, no trouble. "Zanol" is a pure concentration of the same ingredients as is used by all liquor dealers.

## LET US SHOW YOU HOW.

Save the Liquor Dealer's heavy expenses, high licenses and enormous profits, as thousands of others are doing. Any one can now have a pure, healthful, stimulating glass of any Whiskey, Liquor or Cordial, whenever and wherever they want it. Dry or wet, makes no difference.

### STRICTLY LEGAL AND LEGITIMATE.

No license required. Investigated by the highest authorities, Complies with U. S. Government regulations and laws. Guaranteed by us under the U. S. Pure Food Laws. Thousands now making their own liquors at home by the "Zanol Method."

**WHAT OTHERS SAY:** "Never drank finer whiskies in my life," writes P. H. Hawley, Colorado. "Could not get better for three times the money," A. Kumm, Minnesota. "Certainly is a cheap way of making," E. C. Doobs, Georgia. "Has cured my stomach trouble," C. L. Tudor, California. "Best I ever tried," T. S. Turner, Alabama. "Best Whiskey in the world," L. W. Wooden, Massachusetts. "Has a splendid, soothing, exhilarating taste," G. L. Wickham, Thousands of other satisfied customers.

**FREE BOOKLET.**—Send no money. Just send Postal with your name and address to day. We will send you our Free Booklet, "Secrets of Making Liquors at Home."

**UNIVERSAL IMPORT CO., Dept. 1729 CINCINNATI, O.**

**STRENGTH and MUSCLE CONSERVER for MEN and YOUTHS.** In Athletics, the most important parts of the body to protect against strains are the Abdominal Walls and Muscles. Also the cords and veins that extend below the Abdomen. The right support is necessary to prevent Rupture, Varicocele, &c.

Avoid all ill-shaped or colored Supports—makeshifts do more harm than good.

**SCHNOTER'S ATHLETIC STRAPS** are universally used by people in general. For Horsemen, Racquet and Tennis Players, Golfers, Automobilists, Aviators, &c. Ask your dealer for the genuine "SCHNOTER'S".

# Don't Wear A Truss!

After Thirty Years' Experience I Have  
Produced an Appliance for Men,  
Women or Children That  
Cures Rupture.

**I SEND IT ON TRIAL.**

If you have tried most everything else, come to me. Where others fail is where I have my greatest success. Send attached coupon to-day and I

The above is C. E. Brooks, Inventor of the Appliance, who cured himself and who is now giving others the benefit of his experience. If ruptured, write him to-day, at Marshall, Mich.

will send you free my illustrated book on Rupture and its cure, showing my Appliance and giving you prices and names of many people who have tried it and were cured. It gives instant relief when all others fail. Remember, I use no salves, no harness, no lies.

I send on trial to prove what I say is true. You are the judge, and once having seen my illustrated book and read it you will be as enthusiastic as my hundreds of patients whose letters you can also read. Fill out free coupon below and mail to-day. It's well worth your time whether you try my Appliance or not.

## FREE INFORMATION COUPON

**Mr. C. E. Brooks,**  
1402 G. State St., Marshall, Mich.

Please send me by mail, in plain wrapper, your illustrated book and full information about your Appliance for the cure of rupture.

Name.....  
Address.....  
City..... State.....

# Stop Using a Truss

Yes, STOP IT, I say! You KNOW by your own experience that it is only a make-shift—a false prop against a collapsing wall and that it is undermining your health. Why, then, continue to wear it? Let me point out a better way.

## FREE TO THE RUPTURED

I want to send to every RUPTURED SUFFERER, absolutely FREE TRIAL OF PLAPAO and my interesting, instructive 48-page book on Rupture—explains what rupture is and why trusses and similar MERE MECHANICAL supports cannot be relied upon.

The PLAPAO-PADS are nature's way. This simple, inexpensive home treatment gives quick relief, strengthens weakened muscles. Does away with steel and rubber bands that chafe and pinch. Close the hernial opening as nature intended so the rupture CAN'T come down. Hundreds have testified under oath that the PLAPAO-PADS positively and permanently cured their rupture—some of them most aggravated cases and of long standing. Awarded Gold Medal and Grand Prix.

## Softas Velvet—Easy to Apply—Inexpensive

There is no metal about the PLAPAO-PADS—no straps, buckles or springs attached—soft as velvet. Easy to wear. No delay from work. Easy to apply and require no readjusting. Process of recovery is natural, so afterward no use for trusses. Ask me to prove what I say by sending Trial PLAPAO and a most convincing mass of evidence FREE—no charge for it, now or ever—nothing to be returned. Don't wait. Write today—NOW.

**Plapao Laboratories, Inc.**

BLOCK 1737, ST. LOUIS, MO.

## MAN'S HEALTH FORTIFIED

By living a healthful, active life and assisting nature in obviating the strains due to severe physical exercises and with the assistance of a celebrated "SCHNOTER'S" Army and Navy Suspensory, which will give and keep you in better bodily vigor than all the patent medicines that were ever introduced to the public. Ask your physician about this.

Remember these words:

"A walk of a mile in the open air will save you more than your nickel fare. For in God's out-doors the air is good. It will clear your brain and redden your blood. And bring you more vigor and health by far Than you can possibly get in any old car."

The Genuine Schnoter's Suspensories are retailed at all Druggists'. Send for descriptive booklet. By the Pioneers in Suspensory making.

**J. C. SCHNOTER CO., Suspensories,**

See pages 870-886-888 Established 1870. Tel. Conn. New York, N. Y., U.S.A.

## THE FAILURE OF "606"

Are you one of those who used "606" and found it a failure? Have you been to Hot Springs and returned uncured? Have you taken the Mercury and Potash treatment and obtained only temporary relief? Have you suffered from Blood Poison, Rheumatism, Chronic Constipation, Eczema, Catarrh, Malaria, Liver or Stomach Trouble, Enlarged Glands in Neck or Groin, or Scrofula without being benefited by any treatment? If so, write for our 100-page book FREE, showing how to obtain a permanent and positive cure.

All correspondence confidential.

**THE C. E. GALLAGHER MEDICINE COMPANY**  
ROOM 62, 1622 PINE STREET - - - ST. LOUIS, MO.

# I Guarantee to Cure ECZEMA

## TO STAY CURED!

It is also called **SALT RHEUM, SCALD HEAD, TETTER, ITCH, WEEPING SKIN, MILK CRUST, PRURITUS**—these are different names, but all mean one thing—**ECZEMA**

**DR. J. E. CANNADAY, THE DOCTOR WHO TREATS NOTHING BUT ECZEMA.**

I prove every word that I have said—I give to every sufferer

## A FREE TRIAL

Just to show you that you need my treatment. It is yours for the asking. If you have been to other doctors, if you have taken patent medicine and used lotions and salves till you are disgusted, write to me—I will send you **ABSOLUTELY FREE OF CHARGE, A TRIAL TREATMENT.** There are no strings to this statement. There is not one cent to pay—not a penny accepted. I know what my trial treatment will do; I know that it will convince you more than anything else on earth that you need my treatment.

### Don't Miss This Chance for a Cure

If you are **SUFFERING FROM ECZEMA** you can only be cured one way—**REMOVE THE CAUSE.** What is the cause? **ACID IN THE BLOOD.** How do you remove it? By cleansing the blood of the **ACID.**

My treatment is soothing—relieves the dreadful itching at once and cures the disease quickly. You don't have to take treatment for months and months. **ONLY ONE CASE IN TEN** needs the second treatment—**ONE IN FIFTY** needs the third—Think of that!

### What Eczema Is

Eczema is a disease of the blood and affects all parts of the body—the face, lips, ears, hands, feet, genital organ, etc. **SYMPTOMS.**—Yellowish red eruption; the pimples or patches may swell and the itching is so great the person will scratch the top off; then they bleed and dark scales form; there is an oozing of matter. In some the skin cracks and bleeds. Itching is terrible; a person suffering will scratch till they bleed. Scales form on parts of the body where the clothing comes in contact.

### Ten Years' Guarantee

I positively Guarantee that every case cured by me will stay cured **10 YEARS!** **IT MUST BE GOOD** or it could not be sold this way.

### Strong as Rock of Gibraltar

I am a graduate from two leading medical schools. I am the holder of a **GOLD MEDAL** taken in Competitive Examination. Does this not show that I am fully qualified? I will send you my book, showing endorsements of business men of all classes. Also testimonials and pictures from cured patients everywhere. Some of them may be **YOUR NEIGHBORS.**

### MY BOOK

Is the most complete book ever sent out. It explains every form of the disease plainly and fully. I show pictures of many severe cases, which are extremely interesting. I send you names of thousands who have been cured and are grateful.

**DR. J. E. CANNADAY**

1185 Park Square  
Sedalia, Mo.

## Reliable Beyond Question

*This is a statement from the bank of my home town, where I have done business for years:*

**THIRD NATIONAL BANK**  
INCORPORATED IN MISSOURI  
CAPITAL STOCK \$100,000 SURPLUS & PROFITS \$48,000  
Sedalia Mo Jan.-1-1910.

### TO WHOM IT MAY CONCERN:

Dr. Cannaday, of our city is a physician, making a specialty of **ECZEMA.**

We have handled his business exclusively for one year and eighty four days. His patients deposit their money with us, in their **OWN NAME**, to be paid to the doctor, if his treatment is satisfactory. If we remember correctly, we have been called upon by only FOUR of his patients for their money, and it seemed then, that the fault was more with the Express Companies than with the treatment failing.

Considering the number of cases he treats, we regard his success as remarkable. We consider him perfectly reliable, and assure those placing their money with us a fair, square, business deal.

Yours truly,

# Relief for Catarrh Sufferers Now FREE

You Can Now Treat This Trouble in Your Own Home and Get Relief at Once.

## How the Remedy for Catarrh Was Discovered

By the new method the nose and throat are treated by an effective local remedy applied directly to the afflicted membranes.

**T**HIS terrible disease has raged unchecked for years simply because symptoms have been treated while the cause of the trouble has been left to circulate in the blood and bring the disease back as fast as local treatments could relieve it.

C. E. Gauss, who experimented for years on a treatment for Catarrh, found that after perfecting a balm that relieved the nose and throat troubles quickly he could not prevent the trouble beginning all over again.

On test cases he could completely remove all signs of Catarrh from nose and throat, but in a few weeks they were back.

The Elixir, taken into the stomach, has a direct influence upon the mucous membranes of the body and cures the disease by removing the cause.

Careful experiments and investigations have shown that as the troubles were expelled from the nose and throat the real cause of the disease was overlooked, and in a short time the Catarrh would return stronger than ever. Mr. Gauss has gone way ahead of the ordinary methods of treatment and has provided a remedy that

## Removes the Cause

*and Immediately Gives Relief to the Nose and Throat*

Reese Jones, of Scranton, Penn., says that after trying many other treatments, he used this new method and—"My nose is now entirely clear and free and I am not bothered by the disease any more. The New Combined Treatment is worth its weight in gold."

Temporary relief from catarrh may be obtained in other ways, but the New Combined Treatment must inevitably be accepted for permanent results.

Sarah J. Cape, Mount Pella, Tenn., says: "I suffered the pains and distress of catarrh for thirteen years and, needless to state, tried nearly every method. But by your new method I was completely cured, and you cannot imagine the joy that has come over me."

## Trial Treatment FREE

This new method is so important to the welfare of humanity, so vital to every person suffering from any form of catarrh, that the opportunity to actually test it and prove its results will be gladly extended without one cent of cost.

A large trial treatment, with complete, minute directions, will be sent free to any catarrh sufferer.

Send no money, take no risks, make no promises. Simply clip, sign and mail the coupon and the test package of the New Combined Treatment will be sent, fully prepaid, together with the valuable book on Catarrh.

## Goes to the Root of

Stopped-up noses

# Tobacco Habit BANISHED in 48 to 72 Hours

## Immediate Results

Trying to quit the tobacco habit unaided is a losing fight against heavy odds, and means a serious shock to your nervous system. So don't try it! Make the tobacco habit quit you. It will quit you if you will just take Tobacco Redeemer according to directions.

It doesn't make a particle of difference whether you have been a user of tobacco for a single month or for 50 years, or how much you use, or in what form you use it. Whether you smoke cigars, cigarettes, pipe, chew plug

or fine cut or use snuff Tobacco Redeemer will positively remove all craving for tobacco in any form in from 48 to 72 hours. Your tobacco craving will begin to decrease after the very first dose—there's no waiting for results.

Tobacco Redeemer is absolutely harmless and contains no habit-forming drugs of any kind—the most marvelously quick, thoroughly reliable remedy for the tobacco habit the world has ever known.

## Not a Substitute

Tobacco Redeemer is in no sense a substitute for tobacco, but is a radical, efficient treatment. After finishing the treatment you have absolutely no desire to use tobacco again or to continue the use of the remedy. It quiets the nerves, and will make you feel better in every way. If you really want to quit the tobacco habit—get rid of it so completely that when you see others using it, it will not awaken the slightest desire in you—you should at once begin a course of Tobacco Redeemer treatment for the habit.

## Results Absolutely Guaranteed

A single trial will convince the most skeptical. Our legal, binding, money-back guarantee goes with each full treatment. If Tobacco Redeemer fails to banish the tobacco habit

when taken according to the plain and easy directions, your money will be cheerfully refunded upon demand.

### Let Us Send You Convincing Proof

If you're a slave of the tobacco habit and want to find a sure, quick way of quitting "for keeps" you owe it to yourself and your family to mail the coupon below or send your name and address on a postal and receive our free booklet on the deadly effect of tobacco on the human system, and positive proof that Tobacco Redeemer will quickly free you from the habit.

### MAIL COUPON FOR CONVINCING PROOF

Newell Pharmacal Co., Dept. 535 St. Louis, Mo.
